AGREEMENT CONCERNING RETIREMENT PLAN

**AGREEMENT
CONCERNING RETIREMENT PLAN AND
RETIREMENT PLAN**

On this **3rd** day of **November, 2007**, at Dearborn, Michigan, Ford Motor Company, a Delaware corporation, hereinafter designated as the Company, and the International Union, United Automobile, Aerospace and Agricultural Implement Workers of America, UAW, an unincorporated voluntary association, hereinafter designated as the Union, hereby enter into an Agreement Concerning Retirement Plan and agree that the Retirement Plan established by agreement between the parties, as heretofore amended, shall be further amended as set forth herein, both effective upon receipt of a ruling from the Director of Internal Revenue approving the Plan as amended and the trusts established in connection therewith, all as provided in Section 2 of such Agreement Concerning Retirement Plan, and upon receipt of any ERISA approvals and rulings, and upon receipt by the Company from the Union on or before expiration of the time for ratification specified in the **2007** Settlement Agreement of written notice that this Agreement Concerning Retirement Plan, the Skilled Trades Supplemental Agreement, the Collective Bargaining Agreement, Agreement Concerning Guaranteed Income Stream Benefit Program, the Agreement Concerning Supplemental Unemployment Benefit Plan, Agreement Concerning Ford Motor Company Profit Sharing Plan for Hourly Employees in the United States and Agreement Concerning Tax-Efficient Savings Plan for Hourly Employees, being entered into between the parties on **November 3, 2007** have been ratified by the Union, following which the provisions of this Agreement Concerning Retirement Plan shall become effective as specified herein.

As used herein:

- (a) "Agreement," unless specified otherwise in the context, means the Agreement Concerning Retirement Plan set forth in Part A.
- (b) "Plan" means the Retirement Plan established by agreement between the Company and the Union, as set forth in Part B.

PART A

AGREEMENT CONCERNING RETIREMENT PLAN

Section 1. Introduction

This Agreement and the Plan have been negotiated and are agreed to in behalf of the parties by their respective committees.

Section 2. Tax and ERISA Approvals

The obligation to maintain the Plan as herein provided is subject to the requirement that **continued** approval of such Plan and each trust to be established in connection therewith by the Director of Internal Revenue as a qualified plan and trust (i) qualifying for exemption from taxation under Sections 501(a) and 401(a) of the Internal Revenue Code or any other applicable Section of the Federal tax laws (as such Sections are now in effect or are hereafter amended or adopted) and (ii) entitling the Company to deduction for contributions under Section 404 of the Internal Revenue Code or any other applicable Section of the Federal tax laws (as such Sections are now in effect or hereafter amended or adopted).

In accordance with applicable Internal Revenue Service revenue procedures, the Company shall submit the Plan and the trust agreements **as** executed for the purpose of obtaining such approval.

In the event that any revision in the Plan is necessary to obtain or maintain such approval or to obtain or maintain any approval of the Plan under the Employee Retirement Income Security Act of 1974, as amended (ERISA), the Board of Administration provided for in the Plan (which shall have such authority even though the approval referred to above shall not have been obtained), but only upon consent of the Company and the Union, is authorized to make or consent to such necessary revisions, adhering as closely as possible to the intent of the Company and the Union as expressed in this Agreement and in the Plan.

Section 3. Involuntary Retirement

The Company at its sole discretion may retire any employee at age 65 or older by reason of the employee's inability to perform efficiently work assigned to him/her. The provisions of this Section 3 shall not apply to any employee who attained age 65 on or after June 1, 1992.

Section 4. Effects of Retirement on Seniority

The seniority of any employee retiring under the Plan shall be deemed to have been broken for the purposes of applying any collective bargaining agreement now or hereafter in effect between the parties, except to the extent that the seniority of an employee retired for total and permanent disability shall be preserved upon the cessation of such retirement by the provisions of any such agreement relating to leaves of absence due to disability.

If an employee on either normal or early retirement shall be re-employed by the Company, he shall be considered, during such period of re-employment, as an employee at will without seniority rights for any purpose of tenure or retention of, or advancement in, employment or any particular job; but shall be treated on the basis of the seniority he had at the time of retirement for purposes of applying the eligibility rules applicable to paid holidays and paid vacations; it being understood that while working in the Bargaining Unit covered by any such collective bargaining agreement he shall be considered an employee covered by the contract except in the respects indicated above.

Section 5. Company Contributions

- (a) (i) For the period commencing January 1, 1980 and thereafter during the term of this Agreement, the Company shall make contributions to the Pension Fund which, together with its contributions heretofore made, shall be sufficient to fund (A) and (B) below, based upon estimates made

SECTION 5 AGREEMENT CONCERNING RETIREMENT PLAN

by a qualified actuary¹ for each Plan year starting January 1, 1980 and ending with the termination of this Agreement: (A) the normal cost² of the Plan (excluding the cost of benefits under Article VI of the Plan³) and (B) the respective unfunded lump sum past service costs of the Plan (excluding the cost of benefits under Article VI of the Plan) for such period on the basis of a method of funding, approved by a qualified actuary, according to the following schedule:

- (1) December 31, 2009 with respect to the portion of such unfunded lump sum past service cost⁴ attributable to the benefit structure in effect prior to January 1, 1980,
- (2) thirty years after the end of the Plan year in which a revision of the benefit structure established by amendments to the Plan effective on or after January 1, 1980 becomes effective with respect to the portion of such lump sum past service cost attributable to such revision.

¹ Wherever used in this Section, "qualified actuary" means an independent actuary selected by the Company who is a Fellow or Associate of the Society of Actuaries, as those terms are used or defined by that Society and is enrolled with the Joint Board for Enrollment of Actuaries.

² "Normal cost" means an amount computed by a qualified actuary to fund the cost attributable to service after March 1, 1950, on the basis of the benefit structure in effect when such service was or is rendered.

³ As used in this Section, "benefits under Article VI of the Plan" refers only to the Supplemental Allowance provided under Article VI of the Plan prior to October 1, 1973 and to the early retirement supplement and the interim supplement provided under Article VI of the Plan on or after October 1, 1973.

⁴ "Lump sum past service cost" with respect to the original benefit structure of the Plan (which cost was not changed by the revision in the benefit structure effective October 1, 1950) means an amount computed by a qualified actuary which would fund the cost attributable to service before March 1, 1950 (referred to in the Plan as "past service") if paid in a lump sum on March 1, 1950; and with respect to each subsequent revision in the benefit structure of the Plan which shall affect the cost substantially means an amount computed by a qualified actuary which would fund the cost of such revision attributable to service before the effective date thereof (whether "past" or "future" service within the meaning of Article III of the Plan) if paid in a lump sum on such effective date.

SECTION 5 AGREEMENT CONCERNING RETIREMENT PLAN

- (ii) For the period commencing September 1, 1965 through the date of termination of this Agreement, the Company shall make contributions to the Pension Fund to fund the cost of benefits under Article VI of the Plan on any basis from time to time approved by a qualified actuary; provided that the total of such contributions available in any calendar year shall be at least equal to total payments of benefits under Article VI of the Plan in such year.
- (iii) The “past service effective date” for the original lump sum past service cost of the Plan shall be March 1, 1950. The effective date of each revision in the benefit structure of the Plan (except benefits under Article VI of the Plan) which shall affect the cost substantially shall be the “past service effective date” for the additional lump sum past service cost attributable to such benefit revision, except that commencing on or after November 19, 1973, the “past service effective date” of each such revision in the benefit structure (including benefits under Article VI of the Plan) shall be the date on which benefits under such revised benefit structure first become payable.
- (iv) Nothing herein shall be deemed to prevent the Company from making contributions towards the lump sum past service cost greater than those required under this Section (or required under the basis of funding being used to fund the cost of benefits under Article VI of the Plan), nor shall a greater contribution in any year be construed to reduce the maximum funding period established as provided above.

All of the foregoing is subject to the understanding that (i) the Company shall be required to make in any year no contribution in an amount which is greater than the amount which is deductible for tax purposes in that year, and (ii) except as required by ERISA on and after January 1, 1980, the Company shall not be obligated to make additional payments to the Fund to

make up deficiencies in any year arising from depreciation in the value of the securities in the Fund resulting from abnormal conditions.

The Company may elect to defer payment of its contributions for any year after 1981 to a date not later than the date on which such contributions are permitted by law to be paid for purposes of crediting such contributions to such year under the minimum funding standards of ERISA.

(v) For the period commencing January 1, 2008 and thereafter, during the term of this Agreement, the Company shall make contributions to the Fund in accordance with, and required by, the Pension Protection Act of 2006, as amended.

- (b) The Company will cause the Union to be furnished annually with a statement, certified by a qualified actuary, that the amount of the assets in the Pension Fund is not less than the amount then required by Subsection (a) of this Section to be in such Fund. That amount shall be computed by a qualified actuary on the basis of the normal cost and the respective lump sum past service costs of the Plan, disregarding benefits under Article VI of the Plan, and then in use for funding purposes, and, with respect to the cost of benefits under Article VI of the Plan on the basis being used for funding such benefits.

Section 6. Obligations During Term of Agreement

During the term of this Agreement, neither party shall demand any change in, deletion from, or addition to, this Agreement or in the Plan (except as otherwise provided in Section 2, above), nor shall either party be required to bargain with respect to any provision or interpretation of this Agreement or the Plan, or any modification thereof, deletion therefrom or addition or supplement thereto, or with respect to any retirement benefit, Supplemental Allowance or Special Age 65 Benefit or retirement arrangements or plan, nor shall a change in, deletion

SECTION 7 AGREEMENT CONCERNING RETIREMENT PLAN

from or addition to this Agreement or the Plan be an objective of or be stated as reason or cause for any strike, slowdown, work stoppage, sitdown, stay-in, curtailment of work or interference with production, lock-out, picketing or other exercise of economic force or threat thereof by the Union or the Company.

Section 7. Term of Agreement; Notice to Modify or Terminate

This Agreement and the Plan shall continue in effect until **September 14, 2011**. They shall be renewed automatically for successive one-year periods thereafter unless either party shall give written notice to the other at least sixty (60) days prior to **September 14, 2011** (or any subsequent anniversary date) of its desire to amend or modify this Agreement and the Plan as of one of the dates specified in this Section (it being understood, however, that the foregoing provision for automatic one-year renewal periods shall not be construed as an endorsement by either party of the proposition that one year is a suitable term for a retirement plan agreement). If such notice is given, this Agreement and the Plan shall be open to modification or amendment on **September 14, 2011** or the subsequent anniversary date, as the case may be.

If either party shall desire to terminate this Agreement, it may do so on **September 14, 2011**, or any subsequent anniversary date by giving written notice to the other party at least sixty (60) days prior to the date involved. Anything herein which might be construed to the contrary notwithstanding, however, it is understood that termination of this Agreement shall not have the effect of automatically terminating the Plan.

Any notice under this Section shall be in writing and shall be sufficient if sent by mail addressed, if to the Union, to International Union, UAW, 8000 E. Jefferson Avenue, Detroit, Michigan 48214, or to such other address as the Union shall furnish to the Company, in writing; and, if to the Company, to Ford Motor Company, Dearborn, Michigan 48121-1899, or to such other address as the Company shall furnish to the Union, in writing.

AGREEMENT CONCERNING RETIREMENT PLAN

IN WITNESS WHEREOF, the parties hereto have duly executed this Agreement as of the date first above written.

ARTICLE III

He also shall be credited with his past service if (i) he was in employment on March 1, 1950, or (ii) not having been in employment on March 1, 1950, he subsequently was reinstated in employment without having incurred a break in his seniority, or (iii) not having been in employment on March 1, 1950, and having incurred a break in seniority before that date, he was rehired and acquired a seniority date after March 1, 1950 which date was within 24 consecutive calendar months following his last day of work preceding the date on which he incurred such break in seniority, or (iv) not having been in employment on or after March 1, 1950 he has been absent from employment on Company-approved sick leave and otherwise is eligible to retire under the provisions of Article IV, Section 4(ii) of the Plan, or (v) not having been in employment on March 1, 1950, he had active service prior to that date, or (vi) he is entitled to credit for past service following a transfer from employment covered by another plan under the provisions of Section 4 of this Article. Until retirement takes place, the credits described in this Article are referred to as "creditable service." The provisions of clause (iii) and (iv) of this Subsection (a) shall be applicable only to employees who have

seniority on or after October 25, 1967, and who shall make application for such past service credit. The provisions of clause (v) of this Subsection (a) shall be applicable only to employees who have seniority on or after December 21, 1970, and who shall make application for such past service credit.

- (b) No future or past service shall be credited with respect to any period of employment preceding a break in his seniority which occurred subsequent to March 1, 1950; provided, however, that (i) an employee meeting the age and service conditions for a deferred vested pension benefit under Article IV, Section 6 of the Plan at the time he incurred or incurs a break in his seniority on or after June 1, 1955 shall, in lieu of benefits under Article IV, Section 6, have such future and past service as would have been used in the computation of such deferred vested pension benefit credited to him upon his again acquiring seniority (or his being rehired on or after September 1, 1964, at the plant where he worked immediately prior to the break in seniority) prior to the commencement of benefits, provided, however, that such an employee shall have all future and past service that was creditable to him at the time of such break in seniority credited to him upon:
- (A) his again acquiring seniority after such break but prior to commencement of benefits (or upon his rehire on or after September 1, 1964, at the plant where he worked immediately prior to the break in seniority), in the case of an employee who had seniority on or after October 25, 1967 or (B) his death (on or after October 1, 1979) after re-employment but before he shall again acquire seniority, and provided further that if such an employee (A) is re-employed by, and works for, the Company on or after December 21, 1970 and within 36 months of the date he shall have incurred or shall incur such break in seniority, and (B) becomes disabled while employed by the Company prior to again acquiring seniority and such disability is continuous for a period of 6 months (5 months for an employee who

is re-employed by, and works for, the Company on or after October 1, 1979) during which he makes proper application to the Board and is found by the Board to be totally and permanently disabled as set forth in Article IV, Section 3 of the Plan, he shall be deemed eligible for a disability retirement benefit under Article V, Section 3 of the Plan, based on the past and future service creditable to him as though he had been an employee with seniority throughout such disability period; and (ii) a person who is an employee and who has incurred a break in his seniority which occurred subsequent to March 1, 1950 shall have the future and past service that was creditable to him at the time he incurred such break in seniority credited to him upon again acquiring a seniority date prior to commencing to receive benefits under the Plan, except that if such an employee does not have seniority on or after December 21, 1970, he must have acquired a seniority date which was within thirty-six (36) consecutive months following the date on which he incurred such break in his seniority. For the purpose of the Plan, an employee's seniority shall be considered broken when it is broken within the meaning of the Collective Bargaining Agreement dated September 28, 1949, or of the Collective Bargaining Agreement in effect when such break shall occur. The provisions of clause (ii) of the first sentence of this Subsection (b) shall not be applicable to any employee who shall have retired prior to September 1, 1964.

Section 2. Past Service

Past service shall be computed to the nearest quarter year and shall be credited at the rate of

- (iii) one year for each year, if any, by which the employee's total years of accumulated active service prior to June 20, 1941, exceed by more than five years his total seniority for such period prior to June 20, 1941 (including any hypothetical seniority computed under (ii), above), it being understood that this credit is applicable only to an employee who, as of February 28, 1950, or as of his last day worked before that date if applicable under Subsection 1(a)(iii) of this Article, has seniority extending back before June 20, 1941, or has seniority extending back to his first hire date following June 20, 1941, plus
- (iv) one year for each year, if any, of (A) the employee's periods of seniority (including any periods of hypothetical seniority computed in the manner of (ii) above), as defined in the Collective Bargaining Agreement applicable to each such period, preceding the employee's seniority date as of February 28, 1950 or, if he did not have seniority as of that date, March 1, 1950, and (B) the employee's active service preceding the earliest of his first period of seniority, his seniority date as of February 28, 1950 or March 1, 1950 if he had no periods of seniority prior to that date, to the extent that such service under (A) and (B) above is not otherwise creditable under the provisions of this Section 2.

The provisions of clause (iv) of this Section 2 shall be applicable only to an employee who has seniority on or after December 21, 1970 and who shall make application for such past service credit.

Section 3. Future Service

- (a) Future service shall be credited to an employee at the following respective rates for each calendar year subsequent to February 28, 1950, and prior to January 1, 1958 or his attainment of age 68, whichever shall occur first:

For the period commencing March 1, 1950, and ending December 31, 1950, future service shall be credited on the basis of hours after February 28, 1950, for which the employee receives pay from the Company, in accordance with the following:

Less than 560	0 year

- (b) Future service shall be credited to an employee at the following respective rates for each calendar year subsequent to December 31, 1958, and for those retired prior to October 1, 1987 prior to the end of the month in which he attains age 68 or for those retired prior to September 1, 1964, prior to his attainment of age 68, except that an employee who

has seniority on or after October 1, 1979, who retired before October 1, 1987 and who has less than 10 years of creditable service as of the end of the month in which he attains age 68 may accumulate creditable service hereunder until the earlier of his attainment of age 70 or 10 years of creditable service:

- (i) one year for each calendar year in which the employee receives pay from the Company for 1700 or more hours; or
 - (ii) a proportionate credit to the nearest one-tenth of a year for each year in which the employee receives pay from the Company for less than 1700 hours.
- (c) For the calendar year 1958, future service shall be credited to an employee by a weighted average of the results of applying the provisions of Subsection (a) and the provisions of Subsection (b) with respect to the hours for which the employee receives pay from the Company, during said calendar year (without distinction as to the time of the year when such hours occurred). In such weighted average, the result obtained by applying the provisions of Subsection (a) to such hours will be accorded a weight of eight-twelfths and the result obtained by applying the provisions of Subsection (b) to such hours will be accorded a weight of four-twelfths. The credited service of employees retired prior to September 1, 1958 will not be recomputed in accordance with this Subsection (c).
- (d) In addition to the hours provided for above, an employee shall receive future service credit based on hours occurring (i) in periods during which he shall have been engaged on the business of, or working for, the Union Local at his plant while on approved leave of absence requested by such Local Union, (ii) in periods during which he shall have held a position on the Staff of the International Union while on approved leave of absence requested by the Union, and (iii) in periods during which he shall have held a full-time position as manager with a credit Union

which primarily serves Company employees and while on approved leave of absence requested by the credit Union provided that he shall have been on such approved leave of absence on or after October 1, 1984. The number of hours to be used under this paragraph shall be forty (40) hours per week during such leaves.

- (e) An employee who on or after March 1, 1950 was or is absent from employment because he left to enter into active service in the armed forces of the United States while on an approved leave of absence and who was or is reinstated with seniority credit under the Collective Bargaining Agreement for the period of such service shall be credited with forty (40) hours per week during such leave; provided, however, that (i) credited service based on such hours for employees entering such service after June 1, 1955 shall be limited to four (4) years, or such longer period during which he has reemployment rights pursuant to any Federal law, (ii) the employee is reemployed in accordance with the terms of such leave of absence, (iii) this paragraph shall not apply to an employee who retired or otherwise incurred a break in his seniority subsequent to such reemployment and prior to September 1, 1961 and (iv) clause (iii) above shall not apply to an employee who has seniority on or after December 21, 1970.
- (f) Commencing on or after March 1, 1950, an employee who shall be absent from work because of occupational injury or disease incurred in the course of such employee's employment with the Company and on account of such absence receives Workers' Compensation while on Company-approved leave of absence shall receive future service credit based on forty (40) hours per week during such absence; provided, that if such absence occurred during the period from March 1, 1950 to September 1, 1958 the employee must first make application in order to receive such future service credit; and provided further, that (i) no future service for the period from March 1, 1950 to September 1, 1958 shall be credited to an em-

ployee who does not have seniority on or after October 25, 1967, (ii) no employee shall receive service credit under this Section after retirement, and (iii) an employee, who retires on or after October 1, 1987 and would have received Workers' Compensation while on Company-approved medical leave of absence except that he is receiving benefits while disabled under the Insurance Program and such benefits completely offset his Workers' Compensation, shall be treated as though he received Workers' Compensation during the period of any such offset.

- (g) Commencing on and after October 25, 1967, an employee who has seniority on or after that date and who accrues in any calendar year thereafter less than the total number of hours necessary for a full year of future service credit under the provisions of Section 3(b) of this Article III shall receive future service credit (in addition to any other hours creditable under this Section 3) based on forty (40) hours per week for the period of any absence during such year due to layoff or Company-approved sick leave provided that (i) the employee shall have received pay during that year for at least 170 hours but for less than 1700 hours and (ii) if such layoff or sick leave commencing in 1970 or any calendar year thereafter shall continue after that year, the employee shall receive future service credit for periods of absence due to layoff or Company-approved sick leave in the second calendar year, not to exceed 1530 hours of credit for all such absence related to receipt of such pay from the Company in the first year (it being understood that this clause (ii) shall apply to an employee who shall receive pay for 1700 or more hours in 1970 or any calendar year thereafter if he is absent due to layoff or Company-approved sick leave at the end of any such calendar year). An employee who has seniority on or after October 1, 1979 who returns to work on or after that date and receives pay for a period of less than 170 hours and who thereafter returns to such layoff or sick leave,

shall not be disqualified, solely because of the receipt of such pay, from receiving any such credit for which he otherwise would be eligible under this Subsection. For the purposes of this Subsection only, an employee who has seniority on or after October 1, 1979 who is laid off subsequent to October 1, 1979 and whose first day of absence due to such layoff is the first regularly scheduled work day in the January next following his last day worked shall be deemed to have been laid off on December 31 of the year in which he last worked.

An employee who (i) is at work on or after March 1, 1982; (ii) has 10 or more years of seniority at time of layoff commencing on or after March 1, 1982; (iii) while on such layoff has received the maximum of 1530 hours of future service credit for periods of absence due to layoff or Company-approved sick leave in accordance with the preceding paragraph of this Subsection 3(g); and (iv) continues thereafter to be absent due to such layoff shall receive additional future service credit at the rate of forty (40) hours per week during such continuing absence due to such layoff up to a maximum of 1700 hours of credit.

In no event shall there be a duplication of future service credit by virtue of this Subsection.

- (h) An employee who (i) had at least five years of seniority as of January 1, 1971, and who was absent from work because of layoff during any calendar year after December 31, 1955 and before January 1, 1963 or (ii) has at least five years of seniority as of November 19, 1973, and who was absent from work because of layoff during any calendar year after December 31, 1950 and before January 1, 1956 or (iii) has at least five years of seniority as of October 1, 1979 and who was absent from work because of layoff during any calendar year after December 31, 1962 and before January 1, 1968 or (iv) has at least five years of seniority as of October 1, 1984 and who was absent from work because of layoff during any calendar year after December 31, 1978 and before January 1, 1984 or (v) has at least five years of

seniority as of October 1, 1993, and who was absent from work because of layoff during any calendar year after December 31, 1973 and before January 1, 1977 or (vi) has at least five years of seniority as of October 1, 1996, and who was absent from work because of layoff during any calendar year after December 31, 1983 and before January 1, 1986 or (vii) has at least five years of seniority as of October 1, 1999, and who was absent from work because of layoff during any calendar year after December 31, 1978, and before January 1, 1984, and provided that the service granted under this subsection (vii) shall not be less than the service granted in subsection (iv) previously for calendar year 1979 through 1983, or (viii) has at least five years of seniority as of October 1, 2003, and who was absent from work because of layoff during any calendar year after December 31, 1975, and before January 1, 1980, and provided that the service granted under this subsection (viii) shall not be less than the service granted in subsection (v) previously for calendar year 1974 through 1977, or (ix) has at least five years of seniority as of October 1, 2003, and who was absent from work because of layoff during any calendar year after December 31, 1985, and before January 1, 1990 shall be credited with 40 hours for each complete calendar week of such absence during which he/she had seniority multiplied by a percentage as set forth in the following table:

Section 4. Service Outside the Contract Unit

(a) An employee outside the Contract Unit who shall, after March 1, 1950, transfer into the Contract Unit, and who shall retire without a subsequent break in his seniority (subject to the provisions of Section 1(b) of this Article) shall be credited upon retirement with (i) his creditable service for the period following his transfer into the Contract Unit, plus (ii) such creditable service as he would have been entitled to for the period prior to such transfer had he remained in and retired while in employment outside the Contract Unit under a retirement plan of

the Company applicable to such employees, including him, with the effect that his retirement benefit under the Plan shall be computed as if the creditable service under both (i) and (ii), above, had been attributable to employment in the Contract Unit.

- (b) An employee who shall have seniority on or after October 1, 1979 and who before re-employment by the Company after March 1, 1950 shall have met the age and service requirements for a deferred vested pension benefit at the time of a prior break in service under another retirement plan of the Company, shall, upon his acquiring seniority in the Contract Unit, have credited to him under this Plan, in lieu of such deferred vested pension benefit, all creditable service that was creditable to him under the other retirement plan at the time of such prior break in service, provided that he shall make proper application therefore.

Any monthly benefits payable under this Plan to a retired employee who has received credited service under this Section 5 will be reduced by an amount equivalent to the total of any monthly benefits that could be payable to such retired employee under any retirement plan to which the foreign subsidiary has contributed, excluding, however, any such plan or any portion of any such plan providing retirement benefits purchased solely by voluntary employee contributions. Any survivor's benefits payable under this Plan to a survivor of such an employee shall be subject to similar reduction by monthly survivor's benefits payable under any plan to which the foreign subsidiary has contributed.

Section 6. Verification of Creditable Service

The Board shall establish a procedure for final verification as promptly as practicable following March 1, 1950, of the amount of creditable past service of each employee under the Plan; and shall establish procedures for final verification of the amount of employees' creditable future service as promptly as practicable after the close of each calendar year.

* Applicable also to future service for the period from March 1, 1950 through December 31, 1950.

** Four weeks for past service for the period from January 1, 1950 through February 28, 1950.

vice Credits in lieu of 10 years of creditable service (5 years of ERISA Service Credits in lieu of 5 years of creditable service for an employee with an ERISA Hour of Service on or after January 1, 1989). The amount of the benefit will be determined under Article V, Section 4, utilizing years of creditable service rather than years of ERISA Service Credits.

- (b) In order to be eligible to accumulate ERISA Service Credits, an employee must complete a participation period of service not extending beyond the later of the following dates:
 - (i) the date on which the employee attains age 21 (age 25 prior to January 1, 1985), or
 - (ii) the date on which the employee completes one year of service.
- (c) An employee who has completed the participation period stated in Subsection (b), above, and who is otherwise eligible to participate in the Plan for the purpose of accumulating ERISA Service Credits, shall be eligible to accumulate ERISA Service Credits as of:
 - (i) the first day of the plan year in which the employee completes the participation period if the employee completes said period not later than the first half of the plan year, or
 - (ii) the first day of the plan year following the plan year in which the employee completes the participation period if the employee completes said period during the last half of the preceding plan year.
- (d) In computing the participation period there shall be excluded:
 - (i) service before a one-year break in service until the employee completes one year of service after such break.
 - (ii) years of service by an employee, who is not eligible for a deferred vested pension benefit under Article IV, Section 6, before consecutive breaks in service of one year if the number of

consecutive one-year breaks in service equals or exceeds the aggregate number of years of service prior to such breaks, or for such employee at work on or after January 1, 1985, years of service before consecutive breaks in service of one year if the number of consecutive one-year breaks in service equals or exceeds the greater of five or the aggregate number of years of service prior to such breaks. The aggregate number of years of service before such breaks shall not include any years of service not counted under this Subsection (d) by reason of any prior break in service.

- (e) ERISA Service Credits shall mean all of an eligible employee's years of service except:
 - (i) years of service during which the employee has not completed 750 ERISA Hours of Service,
 - (ii) years of service before age 18 (age 22 prior to January 1, 1985),
 - (iii) years of service before January 1, 1971 unless the employee had three years of service after December 31, 1970,
 - (iv) years of service before January 1, 1976 to the extent that such service would have been disregarded under the Plan's break in service rules in effect on December 31, 1975,
 - (v) years of service before a "one-year break in service" until the employee has completed one year of service after such break, and
 - (vi) years of service by an employee who is not eligible for a deferred vested pension benefit under Article IV, Section 6, before consecutive breaks in service of one year if the number of consecutive one-year breaks in service equals or exceeds the aggregate number of such years of service prior to such breaks, or for such employee at work on or after January 1, 1985, years of service prior to consecutive breaks in service of one year if the number of consecutive one-year breaks in service equals or exceeds the greater of five or the aggregate number of such

years of service prior to such breaks. The aggregate number of years of service before such breaks shall not include any years of service not counted under this Subsection by reason of any prior break in service.

- (f) For the purpose of this Section:
- (i) The term “year of service” for the purpose of Subsection (b), (c) and (d), above, means initially the 12 consecutive months commencing as of employment with the Company. If an employee fails to complete 750 ERISA Hours of Service in the initial 12-month eligibility computation period described above, the participation period will be the plan year which includes the first anniversary of the employment commencement date and, where additional eligibility computation periods are necessary, succeeding plan years. The term “year of service” for the purposes of Subsection (e), above, means a calendar year period during which the participating employee has completed 750 ERISA Hours of Service with the Company except that for any year prior to January 1, 1963, creditable service may be used in making the determination for such years.
 - (ii) The term “ERISA Hour of Service” means each regular time hour for which an employee is paid for the performance of duties.
 - (iii) The term “one-year break in service” means a calendar year during which an employee has not completed 376 ERISA Hours of Service with the Company. In determining whether an employee has a “one-year break in service”, for any absence from work commencing on or after January 1, 1985 by reason of pregnancy of the employee, birth of a child of the employee, placement of a child with the employee in connection with the adoption of such child by such employee, or for purposes of child care immediately following such birth or placement, or for

any absence from work commencing on or after September 17, 1993 for any reason that qualifies an employee for a leave under the Family and Medical Leave Act of 1993, the employee shall be credited with the hours for which such employee otherwise would have been scheduled to receive payment for the performance of duties or, if such scheduled hours cannot be determined by the Company, with 8 hours for each work day of such absence, not to exceed a total of 501 hours for any such absence. Such hours shall be credited in the year in which the absence commences if necessary to prevent incurring a one-year break in service, otherwise such hours shall be credited in the immediately following year.

(iv) Service in any capacity with an employer other than the Company:

(A) while such employer is a member of the same "controlled group of corporations" within the meaning of Section 414(b) of the Internal Revenue Code;

(B) while such employer is under common control with the Company within the meaning of Section 414(c) of the Code; or

(C) while such employer is a member of an affiliated service group within the meaning of Section 414(m) or Section 414(o) of the Code;

shall be deemed to be service for purposes of this Section 8.

Section 9. Coke Ovens and Ingot Mold Foundry Service

An employee who has seniority on or after October 1, 1979 and who is or was employed on job classifications in the Coke Ovens Operations or Ingot Mold Foundry of the Company, identified in Appendix G-I and hereinafter referred to as Coke Ovens and Mold Foundry Jobs, shall receive additional creditable service for the portion of his past and future service that is attributable to employment while on Coke Ovens and Mold Foundry Jobs, determined in the same manner as set forth in Section 7 of this Article III for Foundry Jobs.

Section 10. Seniority Service Credits

Notwithstanding any other Section of this Article, in the case of an employee who shall retire on or after October 1, 1987, the cumulative total of such employee's past and future service credits for the period before January 1, 1966 shall not be less than the employee's seniority as of December 31, 1965 as determined under the collective bargaining agreement excluding seniority credited as past service for military service prior to employment by the Company.

Section 11. Qualified Military Service

Notwithstanding any provision of this Plan to the contrary, benefits and service credit with respect to qualified military service will be provided in accordance with the IRC Section 414(u). In no event shall such benefits and service credit provided in accordance with the IRC Section 414(u) be less than otherwise provided for under the Plan.

ARTICLE IV
RETIREMENT

Section 1. Normal Retirement

An employee shall be deemed to have reached normal retirement age on his 65th birthday, or March 1, 1950, whichever is later.

An employee who reaches normal retirement age shall have a nonforfeitable right to a normal retirement benefit as provided in Article V, Section 1 of the Plan.

Any employee whose employment shall be terminated (other than by death) on or after his reaching normal retirement age shall have the right to retire under the Plan.

On and after June 1, 1955, a former employee who is on a substantiated sick leave of absence which does not exceed in duration his seniority at the time of going on such leave or which continues for a period during which such former employee continues to be eligible for a Guaranteed Income Stream Benefit under the Guaranteed Income Stream Benefit Program, shall be deemed an employee for purposes of this Section and shall be eligible for disability retirement provided he: (i) has fulfilled the numbered conditions in the preceding paragraph, and (ii) during such leave of absence has become totally and permanently disabled, and applied for disability retirement benefits.

An employee shall be deemed to be totally and permanently disabled only if he is not engaged in regular employment or occupation for remuneration or profit (excluding employment or occupation which the Board determines to be for purposes of rehabilitation) and if

the Board shall find, on the basis of medical evidence, for applications made or for Board determination of continuing eligibility for disability retirement on or after September 1, 1964, (i) that he is totally disabled by bodily injury or disease so as to be prevented thereby from engaging in any regular occupation or employment with the Company at the plant or plants where he has seniority and (ii) that such disability will be permanent and continuous during the remainder of his life; provided, however, that no employee shall be deemed to be totally and permanently disabled for the purposes of the Plan if his incapacity resulted from service in the armed forces of any country, except that on or after October 25, 1967, nothing herein shall prevent an employee from being deemed so disabled under the Plan if he has accumulated at least ten (10) years of seniority (five (5) such years in the case of an employee who has seniority on or after November 19, 1973), after separation from service in the armed forces and before such incapacity occurs, or, for retirement prior to September 1, 1964, if his incapacity consists of chronic alcoholism or addiction to narcotics, or if such incapacity was contracted, suffered or incurred while he was engaged in a felonious enterprise or resulted therefrom, or resulted from an intentionally self-inflicted injury.

In any case where the Board is required to make a determination with respect to the total and permanent disability of any employee applying for, or of any retired employee on disability retirement, the employee first shall be required to submit to an examination by a competent physician or physicians selected by the Board, and shall be required to submit to such re-examination as shall be necessary for the Board to make a determination concerning his physical or mental condition. Whenever any such question is before the Board for determination, any three members of the Board may require the employee to submit to an examination by a physician of their choice, who shall be afforded an opportunity to consult with the physicians appointed by the Board at any time before a final determination shall have been made. An employee or retired employee who

shall refuse to submit to any physical examination properly requested under the Plan shall not be placed or continued on disability retirement.

Any retired employee on disability retirement shall be required to submit to a disability examination at any time during such retirement for the purpose of determining his condition whenever such examination is requested by at least three members of the Board, but not more often than semi-annually. If the Board shall find he is no longer totally and permanently disabled and a majority of the Board determines he may return to work his disability retirement shall cease. In such event he shall be eligible to return to work consistent with his seniority and any applicable work restrictions. If the Board shall find that he no longer is totally and permanently disabled, but a majority of the Board determines that he may not return to work, his disability retirement shall continue.

If the disability retirement of a retired employee shall cease without loss of seniority, and provided he shall not subsequently have incurred a break in his seniority, he shall be credited upon subsequent retirement with the creditable service he had at the time his disability retirement commenced.

Disability retirement shall cease when the retired employee shall reach normal retirement age.

Section 4. Persons Not in Employment

In order to retire under the Plan, a person must have been in employment in the Contract Unit at the time of his/her retirement except that (i) a person whose absence from employment commencing on or after March 1, 1950, is due to layoff, sick leave or other Company-approved leave of absence shall not be precluded from retiring, on or after September 1, 1958, without return to employment, provided he/she shall not have incurred a break in seniority, and (ii) a person who has been absent from employment commencing before March 1, 1950 on Company-approved sick leave shall not be precluded from retiring on or after October 25, 1967, without return to employment, provided he/she shall not have

incurred a break in seniority, and (iii) a person who is eligible at age 62, or at a later age up to and including age 70, for benefits under the Guaranteed Income Stream Benefit Program shall not be precluded from retiring on or after March 1, 1982 without return to employment even though he/she shall have incurred a break in seniority while on continuous layoff from the Company, and (iv) a person shall not be precluded from retiring under Article IV, Section 3 of the Retirement Plan without return to employment even though he/she shall have incurred a break in seniority while on continuous layoff from the Company if such employee is eligible for a Guaranteed Income Stream Benefit under the Guaranteed Income Stream Benefit Program.

A person who, while eligible to retire, receives (i) a separation payment pursuant to Appendix M, Attachment A of the Collective Bargaining Agreement or Article IV of the Supplemental Unemployment Benefit Plan or (ii) a GIS Redemption Payment under the Guaranteed Income Stream Benefit Program, shall not be eligible to retire under any of the provisions of the Plan for the period described in such agreements, plans or programs, commencing with the date such person terminates employment or breaks seniority pursuant to the terms of such agreements, plans or programs.

Section 5. Retirements Prior to Effective Date of Plan

An employee whose employment terminated after July 15, 1949, but before March 1, 1950, and who would have qualified for benefits under the Plan had it been in effect at the time of such termination of employment, shall be treated as having retired under the Plan, with credit for service to the time of such termination of employment.

Section 6. Deferred Vested Pension

Notwithstanding any other provisions of the Plan, any employee who shall incur a break in his seniority on or after June 1, 1955, and if incurred before September 1, 1964 after he shall have reached his 40th birthday, and (i) who then shall have 10 or more years of creditable

service (5 years for an employee with an ERISA Hour of Service on or after January 1, 1989) and (ii) who shall not be eligible for or receiving any other type of retirement benefit under the Plan based (in whole or part) on service prior to the date of such break in seniority, shall be eligible, upon making due application therefor, to receive a deferred vested pension benefit as provided in Article V, Section 4, of the Plan.

Application for a deferred vested pension benefit must be made to the Board by an applicant otherwise eligible therefor not earlier than 90 days prior to the date on which he elects to have his benefit commence under Article V, Section 4, and for employees who shall have broken service prior to January 1, 1976 not later than his 70th birthday; otherwise no deferred vested pension benefit shall be payable to him at any time; provided however, that effective October 1, 1996 this age restriction shall no longer be applicable for benefits payable thereafter.

Commencing January 1, 1965, a former employee who would be eligible to receive a deferred vested pension benefit but who has not made application therefor by the 90th day prior to his 65th birthday shall on or about that time be mailed by the Board a notice informing him that he may make such application. The notice shall be mailed to his last address shown on the Board's records.

Section 7. Survivor's Benefits

- (a) If an employee dies on or after September 1, 1964 and (i) on or after he shall have reached his 60th birthday, or shall have reached his 55th birthday with combined years of age (to the nearest 1/12) and creditable service that total at least 85, or before he shall have reached his 55th birthday if he dies on or after October 1, 1974 and has 30 or more years of creditable service, or shall have reached his 55th birthday on or after October 1, 1984 or if the laid off employee dies on or after October 1, 1987 between his 50th and his 55th birthday with less than 30 years of credited service when eligible for an immediate commencement of monthly special early retirement

benefits under Article IV, Section 2(b), and (ii) at death he had 10 or more years of creditable service, and (iii) he had seniority at the time of his death or, if he had broken seniority by retirement on or after September 1, 1964, he dies before the date when his life income benefits are to commence, and (iv) he is survived by a spouse to whom the employee had been married for at least one year prior to death, and (v) in the case of a female employee who died prior to October 25, 1967, she had income exceeding her husband's income during the most recent calendar year, then the employee's surviving spouse shall be eligible upon due application therefor to receive the monthly survivor's benefit described in Article V, Section 5(a) of the Plan.

- (b) In lieu of the applicable life income benefit provided in Section 1, 2, 3 or 4 of Article V, an employee who shall have retired on or after January 1, 1962 but before January 1, 1969 (including for purposes of this Subsection a former employee who incurred a break in seniority on or after January 1, 1962 but before January 1, 1969 and is entitled to a deferred vested pension benefit) may elect a reduced monthly benefit during his lifetime, as provided in Article V, Section 5(b) of the Plan, and a monthly survivor's benefit, as provided in Article V, Section 5(d) of the Plan, shall be payable after his death to his designated spouse during the further lifetime of the spouse.

An employee may elect a survivorship coverage under this Subsection only by written election (i) at the time he shall apply or shall have applied for a normal, early or deferred vested pension benefit, or a disability retirement benefit that commenced at or after age 60 and after September 1, 1964 but before January 1, 1969 (with the election in each case being effective on the first day of the month for which his first benefit under the Plan is payable), (ii) for a retired employee receiving a disability retirement benefit that commenced on or after January 1, 1962 and before September 1, 1964, during the month in which he attains age 60 or, if he had attained age 60

but not age 65 on September 1, 1964, during any month prior to January 1, 1965 (in each case, to be effective on the first day of the following month) or, (iii) for a retired employee receiving a disability benefit that commenced on or after September 1, 1964 but before January 1, 1969 and before age 60, during the month in which he attains age 60 (to be effective on the first day of the following month). Survivorship coverage under this Subsection 7(b) may be elected only with respect to a spouse to whom the employee is married at the date of election and has been married for at least one year prior to that date and, in the case of a female employee who was eligible to elect the coverage prior to October 25, 1967, only with respect to a husband whose income during the most recent calendar year did not exceed the income of the female employee.

- (c) In lieu of the applicable life income benefit provided in Section 1, 2, 3 or 4 of Article V an employee who retires on or after January 1, 1969 (including for purposes of this Subsection a former employee who incurs a break in seniority on or after January 1, 1969 and is entitled to a deferred vested pension benefit) shall automatically be deemed to have elected a reduced monthly benefit during his lifetime, as provided in Article V, Section 5(c) of the Plan, and a monthly survivor's benefit, as provided in Article V, Section 5(d) of the Plan shall be payable after his death to his designated spouse during the further lifetime of the spouse.

This automatic election shall be deemed to have been made (i) at the time that the employee shall apply or shall have applied for a normal or deferred vested pension benefit, or for an early retirement benefit commencing before April 1, 1971, or for a disability retirement benefit commencing at or after age 60 and before April 1, 1971, or for an early or disability retirement benefit commencing at or after age 55 and on or after April 1, 1971, or for an early or disability retirement benefit commencing before age 55 and on or after October 1, 1974 if the employee

shall have 30 or more years of creditable service, or for an early retirement benefit commencing at or after age 50 and before age 55 and on or after October 1, 1984 pursuant to Subsection 2(b) of Article IV (with the election in each case being effective the first day of the month for which his first benefit under the Plan is payable), or (ii) for a retired employee receiving a disability retirement benefit that commenced before September 15, 1970 and before he shall have attained age 60 or for a retired employee receiving a disability retirement benefit that commenced on or after September 15, 1970 but before April 1, 1971 who shall have attained age 60 in that period, in the month that he attains age 60 (to be effective on the first day of the following month), or (iii) for a retired employee receiving a disability retirement benefit that commenced on or after September 15, 1970 but before April 1, 1971 who shall have attained age 55 but not age 60 on April 1, 1971, in the month of March, 1971 (to be effective on April 1, 1971), or (iv) for a retired employee receiving disability retirement benefit that commenced on or after September 15, 1970 but before April 1, 1971 who shall not have attained age 55 on April 1, 1971 or for a retired employee receiving an early or disability retirement benefit commencing on or after April 1, 1971 but before October 1, 1974 and before he has attained age 55, or for a retired employee with less than 30 years of credited service receiving a disability retirement benefit commencing on or after October 1, 1974 but before he has attained age 55, in the month that he attains age 55 (to be effective on the first day of the following month, except that the death on or after October 1, 1979 of an otherwise eligible employee who shall have retired under Section 3 of this Article IV, occurring on or after his attaining age 55, but before the first day of the month following the date on which he dies, shall not disqualify an otherwise eligible surviving spouse from receiving a benefit under the provisions of Article V, Section 5(d).

The automatic election provided in this Subsection shall be applicable only with respect to a spouse to whom the retired employee is married at the date of election and has been married for at least one year prior to such date, except that in the case of an employee who shall retire on or after September 15, 1970 (including for purposes of this paragraph a former employee who incurs a break in seniority on or after December 21, 1970 and is entitled to a deferred vested pension benefit), the automatic election also shall be applicable with respect to a spouse to whom the employee has been married for less than one year at the time such election shall be deemed to have been made, as set forth in the paragraph above, in which case the election shall become effective on the first day of the month following the month of the first anniversary of the marriage, or, if later, on the first day of the month for which his first benefit under the Plan is payable.

An employee may prevent the automatic election provided in this Subsection at the time such election would otherwise be deemed to have been made, as set forth in the second paragraph of this Subsection (c), by specific written rejection, which for rejections made after December 31, 1984 includes the written consent of the employee's spouse witnessed by a Plan representative or a notary public executed in whatever form and manner may be prescribed by the Board for this purpose, in which event he shall be entitled to the applicable life income benefit provided in Section 1, 2, 3 or 4 of Article V without the reduction provided in Article V, Section 5(c) of the Plan.

The written consent must also show that the spouse acknowledges the effect of the written rejection. The written rejection shall be effective if it is established to the satisfaction of the Plan representative that the written consent may not be obtained because there is no spouse or the spouse cannot be located.

Any written consent by a spouse obtained under this provision (or establishment that the written consent of a spouse may not be obtained) shall be effective

only with respect to such spouse. A revocation of a prior waiver may be made by an employee without the written consent of the spouse at any time prior to the commencement of benefits. The number of revocations shall not be limited. No written consent obtained under this provision shall be valid unless the employee has received notice as provided in Section 7(g) of this Article IV.

Waiver of the automatic election must be made within the 90-day period ending on the annuity starting date. The annuity starting date is the first day of the first period for which an amount is paid as an annuity or in any other form.

- (d) In any event, if the employee or his designated spouse dies before the effective date of an election under Subsection (b) or (c) above, the election shall automatically be cancelled.
- (e) In lieu of the applicable life income benefit provided in Section 3 of Article V, an employee who retires on or after January 1, 1976 under Section 3 of Article IV and who is under age 55 and has less than 30 years of credited service shall automatically be deemed to have elected a reduced monthly benefit payable to the retired employee up to and including the month in which he dies or attains age 55, whichever occurs first, as provided in Article V, Section 5(f) of the Plan, and a monthly survivor's benefit, beginning on the first day of the month after the retired employee would have reached age 55 if he dies before the first day of the month after he would have reached age 55 (or if death occurs on or after October 1, 1979, before he shall have reached age 55), shall be payable to his designated spouse during the further lifetime of the spouse as provided in Article V, Section 5(g) of the Plan.

This automatic election shall be deemed to have been made at the time the employee shall apply or shall have applied for a disability retirement benefit (with the election being effective the first day of the month for which his first benefit under the Plan is

payable), except that for employees retiring with benefits payable commencing prior to January 1, 1985 such election shall not be effective and no benefit shall be payable to the surviving spouse pursuant to Article V, Section 5(g) if the retired employee dies within a period not in excess of two years beginning on the date of the election unless the retired employee's death is from accidental causes.

The automatic election provided in this Subsection shall be applicable only with respect to a spouse to whom the employee is married on the date of the election with benefits payable pursuant to Article V, Section 5(g) only if the retired employee and his spouse shall have been married throughout the one-year period ending on the date of the retired employee's death.

An employee may prevent the automatic election provided in this Subsection at the time such election would otherwise be deemed to have been made, as set forth in the second paragraph of this Subsection (e), by specific written rejection, which for rejections made after December 31, 1984 includes the written consent of the employee's spouse witnessed by a Plan representative or a notary public executed in whatever form and manner may be prescribed by the Board for this purpose, in which event he shall be entitled to the applicable life income benefit provided in Section 3 of Article V without the reduction provided in Article V, Section 5(f) of the Plan.

In any event, the election shall automatically be canceled:

- (i) if the employee's disability retirement status terminates other than by death prior to the first day of the month after the retiree reaches age 55, or
- (ii) if the retired employee survives on a disability retirement status until the first day of the month after the retiree reaches age 55 at which time the coverage described in Article IV, Section 7(c) becomes applicable.

- (f) An employee who shall have retired or shall retire on or after January 1, 1962, under the provisions of Section 1, 2 or 3 of this Article IV who marries, or remarries, subsequent to the earliest date a survivor benefit coverage was in effect, or was not in effect on such date solely because the retired employee was not then married, may elect, or re-elect, survivor benefit coverage. Any such coverage, and the benefits thereunder, shall be provided under the terms and conditions of the Plan in effect at the time of the employee's retirement. Such coverage shall become effective on the first day of the third month following the month in which the Board receives a completed election form, but in no event before the first day of the month following the month in which the retired employee has been married one year. For elections effective January 1, 1997 and thereafter, such coverage shall become effective on the one year anniversary of the marriage. The applicable reduction in the retiree's life income benefit shall commence on the first day of the month following the one year anniversary date.

No election provided hereunder shall become effective under any circumstance for any retired employee whose completed election form is received by the Board after the first day of the month in which the retired employee has been married one year except that for a retired employee who is married on October 1, 1979, such election form must be received by the Board before April 1, 1980 or, if later, before the first day of the month in which the retired employee has been married one year. On or after October 1, 1999, such election must have been received by the Board before the first day of the month in which the retiree has been married 18 months. However, if the election is made after the retiree's one year anniversary of his or her marriage but before the end of the 18 month election period, the coverage shall commence on the one year anniversary date and the applicable reduction shall commence on the first day of the month following the one year anniversary date.

(g) Information on the coverages described in Section 7(c) and Section 7(e) of this Article IV for retirement on or after October 1, 1979 shall be included in the summary plan description which will be provided to each employee. No less than 30 days and no more than 90 days prior to the date the life income benefit commences, each employee shall be provided a written explanation of: (i) the terms and conditions of the survivor's benefit coverage; (ii) the participant's right to make and the effect of an election to waive the survivor's benefit coverage; (iii) the rights of the employee's spouse; (iv) the relative values of the various benefit forms under the Plan, and (v) the right to make and effect a revocation of a previous selection to waive the survivor's benefit coverage.

(h) For purposes of survivor's benefits as described under this Section 7, an employee, former employee or a retired employee whose election for survivor benefit coverage becomes effective on or after January 1, 2008 and who dies during the month such coverage was to become effective and prior to the one year anniversary date, shall be deemed to have met the one year marriage eligibility requirement.

Section 8. Pre-Retirement Survivor Coverage to Comply with the Retirement Equity Act of 1984

- (a) If an employee on or after October 1, 1984:
- (i) has either 10 or more years of credited service, or 10 years of ERISA Service Credits (5 years of credited service or ERISA Service Credits for an employee with an ERISA Hour of Service on or after January 1, 1989), or
 - (ii) breaks seniority and is eligible for a deferred pension under Article IV, Section 6,
- and in either case is not eligible for the survivor benefit coverages provided under Section 7 of this Article IV, the pre-retirement survivor coverage described in Article V, Section 17 shall apply. Notwith-

standing the above, any employee who worked on or after August 23, 1984, and would have been eligible hereunder except that such employee broke seniority or died prior to October 1, 1984 shall be eligible for the pre-retirement survivor coverage provided hereunder.

Such coverage shall remain in full force and effect until the date on which the employee or former employee becomes eligible for a survivor benefit coverage as provided under Article IV, Section 7, at which time the pre-retirement survivor coverage described herein shall cease to be effective.

In the event the employee or former employee predeceases the designated spouse while the pre-retirement survivor coverage provided hereunder is in effect, the designated spouse shall be eligible, during the further lifetime of such spouse, for a monthly benefit as described in Article V, Section 17, commencing on the first of the month following the month in which the employee or former employee would have become eligible, except for the fact that he died, to retire at the option of the employee.

The amount of any such monthly survivor benefit shall be determined by the life income benefit rate in effect for the employee under Article V on the date of death of such employee, or, if earlier, the date seniority broke.

- (b) The survivor coverage provided hereunder for an employee or former employee shall be effective on the date the employee or former employee attains 10 years of credited service or ERISA Service Credits (5 years of credited service or ERISA Service Credits for an employee with an ERISA Hour of Service on or after January 1, 1989).
- (c) The survivor coverage provided hereunder shall be effective with respect to a spouse to whom the employee or former employee is married, but only if the couple shall have been married throughout the one-year period ending on the date of the employee's or former employee's death. **For coverage effec-**

tive on and after January 1, 2008 for a former employee who dies during the month such coverage was to become effective, and prior to the one-year anniversary date, the employee or former employee shall be deemed to have met the one-year marriage eligibility requirement.

- (d) If an employee or former employee, marries or remarries, such survivor coverage shall be in effect in favor of the employee's spouse upon such marriage or remarriage. For the purposes of this paragraph, Subsections (b) and (c) of this Section 8 shall apply. In the event a Qualified Domestic Relations Order within the meaning of Section 414(p) of the Code requires survivor coverage to be in effect for a former spouse, that coverage will remain in effect to the extent required by the Qualified Domestic Relations Order and in which case such coverage cannot become effective for any other spouse of the employee or former employee. For the purposes of this paragraph, Subsection (b) and (c) of this Section 8 shall apply, and in addition, for Subsection (c) the one-year period shall be that period ending on the date of divorce from the former spouse.
- (e) In the event of divorce, the employee or former employee can revoke the coverage provided hereunder without spousal consent, unless a Qualified Domestic Relations Order within the meaning of Section 414(p) of the Code provides to the contrary.
- (f) The coverage provided hereunder shall be cancelled automatically on the date when any employee or former employee becomes eligible for any survivor coverage provided under the provisions of Article IV, Section 7 of the Plan even though such coverage is duly rejected.
- (g) Information regarding the coverage provided hereunder will be included in the summary plan description which will be provided to each employee covered by the Retirement Plan, in accordance with ERISA.

- (h) The pre-retirement survivor coverage provided hereunder and in Article V, Section 17, will apply to eligible employees and former employees separated from service:
 - (i) whose last day worked for the Company was on or after January 1, 1976, and
 - (ii) who have entitlement to but have not commenced receipt of deferred vested benefits, and
 - (iii) who are alive as of August 23, 1984.

after April 1, 1971 in order to provide an increase in the amount of the survivor's benefit otherwise payable, an employee who shall have retired under Section 1, 2 or 3 of Article IV prior to September 15, 1970 and who is divorced by court decree from the designated spouse for whom he/she has a survivorship election in effect under Subsection 7(b) or 7(c) of Article IV, may cancel the survivorship election and have his/her monthly life income benefit restored to the amount payable without such election unless the terms of a Qualified Domestic Relations Order within the meaning of Section 414(p) of the Code expressly prohibit cancellation or change of the survivor coverage. To make such election he/she must complete a form approved by the Board and file it with the Board, accompanied by evidence satisfactory to the Board of a final decree of divorce, in which case such election shall become effective with respect to benefits payable for months commencing on or after April 1, 1971 or, if later, the first day of the third month following the month (for such elections effective January 1, 1994 and thereafter, restoration of his/her life income benefit shall be effective the first day of the month following the month) in which the Board receives such completed election form and final decree of divorce.

The amount of any survivor's benefit payable to the designated spouse of a retired employee who shall have made the election provided in this clause **(iv)** shall be computed in accordance with applicable benefit provisions in effect on September 14, 1970 with respect to benefits commencing on or after the effective date of such election.

- (f) The amount of the reduced monthly life income benefit payable out of the Pension Fund under Section 3 of this Article V to an employee who shall retire on or after January 1, 1976 under Section 3 of Article IV and who shall have been deemed to have

made the survivorship election provided in Article IV, Section 7(e) of the Plan, shall be determined by reducing actuarially the amount of the applicable benefit for the cost of the survivor benefit payable in the event of the retired employee's death before the first of the month following the attainment of age 55. The actuarial reduction shall be based on the age of the retired employee and his spouse (the age of each being determined as the age at his or her birthday nearer the date on which the benefits commence) and shall reflect the extra mortality associated with being disabled.

The table contained in Appendix H is the actuarial reduction factor at selected ages. Actuarial reduction factors for ages not shown will be calculated on the same basis as the factors shown in Appendix H.

- (g) The amount of the monthly survivor's benefit payable out of the Pension Fund to the surviving spouse of a retired employee who shall have been deemed to have made the survivorship election specified in Article IV, Section 7(e) of the Plan, commencing the first of the month following the date on which the retired employee would have reached age 55, shall be fifty (50%) percent of the amount of the monthly life income benefit payable to the retired employee after the reduction provided in Subsection (f) above. No benefit shall be payable under this Subsection for any month for which the surviving spouse of a retired employee is entitled, under the group insurance program to which the Company contributes, to receive a Transition Survivor Income Benefit or a Bridge Survivor Income Benefit.

The benefit rate used for purposes of calculating the amount of monthly life income benefit referred to in this Subsection and Subsection (f) above as payable under Section 3 of this Article V shall be whatever rate is applicable to the retired employee under Section 3 of this Article V based on the date of his retirement under the Plan.

- (h) No benefit under Article V, Section 17 shall be payable if a survivor's benefit is payable under this Section or if any survivor's benefit under this Section has been duly rejected.

Section 6. Payment of Small Amounts

Commencing August 23, 1984, if the Actuarial Value in a lump sum of any benefit payable to any surviving spouse is less than \$1,750 (\$3,500 commencing January 1, 1985) and if the eligible surviving spouse is no longer entitled to any payment from group insurance programs, such benefit shall be paid in a lump sum and the Plan shall be discharged of any further liability with respect thereto.

With respect to any distribution of any payment of a small amount under this Section after January 1, 1993, to the extent that such payment is at least \$200.00, an eligible surviving spouse may elect, at the time and in the manner prescribed, to have any portion of the distribution paid directly to an "eligible retirement plan" specified by the eligible surviving spouse in a direct rollover.

However, effective for distributions paid pursuant to this Section on or after January 1, 2008 that are in excess of \$1,000, if the eligible surviving spouse does not elect to have such distribution paid directly to an "eligible retirement plan" specified by the eligible surviving spouse in a direct rollover or to receive the distribution directly, then the Plan will pay the distribution in a direct rollover to an individual retirement plan designated by the Board. If the eligible surviving spouse does not elect a direct rollover, then the taxable portion of the distribution will be subject to the mandatory Federal income tax withholding described in Section 3405 of the Code.

An "eligible retirement plan" is an eligible surviving spouse's individual retirement account described in Section 408(a) of the Code or an individual retirement annuity described in Section 408(b) of the Code.

Section 7. Commencement of Benefit Payments

- (a) Notwithstanding any other provision of this Article or Article VI, in determining any retirement benefits payable out of the Pension Fund to any employee retired on or after January 1, 1962, no benefit shall be payable for any month for which the retired employee is receiving weekly accident or sickness benefits under any plan to which the Company shall have contributed; for any month for which the retired employee is receiving such accident or sickness benefits for part of the month, a proportionate amount of any monthly retirement benefits otherwise payable shall be paid for that part of the month for which the retired employee receives no such accident or sickness benefits. This Section shall have no application with respect to Extended Disability Benefits payable under the group insurance program to which the Company contributes.
- (b) If the present value of an employee's vested accrued benefit derived from employer contributions exceeds (or at the time of any prior distribution exceeded) \$3,500, and the accrued benefit is immediately distributable, the employee and the employee's spouse (or where either the employee or the spouse has died, the survivor) must consent to any distribution of such accrued benefit. The consent of the employee and the employee's spouse shall be obtained in writing within the **180**-day period ending on the annuity starting date. The annuity starting date is the first day of the first period for which an amount is paid as an annuity or any other form. The Plan Administrator shall notify the employee and the employee's spouse of the right to defer any distribution until the employee's accrued benefit is no longer immediately distributable. Such notification shall include a general description of the material features, and an explanation of the relative values of, the optional forms of benefit available under the Plan in a manner that would satisfy the notice requirements of section 417(a)(3) of the Internal Revenue

Code, and shall be provided no less than 30 days and no more than **180** days prior to the annuity starting date. Monthly retirement benefits shall not commence sooner than the 30 days following the receipt of the required written explanation of distribution options, provided however, that an employee may affirmatively elect in writing to commence the monthly retirement benefits in less than 30 days (but no less than 7 days).

Notwithstanding the foregoing, only the employee need consent to the commencement of a distribution in the form of a qualified joint and survivor annuity while the accrued benefit is immediately distributable. Neither the consent of the employee nor the employee's spouse shall be required to the extent that a distribution is required to satisfy section 401(a)(9) or section 415 of the Internal Revenue Code.

An accrued benefit is immediately distributable if any part of the accrued benefit could be distributed to the employee (or surviving spouse) before the employee attains (or would have attained if not deceased) the later of normal retirement age or age 62.

Section 8. Benefits Payable to Incompetents

If the Board shall find that any person to whom a benefit is payable from the Pension Fund is unable to care for his affairs because of illness or accident, or is a minor, any payment due (including benefits that would be suspended in accordance with Section 13 of this Article V) may be paid to the spouse, a child, a parent, or a brother or sister, or to any person deemed by the Board to have incurred expense for such person otherwise entitled to payment (unless a prior claim therefor shall have been made by a duly appointed guardian, committee or other legal representative). Any such payment shall be a complete discharge of any liability of the Plan therefor.

Section 9. Vesting

No employee or other person shall have any vested right under the Plan except such rights, if any, as may accrue to him upon retirement or entitlement to deferred vested benefits or survivor's benefits in accordance with the provisions of the Plan.

Section 10. Applicability of Benefit Provisions

Anything to the contrary in the Plan notwithstanding, the amount of any benefit payable to an employee who shall have retired under (i) Article IV, Section 1, pursuant to Section 3 of the Agreement Concerning Retirement Plan, (ii) Article IV, Section 2(b) or (iii) Article IV, Section 3 on or after September 6, 1967 and before October 25, 1967 (or the surviving spouse of such a retired employee who is eligible for a survivor's benefit under Article V, Section 5) shall be determined on the basis of the applicable provisions of the Plan in effect for retirement on November 1, 1967.

Section 11. Nonalienation of Benefits

Except as hereinafter provided, no benefit payable at any time under the Plan shall be subject in any manner to alienation, sale, transfer, assignment, pledge, attachment or encumbrance of any kind **except to the extent permitted by Code Section 401(a)(13) or ERISA Section 206 (d)**. Any attempt to alienate, sell, transfer, assign, pledge or otherwise encumber any such benefit, whether presently or thereafter payable, shall be void. No benefit nor the Pension Fund shall in any manner be liable for or subject to the debts or liability of any person to whom any benefit is or shall be payable. If such person shall attempt to, or shall, alienate, sell, transfer, assign, pledge, or otherwise encumber his/her benefits under the Plan or any part thereof, or if by reason of his/her bankruptcy or other event happening at any time such benefits would devolve upon anyone else or would not be enjoyed by him/her, then the Board in its discretion may hold any such benefit and apply it to or for the benefit of such person, his/her spouse, children, or other dependents, or any of them in such manner as the Board may

deem proper, and such application shall fully discharge the obligation of the Pension Fund with respect to any benefit so applied.

Provided, however, that (i) the Trustee shall be authorized by the Board of Administration to deduct from the monthly benefit payable to any retired employee or surviving spouse electing Blue Cross-Blue Shield or comparable coverage as part of the groups provided for in the Collective Bargaining Agreement, the amount of the contribution of the retired employee or surviving spouse as it may be established from time to time for such coverage as certified to the Trustee by the Board and to pay such amount directly to the appropriate Blue Cross and/or Blue Shield or other organization, (ii) commencing on or after January 1, 1971, any person to whom a benefit is or shall be payable under the Plan shall have (A) Federal income tax withheld by the Trustee where required by Federal statutes or regulations unless, elected otherwise in accordance with such statutes or regulations by submitting to the Board written authorization and direction acceptable to the Board, and (B) state income tax withheld by the Trustee where (a) required by state statutes or regulations, unless elected otherwise in accordance with such statutes or regulations, or (b) commencing on or after June 1, 1994, if the state permits voluntary withholding and such person requests voluntary withholding by submitting to the Board written authorization and direction acceptable to the Board; (iii) commencing on or after October 1, 1984, any retired employee to whom a benefit is or shall be payable under the Plan may elect to have any outstanding overpayments received under any Company benefit Plan or Program paid by the Trustee from amounts otherwise payable under this Plan, upon authorization by the Board of Administration, to such respective Plan or Program in monthly amounts of not less than \$40.00 or such lower outstanding overpayments nor more than 10% of the monthly retirement benefit and (iv) payment shall be made in accordance with provisions of a Qualified Domestic Relations Order within the meaning of Section 414(p) of the Code.

Notwithstanding any other provisions of the Plan, the Trustee, upon authorization by the Board of Administration for the month of August, 1966, and thereafter while there is in effect an agreement between the Company and the Union concerning the maintaining of the Plan, and on or after November 19, 1973, during the life of any Collective Bargaining Agreement applicable to employees covered by the Plan shall deduct Union dues from any monthly retirement benefit otherwise payable to any retired employee who shall have duly authorized such deduction on a form acceptable to the Company, and effective January 1, 1995 shall, upon authorization by the Board of Administration, deduct the sum of \$2.00 as an associate dues donation from any monthly retirement benefit otherwise payable to any surviving spouse who shall have duly authorized such deduction on a form acceptable to the Company to the extent permitted by applicable federal and state laws and regulations; and to remit such dues to the Union.

Section 12. Re-Employed Retired Employee

A retired employee who is re-employed by the Company shall continue to receive, during such re-employment, any monthly life income and temporary benefits or monthly Special Age 65 Benefit to which he might otherwise be entitled, but not a Supplemental Allowance. The retired employee shall not receive any additional creditable service as a result of such employment and his monthly benefits shall not be adjusted in any way with regard to such employment upon subsequent cessation of employment. This Section 12 is not applicable to a retired employee on disability retirement who recovers and returns to work.

Section 13. Waiver of Benefits

Anything to the contrary in the Plan notwithstanding, a retired employee or surviving spouse entitled to receive a monthly benefit payable out of the Pension Fund may, for personal reasons and without disclosure thereof, request the Board in writing to suspend for any period the payment of all or of any part of such monthly benefit

otherwise payable to him hereunder. On receipt of such written request, the Board shall authorize such suspension, and such suspension shall remain in effect until revoked by such retired employee or surviving spouse by written notice to the Board. Upon any such revocation, future benefit payments to such person shall resume. Any suspension required hereunder by a retired employee of benefits payable to him under the Plan shall not affect benefits payable under any survivorship election he has made or is deemed to have made under the Plan.

Section 14. Special Age 65 Benefit

- (a) Commencing on or after November 19, 1973, (i) any retired employee age 65 years or older who is receiving a benefit payable out of the Pension Fund under Article V, Section 1, 2 or 3 or (ii) any eligible surviving spouse who is receiving a benefit payable out of the Pension Fund under Article V, who is age 65 or older, or who, on or after March 1, 1974, is under age 65 if such spouse is enrolled in the voluntary Medicare coverage that is available under the Federal Social Security Act by making contributions (excluding the eligible surviving spouse of a former employee who was receiving a deferred vested pension benefit under Article V, Section 4,) or (iii) any retired employee who, on or after March 1, 1974, has not attained age 65, who is receiving a benefit payable out of the Pension Fund under Article V, Section 2 or 3 and who is enrolled in the voluntary Medicare coverage that is available under the Federal Social Security Act by making contributions, shall, in any such case, receive a monthly Special Age 65 Benefit, subject to (b) and (c) below, of \$45.50, for months commencing on or after January 1, 1999 and prior to January 1, 2000; for months commencing on or after January 1, 2000, the lesser of \$61.50 or the generally applicable Medicare Part B Premium, for months commencing on or after January 1, 2004 the lesser of \$76.20 or the generally applicable Medicare Part B Premium, in addition to

the amount of the life income benefit (or survivor's benefit), provided that in no event shall such payment under (i) or (ii) above (except in the case of an eligible surviving spouse described in (ii) above who on or after March 1, 1974 is under age 65 and enrolled in such voluntary Medicare coverage) commence prior to the first day of the first month following the month during which age 65 is attained, and in no event shall payment of such Special Age 65 Benefit continue under (iii) above, or to an eligible surviving spouse described in (ii) above who on or after March 1, 1974 is under age 65 and enrolled in such voluntary Medicare coverage, after the month during which age 65 is attained or after any earlier date on which the individual ceases to be enrolled in such voluntary Medicare coverage nor, for enrollments in such voluntary Medicare coverage effective prior to October 1, 1979, shall a Special Age 65 Benefit payable before attaining age 65 commence before the retired employee or surviving spouse makes application therefor (except that, with respect to an otherwise eligible individual under age 65, payment shall commence with the first month of such enrollment, but in no event prior to October 1, 1979), and provided further that not more than one such payment shall be made to any individual for any one month.

No Special Age 65 Benefit shall be payable under this Article V, Section 14 to an otherwise eligible individual whose benefit payable out of the Pension Fund commences on or after October 1, 1979.

- (b) Effective January 1, 1991, the Special Age 65 Benefit payable to an eligible individual who is not enrolled in Medicare Part B as of October 1, 1990, but who was receiving a Special Age 65 Benefit, will be limited to \$28.00 per month. Such an individual will become entitled to the schedule of payments as stated above, upon proof of enrollment in Medicare Part B. Thereafter, continued receipt of a Special Age 65 Benefit will be contingent on maintenance of Medicare Part B enrollment.

- (c) For an individual enrolled in Medicare Part B as of October 1, 1990, or who first becomes eligible for Medicare Part B on or after October 1, 1990, receipt of a Special Age 65 Benefit on and after January 1, 1991 is contingent upon continued enrollment in Medicare Part B.

Section 15. Special Survivorship Option

- (a) An employee who shall have retired under Sections 1, 2 or 3 of Article IV prior to October 25, 1967 (excluding for purposes of this Subsection 15(a) a retired employee on disability retirement who had not attained age 60 prior to March 1, 1968) and who had not made a survivorship election as provided in Subsection 7(b) of Article IV, may have elected a Special Survivorship Option in accordance with the following:
 - (i) During the period commencing on October 25, 1967 and before March 1, 1968, the retired employee may have elected in writing as prescribed by the Board a Special Survivorship Option (effective on March 1, 1968) providing a survivor's benefit payable after his/her death to his/her designated spouse during the further lifetime of the spouse, in an amount equal to \$1.60 for each year of his/her number of years of credited service at retirement, reduced or multiplied in accordance with Section 2(a) or 2(b) of Article V if such Subsections are applicable to him/her, provided that a retired employee may have elected this Special Survivorship Option only with respect to a spouse to whom the retired employee shall have been married for at least one year at the date his/her election hereunder became effective, and provided further that in the case of a retired employee who elected the option under Section 2(a) (iii) of this Article V the reduction herein and the reduction under (ii) below shall be equal to the reduction which would have applied if the employee had elected the option under Section 2(a) (ii) of this Article V.

- (iv) For months commencing on or after October 1, 1984 and prior to October 1, 1987, the survivor's benefit payable to a surviving spouse under this Subsection 15(a) shall be an amount equal to \$5.00 for each of the retired employee's years of credited service at retirement, reduced or multiplied as provided in clause (i) above, if applicable.

(i) The retired employee shall have completed the election on a form approved by the Board and shall have filed it with the Board on or after December 21, 1970 and prior to April 1, 1971, in which case the election shall have become effective on April 1, 1971; except that if the retired employee had not attained age 60 prior to April 1, 1971, he may complete and file such form with the Board during the month in which he attains age 60, in which case the election shall become effective the first day of the following month.

(ii) The retired employee may elect this Special Survivorship Option only with respect to a spouse to whom he shall have been married for at least one year prior to the effective date of such election.

(iii) An election under this Subsection (b) shall automatically be canceled upon the death of the retired employee or his designated spouse prior to the effective date of the election.

Section 16. Deductions for Workers' Compensation

Notwithstanding any other provisions of this Article V, or of Article VI, in determining the amount of the retirement benefit (including any Supplemental Allowance) payable out of the Pension Fund to any retired employee who shall retire on or after April 1, 1971 (including for purposes of this Section 16 a former employee who incurs a break in seniority on or after April 1, 1971 and is entitled to a deferred vested pension benefit), a deduction shall be made unless prohibited by law, equivalent to all or any part of Workers' Compensation (including compromise or redemption settlements) payable to such retired employee by reason of any law of the United States, or any political subdivision thereof, which has been or shall be enacted, provided that such deductions shall be to the extent that such Workers' Compensation has been provided by premiums, assessments, taxes or other payments paid by or at the expense of the Company, except that no deduction shall be made for the following:

- (i) Workers' Compensation payments specifically allocated for hospitalization or medical expense, fixed statutory payments for the loss of any bodily member or 100% loss of use of any bodily member, or payments for loss of industrial vision.
- (ii) Compromise or redemption settlements payable prior to the date monthly retirement benefits first become payable.

- (iii) Workers' Compensation payments paid under a claim filed not later than two years after the breaking of seniority.

Section 17. Pre-Retirement Survivor's Benefit to Comply with the Retirement Equity Act of 1984

- (a) The monthly survivor's benefit payable out of the Pension Fund to any surviving spouse who shall have become eligible for such benefit under the provisions of Article IV, Section 8 of the Plan shall be fifty percent (50%) of the monthly life income benefit as determined under Article V, Section 4, otherwise payable based on the (i) date of death of the employee, or (ii) date seniority broke for a former employee, after any reductions provided in Article V, Section 4 and Appendix I of the Plan.
- (b) No benefit shall be available under this Section 17 if the retired employee is receiving a disability retirement benefit before age 55 and survivor benefits are available under Article V, Section 5(f) and (g), even though such survivor benefits may have been duly rejected.
- (c) In the event of divorce the employee or former employee can revoke the coverage provided hereunder without spousal consent, unless a Qualified Domestic Relations Order within the meaning of Section 414(p) of the Code requires such coverage to remain in effect for the former spouse.
- (d) No benefit shall be payable under this Section for any month for which the surviving spouse of an employee is entitled, under the group insurance program to which the Company contributes, to receive a Transition Survivor Income Benefit or a Bridge Survivor Income Benefit.

Section 18. Qualified Domestic Relations Order

Notwithstanding any other provisions of the Plan, the amount of any monthly pension benefit otherwise payable under this Article V shall be reduced by the value of

ARTICLE V

RETIREMENT BENEFITS

any past and future benefits paid or payable to any alternate payee(s) under a Qualified Domestic Relations Order within the meaning of Section 414(p) of the Code. The Actuarial Value shall be used to determine the amount to be paid to such alternate payee(s), if applicable, and the remaining benefit entitlement payable under this Article V.

For an employee whose benefits become subject to a Qualified Domestic Relations Order requiring payment to an alternate payee prior to the employee's retirement and beginning on or after October 1, 1987, the amount of life income benefit payable to such alternate payee shall be based on the employee's monthly life income retirement benefit payable at the employee's age 65 multiplied by the percentage applicable with respect to the employee's attained age when payments commence in accordance with the table contained in Article V, Section 4(e) if the benefit payable to the alternate payee begins on or after the employee attains age 55 or if the benefit begins before the employee attains age 55 in accordance with the following table:

Employee Age When Payments Commence*	Percentage
41	14.5%
42	15.5
43	16.7
44	17.9
45	19.3
46	20.8
47	22.4
48	24.2
49	26.1
50	28.2
51	30.5
52	33.1
53	35.9
54	39.0

* For each additional full month of attained age when benefits commence, the applicable percentage shall be determined by straight-line interpolation from the percentage applicable to the next lower age to the percentage applicable to the next higher age in the above table, rounded to the nearest 1/10 of 1%.

For an employee or retired employee whose retirement benefit commences on or after January 1, 2008 and who submits or has submitted a Qualified Domestic Relations Order under which his/her monthly pension benefit becomes subject to a provision that requires survivorship coverage under Article IV, Section 7, and assigns a portion of the employee's monthly pension benefit to an alternate payee, the reduction to provide the survivorship coverage under Article V, Section 5, shall apply only to the portion of the benefit to which survivorship coverage applies. The reduction shall not apply to any portion of the employee's monthly pension benefit not subject to the terms of a Qualified Domestic Relations Order unless the employee remarries and elects survivor benefits on the remaining portion of his/her monthly pension benefit. This provision is not applicable in circumstances where the Qualified Domestic Relations Order provides that the alternate payee shall be treated as the surviving spouse and it does not limit the surviving spouse to that portion of the lifetime benefit awarded to the alternate payee.

Section 19. Section 415 Limits

- (ii) such monthly life income benefit shall be reduced to include survivorship, as provided in Article V, Section 5(c) as though the employee had retired on the commencement date of payment hereunder, provided, however, that such automatic survivor election may be waived prior to the commencement date in accordance with the procedures set forth in Article IV, Section 7(e);
 - (iii) any increase in the member's monthly life income benefit by reason of increases in the applicable rates or additional credited service after such benefit has begun pursuant to this Section 20 ("Additional Benefit Accruals"), shall begin no later than April 1 of each succeeding calendar year during the continued employment of such member, provided, however, that such Additional Benefit Accruals shall be reduced by the actuarial value of the sum of all cash distributions received by any otherwise eligible employee prior to his actual retirement under this Plan.
- (b) Notwithstanding any other provision of this Plan, in the case of an employee who is otherwise eligible for monthly retirement benefits under the Plan who has attained age 70-1/2 on or after January 1, 1997, and who has not retired or otherwise incurred a break in seniority, the monthly life income benefit payable from the Pension Fund under the Plan shall commence upon retirement, subject to any applicable

reductions for survivorship, as provided in Article V, Section 5(c). At the time of such employee's retirement under the Plan, the employee's accrued benefit at age 70-1/2 under the Plan will be actuarially increased, in accordance with Section 401(a)(9)(c) of the Internal Revenue Code, and regulations thereunder, to take into account the period after age 70-1/2 in which such employee was not receiving benefits under the Plan.

- (c) Effective January 1, 1997, an active employee who attained age 70-1/2 prior to January 1, 1997 and who commenced his/her monthly retirement benefit in accordance with subsection (a) above, shall continue to receive such monthly retirement benefit unless such employee irrevocably elects, on a form approved by the Board, to discontinue such payments until actual retirement. In the event the employee so elects, the employee's accrued retirement benefit upon actual retirement will be actuarially increased in accordance with subsection (b) above to take into account the period after the employee's election when such employee was not receiving benefits under the Plan.
- (d) An active employee who attained age 70-1/2 during calendar years 1996, 1997 or 1998 and who otherwise would commence his/her monthly retirement benefit in accordance with subsection (a) above shall have such monthly retirement benefit deferred until actual retirement unless such employee irrevocably elects, on a form approved by the Board, to commence distribution on or after April 1 of the calendar year following the calendar year in which the employee attains age 70-1/2. The employee's accrued retirement benefit will be actuarially increased in accordance with subsection (b) above to take into account the period after age 70-1/2 in which such employee was not receiving benefits under the Plan. However, the required beginning date for a participant who is a 5% owner is April 1 of the calendar year following the calendar year in which the participant attains age 70-1/2.

- (e) Distribution pursuant to this Section 20 shall be made in accordance with such further regulations prescribed by the Secretary of Treasury, pursuant to Section 401(a)(9) of the Internal Revenue Code (or other Section of the Internal Revenue Code governing required payments from a defined benefit pension plan before an employee's retirement) and subject to such regulations as the Board may prescribe. Additionally, all distributions required under this Section 20 shall be determined and made in accordance with the regulations under Section 401(a)(9) of the Internal Revenue Code, including the minimum distribution incidental benefit requirement of Section 1.401(a)(9)-2 of the regulations. The requirements of this Section 20 will take precedence over any inconsistent provisions of the Plan.

Section 21. Accrued Pension Benefit

In the event an employee is transferred to a job which results in a lower life income benefit rate, such employee's vested pension benefit, if any, shall not be less than the amount of his accrued pension benefit on the date of such transfer to such job.

Section 22. Deemed Disability Survivor's Benefit

Notwithstanding any other provision in this Plan to the contrary, the five month period described in Article V, Section 3(g) shall be waived for an employee who (i) while on medical leave of absence applied for the disability retirement benefit as provided in Article IV, Section 3, (except that, beginning October 1, 1999, in the case of an occupational injury or illness incurred in the course of his employment by the Company resulting in death, the leave of absence requirement shall not apply), and (ii) died prior to completion of the five month period directly or indirectly as a result of the condition which gave rise to the medical leave of absence (for example excluding death as a result of homicide, suicide, or accidental death). The surviving spouse of such an employee shall be eligible to receive the survi-

- (c) In the case of an employee who shall retire on regular early retirement under Article IV, Section 2(a) of the Plan on or after March 1, 1974 with less than 30 years of credited service and before the first day of the month following the month in which he/she shall attain age 62 (age 62 and one month in the case of an employee who shall attain age 62 during or after March, 1982), the monthly interim supplement provided under Section 2(c) of this Article VI shall not be payable for any month for which he/she would be eligible for an unreduced Social Security benefit.

Section 4. Payment of Allowance and Penalty Provision

No Supplemental Allowance shall have been payable for any month prior to September, 1965. Subject thereto, the Supplemental Allowance of an employee entitled to such allowance shall become payable on the first day of the first month after (i) his/her employment shall have terminated, and (ii) he/she shall have filed an application for a retirement benefit with the Board (except that the monthly lifetime supplement of an eligible employee who retires before age 65 shall not commence until the first day of the month following the month which includes his/her 65th birthday) and shall be payable on the first day of each month thereafter until and including the first day of the month in which he/she dies, he/she is re-employed by the Company, or his/her retirement benefits under Article V of the Plan cease for any other reason or he/she shall attain age 62 (age 62 and one month, if he/she attains age 62 during or after March, 1982) in the case of the interim supplement, or he/she shall attain age 62 (age 62 and one month, if he/she attains age 62 during or after March, 1982 and age 65 for an employee who shall have retired prior to October 1, 1979) in the case of the early retirement supplement, whichever shall occur first; provided that if any such retired employee shall be re-employed by the Company, or if he/she shall have been receiving a disability retirement benefit under Article V, Section 3 of the Plan and the Board shall find that he/she is no longer totally and permanently disabled and his/her seniority is restored, the forfeiture shall not affect adversely any right he/she would otherwise have to receive a Supplemental Allowance if he/she should again cease employment; and further provided that if a retired employee entitled to receive a Supplemental Allowance has earnings (defined for this purpose as the type counted for the earnings test under the Federal Social Security Act) after retirement and before he/she attains age 62 (age 62 and one month if he/she attains age 62 during or after March, 1982 and age 65 for an employee who shall have retired prior to October 1, 1979) in excess of the amount indicated in the following table:

in any calendar year, a penalty equal to double the amount by which such earnings exceed the amount permitted shall be charged against each succeeding monthly Supplemental Allowance which the employee would otherwise be entitled to receive until the full amount of such penalty is satisfied, it being understood that penalties and charges herein shall be cumulative if appropriate, except, that the preceding annual earnings limitation provisions of this Section 4 shall not be applicable to any Special Early Retirement with benefit payment commencing on or after October 1, 1990 and prior to September 14, 1993. Notwithstanding the foregoing if a retired employee had earnings in a calendar year prior to January 1, 1968 and after retirement in excess of the amount permitted under the Federal Social Security Act during the year of such earnings his/her Supplemental Allowance shall cease as of the month in which that amount is exceeded and he/she shall forfeit all right to Supplemental Allowance payments thereafter. Unless repaid by the retired employee in a lump sum, any overpayments of Supplemental Allowance made after a retired employee incurred a penalty because of excess earnings in accordance with the preceding paragraph or after he/she shall have ceased to be entitled to a Supplemental Allowance for any other reason shall be deducted from future monthly benefits payable to him/her under the Plan.

Section 5. Maximum Amount of Supplemental Allowance and Other Retirement Benefits

If the total of a retired employee's other monthly retirement benefits under the Plan and his/her monthly Supplemental Allowance receivable up to age 62 (age 62 and one month, if he/she attains age 62 during or after March, 1982 and age 65 for an employee who shall have retired prior to October 1, 1979) as computed in accordance with the foregoing sections of this Article VI (including in the total such additional benefit amount under Article V of the Plan as the retired employee who shall have elected a survivorship option would have received if he/she had not elected the survivorship option) would exceed seventy percent (70%), or eighty percent (80%) effective for retirements on or after October 1, 1999, of his/her final monthly base pay, his/her monthly supplement (but not his/her monthly retirement benefits under Article V) shall be reduced to the extent required so that such other monthly retirement benefits plus his/her supplement shall equal seventy percent (70%), or eighty percent (80%) effective for retirements on or after October 1, 1999, of his/her final monthly base pay. For this purpose, an employee's final monthly base pay shall mean 173-1/3 times

- (i) the highest straight-time hourly rate in effect for him/her during the 90 calendar days immediately preceding his/her last day worked, or
- (ii) for an employee who worked under an incentive plan in at least 4 pay periods during the 90 calendar days immediately preceding his/her last day worked, the employee's average earned straight-time hourly rate for the first 4 pay periods (or, if higher, for the last 4 pay periods) for which he/she had any incentive earnings (provided, however, that if an employee who has seniority on or after September 15, 1970 shall work in less than 4 pay periods during the 90 calendar day period but during each such pay period he/she worked under an incentive plan, his/her average earned straight-time hourly rate for such pay periods shall be used), plus the cost of living allowance in effect on his/her last day worked but excluding overtime pay, shift differentials or any other compensation.

Monthly benefits payable on or after October 1, 1979 to employees who retired prior to October 1, 1979, shall not be limited by the 70% benefit limitation in this Section 5.

Section 6. Discharged Employees

A discharged employee who shall not have attained age 65 at time of discharge shall not be eligible to receive a Supplemental Allowance, except that a discharged employee eligible for a regular early retirement benefit under Article V, Section 2(j), of the Plan may retire and also process a grievance seeking a determination through the regular Grievance Procedure under the Collective Bargaining Agreement that the reason for his/her discharge should not result in his/her being ineligible to receive a Supplemental Allowance.

Section 7. Exclusion of Certain Retirees from Supplemental Benefit

Notwithstanding any other provision of this Article, an employee who shall have retired before November 19, 1973, while on an approved leave of absence requested by the International Union to permit him/her to engage in the business of or to work for the International Union shall not be entitled to a Supplemental Allowance.

ARTICLE VII**BOARD OF ADMINISTRATION****Section 1. Establishment**

There shall be established a Board of Administration consisting of six members, three of whom shall be appointed by the Company (hereinafter referred to as the Company members), and three of whom shall be appointed by the National Ford Director of the Union (hereinafter referred to as the Union members), which Board shall administer the benefit structure of the Plan. Each member of the Board shall have an alternate appointed in the same way. In the event a member is absent from a meeting of the Board, his/her alternate may attend, and, when in attendance, shall exercise the powers and perform the duties of such member. Either the Company or the Union at any time may remove a member appointed by it and may appoint a member to fill any vacancy among the members appointed by it. Both the Company and the Union shall notify each other in writing of the members and alternates respectively appointed by them before any such appointments shall be effective.

The Company and Union members of the Board shall appoint an impartial third person to act as an Impartial Chairperson who shall serve until such time as he/she may be requested to resign by three members of the Board. In the event that the Company and Union members of the Board are unable to agree upon an Impartial Chairperson, the Impartial Umpire under the Collective

Bargaining Agreement between the Company and Union then in effect shall make the selection; provided, however, that the Company and Union members may by agreement request such Impartial Umpire to serve as the Impartial Chairperson of the Board. The Impartial Chairperson shall be considered a member of the Board with respect to matters on which he/she is to vote.

Section 2. Function

It shall be the function of the Board to administer the Plan except those provisions contained in Article VIII (Pension Fund) and Section 1 of Article X (Modification or Discontinuance). The Board shall have no function with respect to any of the provisions of the Agreement Concerning Retirement Plan (Part A) except as expressly provided otherwise in Section 2 thereof.

Section 3. Jurisdiction

The Board shall have jurisdiction to pass upon all questions concerning the application or interpretation of the provisions of the Plan which it is empowered to administer. After review of an appeal, the disputed benefits under this Plan will be paid only if the Board decides in its discretion that the employee or claimant is entitled to them under the terms of the Plan. The Board shall decide all such questions in accordance with the terms of the Plan, and all such decisions of the Board shall be final and binding upon the Company, the Union, the employees, and the beneficiaries or claimants under the Plan, subject only to the arbitrary and capricious standard of judicial review; provided, however, that the Board shall accept as final (i) determinations as to the scope of the Contract Unit as referred to in Article II, above, (ii) determinations made pursuant to the Collective Bargaining Agreement dated September 28, 1949, or any subsequent Collective Bargaining Agreement, with respect to the seniority of employees, as to breaks in or loss of seniority, and as to any other matter arising under a Collective Bargaining Agreement which may become material in its administration of the Plan, and (iii) any determinations made by the appropriate government

agency as to the amount of any government-administered benefit which shall be material in the administration of the Plan, and all such questions referred to in (i), (ii) or (iii), above, upon which the Company and Union members of the Board are unable to reach agreement either shall be referred to the appropriate procedure for determination, or, where prompt determinations on questions referred to in (i) and (ii) are required, shall be referred directly to the Umpire. The Board shall have no power to add to or subtract from, or to modify, any of the terms of the Plan, nor to change or add to any benefit provided by the Plan.

Section 4. Powers

The Board shall have such powers as are necessary for proper administration of the Plan, including the following:

- (a) To adopt and prescribe regulations and procedures to be followed by employees in filing applications for benefits, and for the furnishing and verification of evidence and proofs necessary to establish employees' rights to benefits under the Plan.
- (b) To make findings of facts and determinations as to the rights of any employee applying for retirement benefits, and to afford any such individual dissatisfied with any such findings or determinations the right to a hearing thereon.
- (c) To develop procedures for the establishment and verification of creditable service of employees, and after affording employees an opportunity to make objection with respect thereto, to establish such facts conclusively in advance of retirement.
- (d) To obtain from the Company, from the Union, and from employees such information as shall be necessary for proper administration of the Plan, including but not limited to an authorization for the Company to obtain the retired employee's earnings history maintained by the Social Security Administration, if not already provided by the retired employee.
- (e) To establish appropriate procedures for authorizing the Trustee to make benefit payments from the

Pension Fund to persons entitled to benefits under the Plan, and to obtain from the Trustee such information concerning such payments and persons as shall be necessary for proper administration of the Plan.

- (f) To prepare and distribute in such manner as the Board determines to be appropriate information explaining the Plan.
- (g) To furnish to the Company and to the Union, upon request, such reports with respect to its administration of the Plan as are reasonable and appropriate.
- (h) To collect, evaluate, analyze, and prepare statistical and other data with respect to its administration of the Plan.
- (i) To maintain or arrange for such office space, equipment, services and other assistance as may be necessary for the proper administration of the Plan, with due regard to economical administration of the Plan, and to authorize payment by the Trustee from the Pension Fund of expenses necessary for the proper administration of the Plan.

Nothing in this Article shall be deemed to give the Board power to prescribe in any manner internal procedures or operations of either the Union or the Company.

Section 5. Claims Procedures

- (a) Denial of a Claim

If a claim for benefits or participation (other than a disability pension claim) is denied in whole or in part, the claimant will receive written notification from either the Plan Administrator or an employee of the Board of Administration within ninety (90) days from the date the claim for benefits or participation is received. Such notice shall be deemed given upon mailing, full postage prepaid in the United States Mail or if provided electronically to the claimant. Any actual denial of a claim under this Plan shall be written and set forth in a manner calculated to be understood by the claimant. The denial of claim shall

include (i) the specific reason or reasons for the denial; (ii) specific reference to pertinent Plan provisions on which the denial is based along with a copy of such Plan provisions or a statement that one will be furnished at no charge upon the claimant's request; (iii) a description of any additional material or information necessary for the claimant to perfect the claim and an explanation of why such material or information is necessary; and (iv) appropriate information as to the steps to be taken if the claimant wishes to submit his or her claim for review, along with a statement of the claimant's right to bring a civil action under Section 502(a) of ERISA following an adverse benefit determination on review. If the Plan Administrator or an employee of the Board of Administration determines that an extension of time for processing is required, written notice of the extension shall be furnished to the claimant prior to the termination of the initial ninety (90) day period. In no event shall such extension exceed a period of ninety (90) days from the end of such initial period. The extension notice shall indicate the special circumstances requiring an extension of time and the date by which the Plan expects to render the determination.

(b) Denial of a Disability Pension Claim

If a disability pension claim is denied in whole or in part, the claimant will receive written notification from either the Plan Administrator or an employee of the Board of Administration within forty-five (45) days of the date the claim is received. Two thirty (30) day extensions will be available to the Plan Administrator or an employee of the Board of Administration if necessary due to matters beyond the control of the Plan and with written notice to claimant. The extension notice will specify the circumstances requiring the extension and the expected date of the determination. If an extension is required because the information in the claim is incomplete, the extension notice will specifically explain (i) the standards on which entitlement is

based; (ii) the unresolved issues that prevent a decision; (iii) the additional information required for a decision; and (iv) that claimant has at least forty-five (45) days to provide the information being requested. If such additional information is required, the period between the date of the request and the date of the claimant's response is not included when calculating the decision deadline. Any actual denial of a claim under this Plan shall be written and be set forth in a manner calculated to be understood by the claimant. The denial of claim shall include (i) the specific reason or reasons for the denial; (ii) specific reference to pertinent Plan provisions on which the denial is based along with a copy of such Plan provisions or a statement that one will be furnished at no charge upon the claimant's request; (iii) a description of any additional material or information necessary for the claimant to perfect the claim and an explanation of why such material or information is necessary; (iv) if an internal rule, guideline, protocol, or other similar criterion was relied upon in making the adverse determination, either the specific rule, guideline, protocol or other similar criterion, or a statement that such rule, guideline, protocol, or other similar criterion was relied upon in making the adverse determination and that a copy of such rule, guideline, protocol, or other criterion will be provided free of charge upon claimant's request; (v) if the adverse benefit determination is based on medical necessity or experimental treatment or similar exclusion or limit, either an explanation or the scientific or clinical judgment for the determination, applying the terms of the Plan to the claimant's medical circumstances, or a statement that such explanation will be provided free of charge upon request; and (vi) appropriate information as to the steps to be taken if the claimant wishes to submit his or her claim for review, along with a statement of the claimant's right to bring a civil action under Section 502(a) of ERISA following an adverse benefit determination on review. Such notice shall be deemed

given upon mailing, full postage prepaid in the United States Mail or if provided electronically to the claimant.

(c) Review of Denial of Disability Pension Claim to the Board of Administration

In the event that the Plan Administrator or an employee of the Board of Administration denies a disability pension claim, a claimant may (i) request a review upon appeal by written application to the Board; (ii) review pertinent documents; and (iii) submit issues and comments in writing. A claimant must request a review upon an appeal of the denial of the claim by the Plan Administrator or an employee of the Board of Administration under this Plan within one hundred eighty (180) days after the claimant receives the written notification of denial of the claim. The Board (i) shall give no deference to the earlier decision; (ii) provide for review by a fiduciary (Board of Administration) who did not make the initial decision and who is not a subordinate of the initial decision maker; (iii) if the decision involves a medical judgment, provide that the fiduciary (Board of Administration) must consult with a health care professional who is independent of any health care professional involved in the initial denial; and (iv) provide for identification of all medical or other experts consulted. A decision, as appropriate, shall be made within forty-five (45) days after receipt of the claimant's request for review, unless special circumstances require an extension of time for processing. One forty-five (45) day extension will be available to the Board if necessary due to matters beyond the control of the Plan and with written notice to the claimant. The extension notice will specify the circumstances requiring the extension and the expected date of the determination. If an extension is required because the information in the claim is incomplete, the extension notice will specifically explain (i) the standards on which entitlement is based; (ii) the unresolved issues that prevent a decision; (iii) the additional information required for

a decision and (iv) that claimant has at least forty-five (45) days to provide the information being requested. If such additional information is required, the period between the date of the request and the date of the claimant's response is not included when calculating the decision deadline. Any actual denial of a claim under this Plan shall be written and be set forth in a manner calculated to be understood by the claimant. The denial of claim shall include (i) the specific reason or reasons for the denial; (ii) specific reference to pertinent Plan provisions on which the denial is based along with a copy of such Plan provisions or a statement that one will be furnished at no charge upon the claimant's request; (iii) if there is an adverse determination based upon a limit or an exclusion, an explanation of the scientific or clinical judgment applying Plan terms to claimant's facts and circumstances or a statement that the explanation will be furnished at no charge upon the claimant's request; (iv) if the adverse benefit determination is based on medical necessity or experimental treatment or similar exclusion or limit, either an explanation or the scientific or clinical judgment for the determination, applying the terms of the Plan to the claimant's medical circumstances, or a statement that such explanation will be provided free of charge upon request; (v) a statement of the claimant's right to bring a civil action under section 502(a) of ERISA following an adverse benefit determination on review; and (vi) the following statement: "You and your Plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact your local U.S. Department of Labor Office and your State insurance regulatory agency." Such notice shall be deemed given upon mailing, full postage prepaid in the United States Mail or if provided electronically to the claimant. Decisions of the Board are final and conclusive and are only subject to the arbitrary and capricious standard of judicial review.

(d) Review of Denial of the Claim to the Board of Administration

In the event that the Plan Administrator or an employee of the Board of Administration denies a claim (other than a disability pension claim), a claimant may (i) request a review upon appeal by written application to the full Board of Administration; (ii) review pertinent documents; and (iii) submit issues and comments in writing. A claimant must request a review upon an appeal of the denial of the claim by the Plan Administrator or an employee of the Board of Administration under this Plan within sixty (60) days after the claimant receives the written notification of denial of the claim. Since the Board is reviewing the appeal, it will be considered at the Board's next regularly scheduled meeting. If it is filed within thirty (30) days of the next meeting, a decision by the Board shall be made by the date of the second meeting after receipt of the claimant's request for review. Under special circumstances an extension of time for processing may be required, in which case a decision shall be rendered by the date of the third meeting. If an extension is required because information is incomplete, the review period will be tolled from date the notice was sent to the date information is received. In the event such an extension is needed, written notice of the extension shall be provided to the claimant prior to the commencement of the extension. Written notice of a decision will be made not any later than five (5) days after the decision has been made by the Board. The decision on review shall be in writing in a manner calculated to be understood by the claimant, and include (i) the specific reason or reasons for the denial, (ii) specific reference to pertinent Plan provisions on which the denial is based along with a copy of such Plan provisions or a statement that one will be furnished at no charge upon the claimant's request, (iii) a statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the claimant's claim for benefits, (iv) a statement of the claimant's right to bring

a civil action under Section 502(a) of ERISA following an adverse benefit determination on review. Decisions of the Board are final and conclusive and are only subject to the arbitrary and capricious standard of judicial review.

(e) Participant Limitations for Filing Claims

No legal action may be brought by a participant, dependent, beneficiary, or the estate or legal representative thereof for entitlement to benefits under the Plan, until after the claims and appeals procedures of the Plan have been exhausted and, unless a different period of limitation is specifically provided under ERISA, no later than two years after such claim has accrued. No other actions may be brought against the Plan more than six months after such claim has accrued.

Section 6. Quorum; Voting

To constitute a quorum for the transaction of business, there shall be required to be present at any meeting of the Board at least two Union members and two Company members. At all meetings of the Board the Company members shall have a total of three votes and the Union members shall have a total of three votes; the vote of any absent member being divided equally between the members present appointed by the same party. Except on matters with respect to which the Plan itself specifies otherwise, decisions of the Board shall be by a majority of the votes cast, with the Impartial Chairperson empowered to cast the deciding vote in cases where there shall have been a tie vote.

Section 7. Compensation and Expenses

The Company and Union members shall serve without compensation from the Pension Fund. The Company and the Union each shall be responsible for the expenses of any expert or advisor selected by its members, but not by the Board as such.

Section 8. Liability of Members

The Board and any member thereof shall be entitled to rely upon the correctness of any information furnished by the Trustee, the Union, or the Company. Neither the Board nor any of its members, nor the Union, nor any officer or any other representative of the Union, nor the Company, nor any officer or other representative of the Company, shall be liable because of any act or failure to act on the part of the Board, or any of its members, to any person whatsoever, except that nothing herein shall be deemed to relieve any such individual from liability for his/her own fraud or lack of good faith or from responsibility or liability for any obligation or duty under ERISA.

Section 9. Actuarial and Pension Fund Information

- (a) The Company shall cause to be furnished to the Board of Administration annually, as of December 31 (commencing with December 31, 1958), (i) a statement reflecting the value (as determined by the Trustee) of the Pension Fund as then comprised of any contracts and total other assets, invested and uninvested, such total assets being valued on a basis at least equal to the total cost thereof; (ii) a statement showing in summary form the value of such assets by general categories of investment, such value being determined on a basis at least equal to the total cost thereof for each such category; and (iii) such information as to age, sex and service of employees covered by the Plan as a whole in the United States and as to the number of retired employees and amount of retirement benefits by age groups, as the Board may reasonably require. In no event shall the Company be required to furnish the Board with any data not furnished by the Company to the actuary (referred to in Section 5(a) of the Agreement Concerning Retirement Plan).
- (b) Commencing with the calendar year ending December 31, 1964, the Company shall cause to be furnished to the Board of Administration annually the

- (ii) A statement of the method and of the assumptions, such as the interest rate, mortality rates, withdrawal rates, and retirement ages adopted for the valuation of the benefits paid under Article V of the Plan and adopted for the funding of the benefits under Article VI of the Plan, which statement shall include, commencing with the calendar year ending December 31, 1969 in respect to the report for the calendar year 1970, assumptions regarding retirement rates, average benefit unit, and assumptions used with respect to the survivor's benefit.
- (iii) The amount, as of the end of each calendar year, of the difference between the present value of the prospective retirement benefits payable under the Plan and the then present value of the prospective normal cost contributions, if any, separately for (A) retired employees and other persons receiving benefits under the Plan, (B) non-retired employees and former employees, and (C) total.
- (iv) The amount of assets used in the actuarial valuation, including, commencing with the calendar year ending December 31, 1969 in respect to the report for the calendar year 1970, a reconciliation of the amount of such assets with the amount used in the preceding valuation.
- (v) The amount, as of the end of each calendar year, of the unfunded past service costs.

- (vi) The amount, as of the end of each calendar year, commencing with the calendar year ending December 31, 1970 in respect to the report for the calendar year 1971, by which the assets used in the actuarial valuation shall exceed the amount then required by Section 5(a) of the Agreement Concerning Retirement Plan (excluding the cost of benefits under Article VI) to be in the Pension Fund.
 - (vii) The contribution made during the year toward the cost of benefits under Article VI, the amount of such benefits paid during the year and the cumulative balance of such contributions less payments.
 - (viii) The extent to which, in event of termination of the Plan, the Pension Fund assets at market value as of the end of each calendar year, commencing with the calendar year ending December 31, 1970 in respect to the report for the calendar year 1971, would be sufficient to cover the benefit liabilities determined in accordance with Article X, Section 2(a) of the Plan with respect to each category of beneficiaries specified therein.
 - (ix) The amount, commencing with the calendar year 1979 in respect to the report for the Plan year 1979, of the actuarial present value of early retirement and interim supplements in the course of payment and in respect to such supplements the assets accumulated in the Pension Fund, both determined as of the valuation date. For purposes of this Subsection 9(b), commencing with the calendar year ending December 31, 1974, in respect to the actuarial report for the calendar year 1975, age-service supplements and lifetime supplements shall be included with benefits under Article V and shall not be included with benefits under Article VI.

- (ii) Additions during the calendar year:
 - (A) payments by the Company into the Pension Fund
 - (B) interest and dividends received by the Pension Fund

The Company shall establish a fund, herein referred to as the Pension Fund, to be held and invested by a qualified bank or banks, trust company or companies or any combination thereof as trustee or trustees, herein referred to as the Trustee, into which the Company's contributions to finance the Plan shall be made. No employee shall make or be required to make any contribution to the Pension Fund. The Pension Fund shall be used to pay benefits as provided in the Plan pursuant to authorization by the Board; and such benefits shall be payable only from the Pension Fund. Notwithstanding the above, the Company acknowledges and agrees to follow the terms of a letter dated October 7, 1990,

ARTICLE X

MODIFICATION OR DISCONTINUANCE

entitled "Investment of Pension Fund" provided that the terms of the letter do not violate any of the provisions of ERISA or the Internal Revenue Code.

ARTICLE IX

APPLICABLE LAW

Where federal law does not control, the Plan, and all rights thereunder, shall be governed, construed, and administered in accordance with the laws of the State of Michigan.

ARTICLE X

MODIFICATION OR DISCONTINUANCE

Section 1. Amendment and Termination of Plan

So long as the Agreement Concerning Retirement Plan (Part A) shall remain in effect, the Plan shall not be amended, modified, suspended, or discontinued, except to such extent as may be proper or permissible under such Agreement.

Upon the termination of such Agreement, the Company shall have the right to continue the Plan in effect and to amend, modify, suspend, or discontinue the Plan, except as may be otherwise provided by any subsequent agreement between the Company and the Union.

Any modification or amendment of the Plan may be made retroactively, if necessary or appropriate, to qualify or maintain the Plan as a Plan and trust meeting the requirements of Section 401(a), 501(a), and 404 of the Internal Revenue Code of the United States, as now in effect or hereafter amended, or any other applicable sections of the Federal tax laws, as now in effect or hereafter amended or adopted, and the regulations issued thereunder.

Section 2. Effects of Discontinuance

Upon any termination or partial termination of the Plan within the meaning of Section 411 (d)(3)(A) of the

United States Internal Revenue Code, the right of any affected employee, within the meaning of such Section 411 (d)(3), to benefits accrued to the date of such termination or partial termination, to the extent funded as of such date, shall be nonforfeitable. For purposes of this Section, the determination as to whether there is a termination or partial termination of the Plan and the date thereof and as to the employees affected thereby shall be made by the Company; provided, however, that such determination shall be in accordance with the applicable provisions of the United States Internal Revenue Code. In determining the applicability of such Code provisions, the Company may rely on an opinion of counsel.

Section 3. Disposition of Pension Fund

- (a) In the event of discontinuance of the Plan, the assets then remaining in the Pension Fund, after providing the expenses of the Plan, shall be allocated to the extent that they shall be sufficient, for the purpose of paying benefits in the following order of precedence:
 - (i) First, in the case of benefits payable in the form of an annuity -
 - (A) In the case of the benefit of a participant or beneficiary which was in pay status as of the beginning of the three-year period ending on the termination date of the Plan, to each such benefit, based on the provisions of the Plan (as in effect during the five-year period ending on such date) under which such benefit would be the least;
 - (B) In the case of a participant's or beneficiary's benefit (other than a benefit described in Subsection (a) (i)(A)) which would have been in pay status as of the beginning of such three-year period if the participant had retired prior to the beginning of the three-year period and if his/her benefits had commenced (in the normal form of annuity under the Plan) as of the beginning of such period, to each such benefit based on the provisions

of the Plan (as in effect during the five-year period ending on such date) under which such benefit would be the least.

For purposes of Subsection (a)(i)(A), the lowest benefit in pay status during a three-year period shall be considered the benefit in pay status for such period.

- (ii) Second, to all other benefits (if any) of individuals under the Plan which are guaranteed under the plan termination insurance provisions of the Employee Retirement Income Security Act of 1974 determined without regard to Section 4022B(a) of said Act.
 - (iii) Third, to all other nonforfeitable benefits under the Plan.
 - (iv) Fourth, to all other benefits under the Plan.
- (b) (i) The amount allocated under any of the preceding Subsections of this Section 3 with respect to any benefit shall be properly adjusted for any allocation of assets with respect to that benefit under a prior Subsection of this Section 3.
- (ii) If the assets available for allocation under Subsections (a)(i) and (a)(ii) are insufficient to satisfy in full the benefits of all individuals which are described in such Subsections, the assets shall be allocated pro rata among such individuals on the basis of the present value (as of the termination date) of their respective benefits described in such Subsection.
- (iii) If the assets available for allocation under Subsection (a)(iii) are not sufficient to satisfy in full the benefits of individuals described therein:
- (A) Except as provided in Subsection (b)(iii)(B), the assets shall be allocated to the benefits of individuals described in Subsection (a)(iii) on the basis of the benefits of individuals which would have been described in Subsection (a)(iii) under the Plan as in effect at the beginning of the five-year period ending on the date of the Plan's termination.

- (B) If the assets available for allocation under Subsection (b)(iii)(A) are sufficient to satisfy in full the benefits described therein (without regard to this Subsection (b)(iii)(B)), then for purposes of Subsection (b)(iii)(A), benefits of individuals described therein shall be determined on the basis of the Plan as amended by the most recent Plan amendment effective during such five-year period under which the assets available for allocation are sufficient to satisfy in full the benefits of individuals described in Subsection (b)(iii)(A) and any assets remaining to be allocated under such Subsection shall be allocated under Subsection (b)(iii)(A) on the basis of the Plan as amended by the next succeeding Plan amendment effective during such period.
- (c) If the Secretary of the Treasury determines that the allocation made pursuant to this Section 3 results in discrimination prohibited by Section 401 (a)(4) of the Internal Revenue Code, then, if required to prevent the disqualification of the Plan (or any trust under the Plan) under Section 401(a), 403(a), or 405(a) of such Code, the assets allocated shall be reallocated to the extent necessary to avoid such discrimination.

Notwithstanding any express or implied provision of the Plan to the contrary, the provisions of this Article shall apply to any person who, prior to December 15, 1989, the date that Rouge Steel Company (hereafter Rouge) was sold (hereafter the Closing), shall have been (i) an employee of Rouge or assigned to, or on layoff or leave of absence from Rouge, or (ii) an employee of Ford Motor Company (Ford) assigned to the Rouge Area and who thereafter shall have become a Rouge employee pursuant to the November 28, 1989 Settlement Agreement between the UAW, Rouge and Ford (the 1989 Settlement Agreement). For purposes of this Article "Asset Transfer" and "Asset Transfer Date" shall mean respectively the amount of, and the date for, the transfer of assets, which are allocable to certain credited service and benefits of Rouge employees under this Plan, to the retirement plan and fund established by Rouge for UAW employees of Rouge (the "Rouge-UAW Retirement Plan"), as agreed between Ford and Rouge.

**Section 1. Continuing Rouge Employee
Benefits for Pre-Asset Transfer
Credited Service**

If when eligible after the Closing a Rouge employee has elected to remain an employee of Rouge and not to exercise his or her rights to return to Ford under the 1989 Settlement Agreement, the following shall determine such employee's retirement benefits based on credited service before the Asset Transfer Date:

- (a) For such a Rouge employee who is eligible for an immediate normal or early retirement benefit under the Plan as of the Closing or whose age and Ford seniority as determined in accordance with the 1989 Settlement Agreement equal 60 provided such employee could become eligible for an immediate normal or early retirement benefit within the period after Closing equal to the employee's accumulated seniority at Closing, the employee's benefit shall be determined as follows:
- (i) For credited service through the Closing (which will be retained in this Plan), the benefit rates and supplements in effect under Appendices* C, D, E and F for a Ford employee shall apply.
 - (ii) Subject to reimbursement from the Rouge-UAW Retirement Plan, for credited service after the Closing and before the Asset Transfer Date, benefits determined at rates that, with supplementation provided in the 1989 Settlement Agreement, are equal to the benefit rates in effect at the Closing under Appendices* C, D, E and F of this Plan shall apply until such benefits become payable by the Rouge-UAW Retirement Plan; provided that any temporary benefit or early retirement supplement payable under this Plan and the Rouge-UAW Retirement Plan shall be subject to coordination as provided in Sub-section 6(a) of this Article.

* Appendix C is reproduced in full beginning on page 200.
Appendix D is reproduced in full beginning on page 221.
Appendix E is reproduced in full beginning on page 225.
Appendix F is reproduced in full beginning on page 228.

- (b) For such a Rouge employee who is not covered by Subsection 1(a) immediately above, the employee's benefit rates under the Rouge-UAW Retirement Plan (i) for credited service through December 31, 1987 shall be the rates as in effect on the Closing under the Ford-UAW Retirement Plan, (ii) for credited service in 1988 and 1989 shall be the rates applicable for such years for Rouge employees under the Plan as in effect immediately before the Closing, and (iii) for credited service after the Closing shall be the same rates as provided in Subsection 1(b)(ii) supplemented by amounts necessary to increase the combined rates to amounts equal to the amounts in Subsection 1(b)(i) above.
- (c) Any such employee's retirement benefits for credited service after the Closing under Subsection 1(a) or for all credited service under Subsection 1(b) shall be paid from the Rouge-UAW Retirement Plan.

Section 2. Rouge Employees Who Elect To Exercise Ford Seniority

- (a) If when eligible after the Closing a Rouge employee has elected to exercise his/her seniority rights to return to Ford, the following shall determine his or her retirement benefits:
 - (i) For such an employee who, either before or after the Asset Transfer Date, has either returned to Ford or has sufficient seniority to return to Ford but retires or dies or incurs a break in seniority before such return, the employee's benefits will be payable under the Ford-UAW Retirement Plan as in effect for a Ford employee at retirement or death or break in seniority as though all such credited service had been with Ford.
 - (ii) For such an employee who dies or retires or otherwise incurs a break in seniority before attaining sufficient seniority to return to Ford, (A) the Ford-UAW Retirement Plan will pay the employee's benefits as in effect for a Ford employee at retirement or break in seniority but based only on credited service through the Asset

Transfer Date, and (B) the Rouge-UAW Retirement Plan will pay the employee's retirement benefits based on credited service after the Asset Transfer Date based on the Rouge-UAW Retirement Plan provisions; provided however that any temporary benefit or early retirement supplement payable under this Plan and the Rouge-UAW Retirement Plan shall be subject to coordination as provided in Subsection 6(a) of this Article.

Provided, however, that there shall have been transferred from the Rouge-UAW Retirement Plan assets allocable to credited service and benefits under the Rouge-UAW Retirement Plan for the period after the Closing.

- (b) If when eligible after the Closing a Rouge employee has elected to remain an employee of Rouge and not to exercise his or her seniority rights to return to Ford and if thereafter such employee is laid off by Rouge and if pursuant to Attachment 9 to the 1989 Settlement Agreement such person shall have become a Ford employee, any retirement benefits based on (i) any credited service before the Closing shall be determined and paid pursuant to Section 1, (ii) credited service after the Closing and before the employee returns to Ford employment shall be determined and paid under the Rouge-UAW Retirement Plan, and (iii) credited service with Ford after such person returns to Ford employment shall be determined and paid under this Plan.

Section 3. Laid Off Ford Employees

- (a) If when eligible pursuant to Attachment 16 of the 1989 Settlement Agreement after the Closing and before October 1, 1990 a Ford employee shall have become a Rouge employee, benefits shall be payable under the Rouge-UAW Retirement Plan for credited service (i) before such person shall have become a Rouge employee, at the rates in effect under the Plan prior to the October 1, 1990 amendments to the Plan, and (ii) after such person shall have become a

Rouge employee, at the rates provided in the Rouge-UAW Retirement Plan.

- (b) If a Ford employee shall have been laid off and shall have become a Rouge employee pursuant to the provisions of Attachment 14 to the 1989 Settlement Agreement, the employee's benefits based on (i) credited service through the employee's transfer date shall be determined and payable from this Plan, and (ii) credited service after the employee's transfer date shall be determined and payable from the Rouge-UAW Retirement Plan.

Section 4. Pre-Closing Transfers (Power House and Other Employees)

The benefit rates for a Rouge employee including an employee in the Rouge Power House Operations who became a Ford employee prior to the Closing shall be the benefit rates provided in this Plan as though all such credited service had been with Ford, provided that the employee shall have continuing Ford seniority as of October 1, 1990.

Section 5. Pension Fund Asset Transfer and Cancellation of Creditable Service

There shall be withdrawn from the Pension Fund and transferred to the trust fund under the Rouge-UAW Retirement Plan that portion of the assets of the Pension Fund on an actuarial basis that is allocable to the credited service and benefits of Rouge employees (i) as of the Closing in the case of an employee covered by Section 1(b) of this Article, and (ii) as of the date the employee shall have become a Rouge employee in the case of an employee covered by Section 3(a) of this Article; provided that such benefits will be paid by the Rouge-UAW Retirement Plan. All or that portion of a Rouge employee's credited service and benefits under the Plan that has been transferred from the Plan to the Rouge-UAW Retirement Plan shall be cancelled and such employee shall be entitled to no benefits or payments under this Plan for such periods. Any Rouge employee who subsequently becomes a new hire of Ford Motor

Company shall be entitled to count for purposes of eligibility and credited service under the Plan only his/her service with Ford from and after the date the employee so becomes employed.

Section 6. Proration of Temporary Benefit and Early Retirement Supplement, Reduction of Early Supplement, Earnings Limitation

- (a) In making any proration for purposes of the temporary benefit or the early retirement supplement for an employee with benefits payable under this Plan, when an employee's total credited service with Rouge and Ford exceeds thirty years, years of credited service with the employer with the lower temporary benefit or early retirement supplement and in excess of 30 years of credited service in total will be disregarded, provided however that for purposes of determining the amount of early retirement supplement such credited service shall be disregarded only after determining the monthly benefit applicable under Article V of this Plan and comparable provisions of the Rouge-UAW Retirement Plan. The amount of any reduction applicable under Article VI, Section 3 of the Plan shall be determined in the same manner as the amount of the temporary benefit under Section 1(a) of this Article XVII had the employee retired on the Date of Eligibility for an unreduced Social Security Benefit.
- (b) The Annual Earnings Limitation amount applicable to the Supplemental Allowance payable from this Plan for 1990 and future calendar years shall be as provided in Article VI, Section 4 of the Plan for the applicable calendar year. Earnings after retirement in excess of the applicable limit and the penalties thereon shall be allocated between this Plan and the Rouge-UAW Retirement Plan based on the ratio of the amount of the retired employee's Supplemental Allowance under this Plan to the aggregate amount of the retired employee's Supplemental Allowance under this Plan and his or her supplemental allow-

ance under the Rouge-UAW Retirement Plan. Any penalty amount under the supplemental allowance provisions of the Rouge-UAW Retirement Plan in excess of the amount that can be charged against the retired employee's supplemental allowance under the Rouge-UAW Retirement Plan shall be charged against his or her Supplemental Allowance under this Plan to the extent that such excess penalty is attributable to earnings in excess of the applicable limit under this Plan.

Section 7. Pre-Closing Retirees

For monthly benefit payments beginning January 1, 1990 to an employee with credited service based on Rouge employment who shall have retired prior to the Closing, the benefit will be determined by counting all years of credited service with Ford and Rouge Steel under this Plan with the rates as applicable to such employee based on the date of the employee's retirement. The benefits of an employee who broke seniority prior to the Closing shall be determined and payable under this Plan as in effect at the time of the break in seniority.

Section 8. General

- (a) A Rouge employee must retire or break seniority with Rouge in order to receive a benefit for which he or she is otherwise eligible under this Plan. In no event shall there be a duplication of credited service and benefits under this Plan and the Rouge-UAW Retirement Plan for the same period of service.
- (b) Solely for purposes of fulfilling the minimum years of creditable service required as a condition of eligibility for a benefit under this Plan, there shall be added to an employee's creditable service under this Plan any years of creditable service the employee shall have accumulated under the Rouge-UAW Retirement Plan during a continuous period of employment with Ford and Rouge for which he/she shall have received full seniority credit.
- (c) The Board and the Company shall administer the Plan as applicable to Rouge employees and certain

Ford employees in the Rouge Area consistent with the provisions of this Article and the provisions of the 1989 Settlement Agreement, as modified in 1990 Ford-UAW negotiations. In the event of an inconsistency between the provisions of this Article and the 1989 Settlement Agreement, as modified in 1990 Ford-UAW negotiations, the 1989 Settlement Agreement, as modified in 1990 Ford-UAW negotiations, shall govern and the Board shall be authorized to modify the provisions of this Article accordingly with the written consent of the Company and the Union.

- (d) A Rouge employee described in Subsection 1(a) of this Article who becomes totally and permanently disabled within the meaning of Article IV, Section 3 shall be eligible for a disability retirement benefit as provided in the applicable provisions of Article V, Section 3.

Section 9. Employees of Rouge Steel Who Elect Employment with Severstal North America, Inc.

- (a) **A former Rouge employee, as determined under Section 1(a) of this Article XVII, who elected to be employed with Severstal North America, Inc. (herein referred to as Severstal) on January 30, 2004, and who became a seniority employee with Rouge or Severstal, and is not employed by the Company prior to the effective date of retirement, may upon timely application, and without separation from Severstal employment, commence receipt of retirement benefits under Article IV, Section 1 or 2 of this Plan.**
- (b) **For purposes of meeting the credited service requirement under Article IV, Section 2(a) of this Plan and pro-ration of the Temporary Benefit or Early retirement supplement under Section 6(a) of this Article XVII, service with Severstal shall apply until such time as the former Rouge employee makes application for retirement benefits under this Plan and upon such retirement date no future Severstal service shall be recognized for any purpose under the Plan.**

The life income benefit rate applicable to a retired employee or a former employee who shall incur a break in seniority and is entitled to a deferred vested pension benefit shall be determined by the Benefit Class Code for the job classification held by him/her for the greatest number of calendar days during the 24 consecutive months immediately preceding his/her last day worked.

III. **New or Obsolete Job Classifications**

The Benefit Class Code established for each job classification as provided herein shall continue in effect without change throughout the term of the Agreement Concerning Retirement Plan, it being understood that the Benefit Class Code to be established for any new job classification (or job classification with special identification) put into effect after September 14, 1973 shall be whichever Benefit Class Code is applicable to other job classifications having the same maximum base hourly rate on the date that such new job classification is put into effect, and further, that with respect to a job classification that was obsolete as of September 14, 1973 a hypothetical maximum base hourly rate applicable thereto as of that date shall be determined by increasing the maximum base hourly rate for that job classification at the time of its discontinuance to the extent necessary so as to give effect to general wage increases (including cost-of-living allowance transfers) that have occurred from the date of such discontinuance through September 14, 1973 and the Benefit Class Code for such classification so derived shall be whichever Benefit Class Code herein is applicable to other job classifications having the same maximum base hourly rate on that date.

APPENDIX I**STANDARDS FOR APPLICATION OF
SPECIAL EARLY RETIREMENT PROVISION
FORD-UAW RETIREMENT PLAN¹**

Article IV, Section 2(b) of the Ford-UAW Retirement Plan provides that an employee on or after October 1, 1987, may be retired early under mutually satisfactory conditions providing he/she is otherwise eligible. The following standards have been adopted by the Company as a guide in the application of this provision.

STANDARDS

- A. An employee who is inefficient by reason of permanent disability and who has been on the active employment rolls on or after 9-1-58.*

The retirement must be in the best interests of the Company. It is intended to benefit employees unable to work efficiently through no fault of their own. This contemplates that the efficiency of operation will be improved by reason of the retirement which may be the case in any of the following situations:

- The employee is no longer physically or mentally capable of performing his/her work in an efficient and satisfactory manner.
- The employee, though still capable of performing his/her work satisfactorily, is prevented by chronic physical illness or physical disability (less than total) from working regularly to the extent that efficiency of operation is interfered with.
- The employee's condition, based on medical evidence satisfactory to the Company, is such that, although able to perform the duties of his/her job satisfactorily, he/she would thereby be jeopardizing

¹ This language was formerly in the 1990 Letter of Understanding, Standards to Implement Special Early Retirement Provisions.

* Person on the medical layoff list may be considered if he/she has been on the active employment rolls on or after March 1, 1950.

APPENDIX I

STANDARDS FOR APPLICATION OF
SPECIAL EARLY RETIREMENT PROVISION
FORD-UAW RETIREMENT PLAN¹

his/her health or that of fellow employees, and it is expected that this condition will be continuous until his/her normal retirement age.

- The employee is on medical leave (medical leave expired) or medical layoff and his/her condition, based on medical evidence satisfactory to the Company, is expected to be continuous until his/her normal retirement age, and the probability of his/her being reinstated prior to his/her normal retirement age is remote because of his/her physical condition. The determination of Company interest is not necessarily to be made only in reference to the particular job held by the employee; consideration should be given to the possibility of placing the employee on other work in line with his/her physical capacity and seniority.

It is in the Company's interest to see that this provision of the Plan is not abused or misused.

A discharge for cause shall not constitute retirement under mutually satisfactory conditions. It is not in the Company's best interests to reward misconduct, including deliberate poor job performance or absenteeism, with higher retirement benefits.

B. An employee who is laid off:

- Special early retirement will be offered to an employee who is laid off on or after October 1, 1987 as a result of a plant closing or discontinuance of operations.
- Effective on or after October 1, 1987 special early retirement will also be offered to an employee whose layoff appears to be permanent and who appears to have no further opportunity for employment with the Company.

(e) **Exclusion from Umpire's Powers**

The Umpire shall have no jurisdiction over any matter arising under this Section 27 or under the Program.

(f) **Effective Dates**

- (1) Except as otherwise specifically provided in the Program, its H-S-M-D-D-V Program provisions shall become effective **November 19, 2007**.
- (2) Except as otherwise specifically provided in the Program, its Group Life and Disability Insurance provisions shall become effective **November 19, 2007**, with respect to employees then at work, and on the first day worked thereafter with respect to other employees. Group Life and Disability Insurance for employees for whom the provisions of the Program shall not have become effective shall be governed by the provisions, conditions, and limitations of the Program as constituted on the date each such employee was last actively at work.
- (3) For those to whom they become applicable, the provisions of the Program shall be used in lieu of the provisions of the previous programs, and benefits under the Program shall be reduced where benefits received under the previous programs would reduce benefits if they had been received under this Program.

Schedule I applies to all other employees eligible for Extended Disability Benefits.

(b) For employees age 65 and older:**(1) Life Insurance—10 or more Years**

If an employee is insured at age 65 and has 10 or more years of creditable service under the Retirement Plan at the end of the month in which he attains age 65, his Life Insurance shall be continued until his death. However, the amount of insurance shall be gradually reduced (at the rate of 2% of the amount in force at age 65) each month after he becomes age 65 until an ultimate amount of Life Insurance called "Continuing Group Life Insurance" (CGL) is reached; provided, however, if he continues to work beyond age 65 and his amount of Life Insurance changes because of a change in his base pay rate, then his Life Insurance in force shall be determined as though the amount of his Life Insurance applicable to his most recent pay rate had been the amount in force at age 65 and provided, further, that if the employee continues to work beyond age 65, the amount of Life Insurance in force as long as he has Company-paid coverage other than as a retiree shall not be less than the following percentages of the amount in force at age 65 (as adjusted based on his most recent pay rate):

<u>Age</u>	<u>Percentage of the Amount of Life Insurance at Age 65</u>
65 but less than 70	65%
70 but less than 75	50%
75 but less than 80	35%
80 but less than 85	25%
85 but less than 90	20%
90 and Above	15%

The Continuing Group Life Insurance (CGL) amount will be determined by multiplying by 1½% his years of creditable service under the Retirement Plan. This amount will then be multiplied by the amount of Life Insurance in force

at age 65 (or the amount determined by the Schedule of Benefits set forth in Subsection (a) above for his base hourly rate on the last day he is actively at work, if later).

Despite the crediting of service and base hourly rate increases after age 65, the reduction of Life Insurance commences at age 65.

The minimum amount of CGL is the greater of 15% of Life Insurance in force at age 65 (with 10 years of creditable service) or \$5,000. If the amount of Life Insurance in force at age 65 is less than \$5,000 and the employee does not return to work thereafter, the CGL is the amount of Life Insurance in force at age 65 or \$500, whichever is greater.

(2) Life Insurance—Less than 10 Years

If an employee remains employed after age 65 but has less than 10 years of creditable service under the Retirement Plan, his Life Insurance will be continued subject to the reductions described in (1) above. However, if his seniority breaks or if he is on layoff in excess of twenty-five consecutive months, Life Insurance is discontinued. If such an employee attains 10 years of creditable service after his 65th birthday, the amount of the employee's Life Insurance in force at the end of the month in which the employee attains age 65 (or the amount determined by the Schedule of Benefits set forth in Subsection (a) above for the employee's base hourly rate on the last day the employee is actively at work, if later) shall be reduced and continued as provided in (1) above.

(3) Those Becoming Insured After Age 65

If an employee becomes insured after age 65, the amount of his Life Insurance (until discontinued under the provision of (2) above) will be determined in accordance with the Schedule of Benefits in Section 3 above, subject to the reductions described in (1) above, as though he had been insured since age 65.

(4) **Years of Participation**

If an employee's retirement date is prior to November 19, 2007, for purposes of (1) and (2) above, years of participation (prior to age 65) in Group Life and Disability Insurance, if any, after an employee last ceases active work before age 65, are added to creditable service under the Retirement Plan in determining eligibility for and amounts of Continuing Group Life Insurance.

(5) **Other Insurance While Working**

While an employee is working after age 65, all other insurance coverages set forth in the Schedule of Benefits (Subsection (a) above) remain in force subject to the limitations as described in Sections 10 and 13 below. In the event such employee stops working for any reason before seniority is broken, coverages may be continued according to the provisions of Section 14 below.

Section 4. Commencement of Coverage

Coverage becomes effective as set forth below:

- (a) Employees hired or rehired: The date **of hire or rehire**, except that Accident and Sickness and Extended Disability Benefit Insurance coverages do not commence until the first of the sixth month following date **hired or rehired**.
- (b) Employees reinstated: Date of reinstatement **for Life, AD&D, and Survivor Income Benefit; for A&S and EDB**, if insured at last termination.

Provided, however, that if accident or sickness keeps **the employee** from work on the day he/**she** would otherwise become insured, the insurance does not take effect until the day he/**she** returns to work.

An employee returning from military service under Article VIII, Section 33 of the Collective Bargaining Agreement shall be eligible for all coverage on the first day he/**she** is reinstated.

Section 5. When Scheduled Amounts of Insurance Change

Changes in the employee's scheduled amounts of benefits as a result of changes in his base hourly rate, will be made as follows:

If in a New Insurance Bracket on		The Change Takes Effect on	
January	1	February	1
April	1	May	1
July	1	August	1
October	1	November	1

Provided, however, that if accident or sickness keeps him from work on the day the change would otherwise be effective, the change does not take effect until the day he returns to work.

For employees under an incentive plan, benefit amounts are determined on the basis of average straight-time hourly earnings (exclusive of shift differentials, overtime, cost-of-living allowance or other extras) during the four pay periods worked immediately preceding January 1, April 1, July 1 and October 1.

Section 6. Benefit Payments

(a) General

Life and Accidental Death and Dismemberment claims are paid promptly upon submission of satisfactory proof of death, accident or loss. Survivor Income Benefits are paid upon continuing proof of eligibility as a Survivor. Accident and Sickness Benefits are paid to the eligible employee weekly subject to receipt of due proof. Extended Disability Benefits are paid to the eligible employee monthly following the date of expiration of the maximum number of weeks for which the employee is entitled to receive Accident and Sickness Benefits, subject to receipt of due proof.

Except for Survivor Income Benefits, benefit payments shall be based upon the employee's base hourly rate (exclusive of shift differentials, overtime, cost-of-living allowance or other extras) on the last

day the employee worked preceding death or disability, or if higher, the greater of the scheduled amounts applicable to the employee as described in Section 5 on the last two dates on which Insurance Bracket changes took effect, immediately preceding death or disability.

For Accident and Sickness Benefits and Extended Disability Benefits, if an employee at work on or after October 25, 1999 becomes disabled again by an old accident or illness without having returned to work for three consecutive months or more, the benefits shall be the amount the employee would have received under a continuation of the prior claim.

If an employee is under an incentive plan, benefits (other than Survivor Income Benefits) shall be based on the employee's average straight-time hourly earnings (exclusive of shift differentials, overtime, cost-of-living allowance or other extras) during the four pay periods worked immediately preceding the pay period during which the employee dies, or becomes disabled, or, if higher, on the scheduled amounts applicable to the employee as described in Section 5 on the last two dates on which Insurance Bracket changes took effect, immediately preceding death or disability.

If an employee is assigned a lower rated job because of an occupational disability with a resulting loss in pay, benefit payments shall be based on base hourly rate at the time of injury, during periods while the employee is at work and for which weekly Workers' Compensation is received by the employee for such loss in pay.

(b) **Incompetents**

If the person to whom a payment is otherwise payable is incompetent or otherwise incapable of giving a valid release, the Insurer may withhold payment until a guardian of such person is appointed or, at its option in the case of payments due on a weekly or monthly basis, pay any relative of such person by blood or marriage or any other individual or institution appearing to it to have assumed cus-

tody of such person. The liability of the Insurer shall be fully discharged to the extent of such payment.

(c) Settlement Options

The amount of any valid life insurance or accidental death and dismemberment insurance claim for death, less, in the case of life insurance, any payment made in accordance with Subsection 7(c) below, shall be paid in one sum if such amount is less than \$10,000. If \$10,000 or more, a money market account shall be established for the beneficiary under the provisions of UNICARE's "Control Plus" Guaranteed Access Account Program once the beneficiary's claim form is completed and submitted.

(d) Recovery of Benefit Overpayments

If it is determined that any benefits paid to an employee should not have been paid or should have been paid in a lesser amount, including a situation where other payments for a previous period cause a redetermination of the benefits that should have been paid, written notice thereof shall be given to such employee and he shall repay the amount of the overpayment to the Insurer provided, however, that no repayment shall be required if notice has not been given within one year from the date the overpayment was established and the overpayment was caused solely by Company or Insurer error.

If the employee fails to repay such amount of overpayment promptly, the Insurer may arrange to recover the amount of the overpayment by making an appropriate deduction or deductions from any future benefit payment or payments payable to the employee, or the Company at the Insurer's request may make an appropriate deduction or deductions from future compensation payable by the Company to the employee.

(e) Subrogation

If an employee's death or disability for which any Accident and Sickness (A&S) and/or Extended Disability Benefits (EDB) are paid under the Plan is the result of circumstances or an event which creates a

legal liability in another person or entity and the employee (or his/her dependents or personal representative) seeks to recover compensatory or economic damages through legal or other action against that person or entity, the Company or Insurer may take legal or other action to join the action initiated by the employee to recover the cost of benefits paid by the Plan. If compensatory or economic losses (but not punitive damages or sums allocated to compensate for pain and/or suffering) are recovered by an employee or his/her estate in a personal injury action, such payments shall be offset from the benefits paid or payable from the Plan. If the employee's recovery creates an overpayment of the benefits paid by the Plan and the Company or Insurer is not reimbursed by the employee from such recovery, the Insurer may initiate its normal "Overpayment Recovery Procedures" to recoup the overpayment from the employee. When recovery is made by the Company or claims processor under this provision, a share of the expense of the recovery, including attorney fees, will be paid by the Plan. The expenses to be paid will be those ordered by the court or, in absence of a court order, in the same proportion as the amount recovered by the Plan represents of the total recovered as a result of the personal injury action.

If the employee (or his/her dependent or personal representative) does not commence an action to enforce the liability of the other person or entity within eighteen (18) months after the occurrence of the death or disability, the Company or Insurer may, in its own name and within the period of time for commencement of actions prescribed by statute, initiate action to enforce the right of recovery against the liable person or entity.

The amount to be subrogated under this provision will not exceed the total cost of the benefits paid by the Plan. Subrogation will not be pursued if it will result in an employee's gross recovery being less than the total of the benefits paid or payable under the Plan.

This subrogation provision will not impede any action initiated by the Company to recover medical benefits paid under the HSMDDV Plan according to the subrogation provisions of that Plan.

Section 7. Life Insurance

(a) **Benefit**

If an employee dies from any cause while insured, the amount for which he/she is insured shall be paid to the person he/she has named as beneficiary. **If an employee names more than one primary beneficiary, and a primary beneficiary predeceases the employee, the full death benefit upon the death of the employee is paid to the remaining primary beneficiaries.** In the event the last named beneficiary dies before the employee, or if no beneficiary shall have been named, the life insurance will be paid to the employee's wife, husband, or Qualified Same-Sex Domestic Partner (as defined in Section 9(F)), if living; if not living, equally to the employee's surviving children; if none survive, to either the employee's mother or father, or to both equally if both survive; if there are no such survivors, to the executors or administrators of the employee's estate.

(b) **Beneficiary Designation**

An employee, or retiree with life insurance in force, has the right to name the beneficiary of his/her choice, and to change his/her beneficiary at any time. The beneficiary is that designation last made by the employee or retiree as indicated on the records of the Insurer.

When the Insurer receives notice of a beneficiary change, the change then relates back to and takes effect as of the date the employee signed such notice, according to the date shown thereon, whether or not he/she is living when the Insurer received such notice, but without prejudice to the Insurer on account of any payment it may have made before receipt of such written notice.

(c) **Burial Expenses**

The Insurer, at its discretion, may deduct from the sum payable upon an employee's death up to the minimum CGL amount to be paid to any person or persons who appear to have incurred expenses in connection with the employee's burial. **The insurer will not exercise the right to distribute some of the proceeds for burial expenses under the following circumstances:**

- **where the death claim is in dispute or litigation**
- **where the beneficiary (or guardian of a beneficiary who is a minor) does not agree to such a distribution.**

(d) **Assignment**

Life Insurance is not assignable, unless the assignment is made in writing and consented to by the Insurer in writing.

(e) **Accelerated Benefits**

Terminally ill employees and retirees may elect to receive a portion of their life insurance plan proceeds in advance of their deaths. The amount of life coverage that remains in force will be reduced by the amount paid out under the accelerated benefits option. Accelerated benefits may be paid to an employee or retiree only once.

Under this option insured employees and retirees who are diagnosed with a terminal condition may receive up to fifty percent of coverage in force in a one-time lump sum payment. Under this provision, "terminal illness" means an injury or sickness expected to result in death within one year without any reasonable prospect of recovery as determined by the insurer, its medical staff or a qualified party selected by the insurer.

The accelerated benefit will be calculated on the amount of life insurance in force when application for the benefit is made, except the maximum benefit would be 50% of the Continuing Group Life (CGL) or

ultimate amount for any employee or retiree whose benefit is in the process of reducing when application is made or whose benefit will begin to reduce during the one-year life expectancy period.

The accelerated benefits option would apply to all employees and retirees with Company paid coverage. The option will not apply to the following:

- individuals who are cash paying for life insurance coverage while a grievance is pending or while on layoff or leave of absence.
- permanently and totally disabled individuals who have already drawn on their life benefits.
- individuals who have irrevocably assigned their life insurance and
- when all or a portion of the life insurance is to be paid to a former spouse as part of a divorce agreement.

Section 8. Safety Belt User Benefit Program

The Company will provide coverage for a Safety Belt User Benefit as set forth in Exhibit II.

In the event of any conflict between the provisions of Exhibit II and any other provision of this Program, the provisions of Exhibit II will supersede such other provision to the extent they apply to Exhibit II. The terms of the insurance policy or the terms of an administrative services only arrangement shall govern as to any determination regarding the payment of benefits.

Section 9. Survivor Income Benefits

(a) Transition Survivor Income Benefit

If an employee dies while insured for Survivor Income Benefits, leaving one or more Survivors, as defined below, the Insurer shall begin payment of not more than 24 monthly Survivor Income Benefits ("Transition Survivor Income Benefits"), provided at least one of such Survivors is living on the first day of the month following the employee's death and then qualifies as the employee's Survivor.

The amount of the monthly Transition Survivor Income Benefit is **\$700** for eligible survivors of an employee who is at work on or after **November 19, 2007** for any month for which no eligible survivor of the deceased employee is eligible for an unreduced old-age benefit, a survivor's benefit not reduced because of age or disability benefit under the Federal Social Security Act as now in effect or as hereafter amended, and otherwise is **\$375** for eligible survivors of an employee who is at work on or after **November 19, 2007**. For months in which two or more survivors share a Benefit, each survivor's share is computed as a fraction of the Benefit that would be paid to the survivor as a sole survivor, according to such survivor's own eligibility for Social Security benefits.

The amount of monthly Transition Survivor Income Benefit for a survivor of an employee who last worked prior to November 19, 2007 remains unchanged.

The first such benefit is payable on the first day of the month following the employee's death. Thereafter, a monthly Survivor Income Benefit is payable on the first day in each of the next 23 months, but if on the first day of any month after the employee's death no person then living qualifies as the employee's survivor, no such benefit is payable for that month or any subsequent month.

Survivors are classified and defined as follows:

- (1) A "Class A Survivor" means the employee's widow, whether or not remarried, but only if she was married to the employee for at least a year immediately prior to his death.
- (2) A "Class B Survivor" means an employee's widower, whether or not remarried, but only if he was married to the employee for at least a year immediately prior to her death.
- (3) A "Class C Survivor" means the employee's child who at the employee's death and at the time a Survivor Income Benefit first becomes payable to such child is both unmarried and either (i) under

21 years of age, or (ii) at least age 21 but under age 25, or (iii) totally and permanently disabled at any age over 21; provided, however, that a child under clause (ii), (iii), or (iv) must have been legally residing with and dependent upon the employee at the time of his/her death. A child ceases to be a Class C Survivor upon marrying, or if not totally and permanently disabled, upon reaching his or her 25th birthday. To qualify as the employee's child, the child must be one of the following:

- (i) the employee's own child born prior to the first of the month following the employee's death,
- (ii) the employee's legally adopted child or a child with respect to whom he/she had initiated legal adoption proceedings which were terminated by his/her death,
- (iii) the employee's step-child who resided with him/her at the time of his/her death.
- (iv) The unmarried child of an employee's Qualified Same-Sex Domestic Partner (Partner) if they are that Partner's natural or legally adopted child, a child under age 18 placed with the Qualified Same-Sex Domestic Partner for legal adoption, or a child for whom the Qualified Same-Sex Domestic Partner has been appointed legal guardian. The child/children must live with the employee and be claimed as an exemption by the employee under sections 151 and 152 of the Internal Revenue Code for income tax purposes.

For purposes of (1) and (2) above, a Qualified Same-Sex Domestic Partner of an employee qualifies as a survivor of that class whether or not such person has married or entered into a new SSDP relationship, but only if he or she was identified by the Company as a Qualified Same-Sex Domestic Partner of the deceased employee from an Affidavit for Same-Sex Domestic Partnership Benefits filed by the employee

with the Company for at least one year prior to the employee's death.

- (4) A "Class D Survivor" means the employee's parent for whom he had, during the calendar year immediately preceding his death, provided at least 50% of such parent's support, if such parent was
- (i) the employee's father or mother by blood relationship, or
 - (ii) the employee's adopting parent.
- (5) The survivors entitled to each monthly Survivor Income Benefit that becomes payable under this Subsection 9(a) shall be determined as follows:
- (i) the employee's Class A or Class B Survivor who is living on the first day of a month shall be entitled to the benefit payable for such month;
 - (ii) if neither the employee's Class A nor Class B Survivor is living on the first day of a month, persons who qualify on that day as his Class C Survivors, excluding any then deceased, shall be entitled to the benefit payable for that month; two or more such persons to share the benefit equally;
 - (iii) if neither the employee's Class A nor Class B Survivor is living on the first day of a month and no living person qualifies on that day as the employee's Class C Survivor, persons who qualify on that day as the employee's Class D Survivors, excluding any then deceased, shall be entitled to the benefit payable for that month; two such persons to share the benefit equally;
 - (iv) in any case in which the Class A or Class B eligible survivor does not receive Survivor Income Benefits because of a waiver under Section 9(e), any payments of Transition Survivor Income Benefits to a Class C or Class D eligible survivor shall be determined as if the deceased Class A or Class B eligible survivor had not waived such benefits. In no

event, however, would any such benefit be paid to a Class C or Class D eligible survivor for any month for which Transition Survivor Income Benefits would have been payable to the Class A or Class B eligible survivor except for the waiver or for any month subsequent to 24 calendar months after the date of death of the insured employee.

(b) Bridge Survivor Income Benefit

A Class A or Class B Survivor who was at least 45 years of age at the employee's death, or whose age (to the nearest 1/12) when combined with the employee's years of creditable service under the Retirement Plan, both of which to be determined as of the date of the employee's death, totals 55 or more, and to whom 24 monthly Transition Survivor Income Benefits have been paid shall be paid an additional monthly Survivor Income Benefit ("Bridge Survivor Income Benefit") for each month thereafter (except as provided in (e), below) while such survivor lives and continues to qualify as a survivor until the earlier of (i) her or his remarriage, or (ii) her or his attainment of age 62 (age 62 and one month, if she or he attains age 62 and (1) will not receive any Widow's or Widower's Insurance Benefits under the Federal Social Security Act during such additional month, (2) will not be eligible for a Survivor Benefit under the Retirement Plan and (3) will be eligible to receive and applies for a reduced Old-Age Benefit under the Federal Social Security Act that will initially be paid during the 2nd month following the 62nd birthday) or such lower age at which full Widow's or Widower's Insurance Benefits become payable under the Federal Social Security Act as it may be amended, provided, however, that no additional monthly survivor benefit shall be payable to a Class A or Class B Survivor for any month for which she or he is eligible because of the care of a child to receive under such Act Mother's Insurance Benefits or a comparable benefit for a father, whether or not called a Father's Insurance Benefit.

The amount of the monthly Bridge Survivor Income Benefit is **\$700 for** a survivor of an employee at work on or after **November 19, 2007**.

The amount of the monthly Bridge Survivor Income Benefit for a survivor of an employee who last worked prior to November 19, 2007 remains unchanged.

(c) **Assignment and Attachment**

An employee may not assign his Survivor Income Benefits and his survivors may not assign any monthly Survivor Income Benefit that becomes payable.

To the extent permitted by applicable law, monthly Survivor Income Benefits shall not be subject to attachment or other encumbrance or subject to the debts or liability of any survivor.

(d) **Proof of Death and Entitlement**

Survivor Income Benefits become payable only if due proof of the employee's death is submitted to the Insurer. Payment of each monthly Survivor Income Benefit is subject to the condition that the person claiming the benefit submit to the Insurer due proof of entitlement to such benefit.

(e) **Waiver**

An eligible Class A or Class B Survivor of an employee may execute a waiver with respect to any right to receive Survivor Income Benefits for any period by completing a waiver form furnished by the Insurer for that purpose, regardless of the date the deceased employee last worked, such waiver being effective the first of the second month following the month in which such waiver is received by the Insurer. No Survivor Income Benefits shall be payable for any period covered by such waiver; provided, however, any month in which a Survivor Income Benefit is not paid because of such waiver shall be counted as if it is a month for which a benefit is paid under (a) above for the purpose of determining the maximum number of monthly Transition Survivor Income Benefits. An eligible Class A or

Class B Survivor may revoke such a waiver by completing the appropriate form furnished by the Insurer, such revocation being effective with respect to Survivor Income Benefits payable on and after the first of the second month following the month in which such revocation is received by the Insurer.

(f) **Same-Sex Domestic Partner (SSDP)**

To qualify as a Same-Sex Domestic Partner of an employee, an individual must meet all of the following conditions:

The employee and partner must:

- (i) Be of the same sex;
- (ii) Share a continuous committed relationship with each other for no less than six months, intend to do so indefinitely, and have no relationship with any other person.
- (iii) Be jointly responsible for each other's welfare and financial obligations;
- (iv) Reside in the same household;
- (v) Not be related by blood to a degree of kinship that would prevent marriage from being recognized under the laws of their state of residence;
- (vi) Must reside in a state where marriage between persons of the same-sex is not recognized as a valid marriage, or, if residing in a state that recognizes same-sex unions, enter into such union as recognized by the state;
- (vii) Both partners be over age 18, of legal age, and legally competent to enter into a contract in the state residence;
- (viii) Neither partner be married to a third party; and
- (ix) Provide the Company with an affidavit for Qualified Same-Sex Domestic Partnership benefits, such affidavit form to be available from the Company upon request.

Benefit coverage for an individual as a Qualified Same-Sex Domestic Partner of an employee ends

when the individual ceases to meet all of the above eligibility criteria.

Prior to payment of any benefits under the Plan to a Qualified Same-Sex Domestic Partner (SSDP), evidence will be required that the domestic partner relationship has been continuous in existence from the date on which the employee submitted an Affidavit for Domestic Partnership Benefits to the date of the event for which benefits are claimed.

Coverage of Qualified Same-Sex Domestic Partners is limited to active employees covered by this Agreement. Current retirees may not cover an SSDP. Active employees who retire while providing coverage for an SSDP may continue to cover that person, and the person's eligible children, during retirement. Additional persons may not be added to those covered under the SSDP provisions after an employee's retirement or death.

Section 10. Accidental Death and Dismemberment Insurance

(a) **Benefit**

If an employee has an accidental bodily injury and dies or incurs any of the other losses described below as a result of such injury, and dies or incurs any of the other losses within two years of such accident, the employee or the employee's designated beneficiary receives the following benefits, provided the employee is insured for this coverage at the time of such injury and at the time of such loss:

Loss	Accidental Death and Dismemberment Benefit
Accidental Death, including presumption of accidental death due to disappearance, or death due to exposure to elements as a result of an accident, or accidental loss of more than one of the following: hand, foot, or sight of an eye	Equal to one-half Life Insurance in force
Accidental loss of one of the following: hand, foot, or sight of an eye	Equal to one-quarter Life Insurance in force

If the employee is unavoidably exposed to the elements solely as the result of an Accident, and as a direct result of such exposure the employee suffers a Loss for which benefits would otherwise be payable under the Schedule of Losses, such Loss will be covered in accordance with all other provisions.

If, as a result of the Accidental destruction or disappearance of a conveyance in which the employee is riding, the employee disappears and if the body is not found within one year of the date of the report of the disappearance, then it will be presumed that there was Loss of life due to Accidental bodily Injury if there is no evidence to the contrary and supporting documentation from the appropriate court is provided. If the employee is later found alive after a benefit has been paid, the beneficiary must repay the benefit paid. If the employee is later found dead after this benefit has already been paid, additional benefits are not payable.

Loss of a hand or a foot means loss by severance at or above the wrist or ankle joint; and loss of sight of an eye means total and irrevocable loss of sight.

For employees who continue to work after age 65, the amount of Life Insurance in force means the reduced amount of Life Insurance in force as described in Section 3(b).

If loss of life results from accidental bodily injuries caused solely by employment with the Company, and results solely from an accident in which the cause and result are unexpected and definite as to time and place, the total amount payable as an accidental death and dismemberment benefit shall be three times the scheduled amount of Accidental Death and Dismemberment Benefit then in force.

(b) **Examination**

In the case of Dismemberment claims, the Insurer has the right as often as it may reasonably require to examine the employee at its expense while the claim is pending. It also has the right to make an autopsy, where not forbidden by law, in connection with Accidental Death claims.

(c) **Limitations**

No payment shall be made for any loss caused wholly or partly, directly or indirectly, by:

- Disease or bodily or mental infirmity, or medical or surgical treatment thereof,
- Any infection, except infection caused by an external visible wound accidentally sustained,
- Self-destruction or intentionally self-inflicted injury, while sane or insane,
- War or any act of war, whether declared or undeclared,
- The employee's act of aggression, participation in a felonious enterprise or illegal use of drugs.

The total amount payable on account of more than one of the losses listed in (a) above sustained in any one accident shall not exceed the amount equal to one-half the Life Insurance in force, except that in the event of loss of life resulting from accidental injuries caused solely by employment with the Com-

pany as set forth in (a) above, the total amount payable as an accidental death and dismemberment benefit on account of such accident shall not exceed three times the scheduled amount of Accidental Death and Dismemberment Benefit in force for the employee on the date of the accident.

(d) **Assignment**

Accidental Death and Dismemberment Insurance is not assignable unless the assignment is made in writing and consented to by the Insurer in writing.

Section 11. Accident and Sickness Insurance

(a) **Eligibility Requirements**

To be eligible for benefits, an employee must:

- become wholly and continuously disabled by accidental bodily injury, sickness or pregnancy (which includes resulting childbirth or miscarriage), while insured for Accident and Sickness Insurance,
- be unable to perform all duties of the employee's occupation,
- be under a doctor's care, and
- furnish the Insurer with notice and satisfactory proof of disability on a timely basis under Subsection (j) below.

The requirement that an employee be under a doctor's care shall be deemed to have been met if an employee under treatment for alcohol or drug abuse in an inpatient residential, day treatment or outpatient substance abuse treatment facility approved for benefits under the H-S-M-D Program furnishes the insurance company with certification of disability, provided either by the facility's physician director, or by a physician consultant selected by the facility, based on information furnished by, and upon the recommendation of, the therapist who is supervising the employee's therapy. For such certification to be acceptable, the physician director or physician consultant providing it must be a licensed doctor of medicine or osteopathy. **An employee under treat-**

ment for mental health issues may submit disability certification from a legally licensed Clinical Psychologist (PhD) during the first 30 days of disability. After the first 30 days of disability, a PhD disability certification will no longer be sufficient for these purposes; instead a legally licensed doctor of medicine or osteopathy who is a specialist in Psychiatry must submit subsequent disability certification for any disability extending beyond 30 days (14 days for any recurrent claims). The employee must be compliant with the prescribed treatment plan.

(b) Commencement of Benefits

If an employee is eligible for benefits as the result of an accident, benefits start on the first day of disability. If an employee is eligible for benefits as the result of a sickness or pregnancy, benefits start on the eighth day of disability, but if the sickness or pregnancy confines the employee in a hospital before the eighth day of disability, benefits start on the employee's first day in the hospital. Benefits start on the first day for treatment of an employee for alcohol or substance abuse in a free-standing residential alcohol or substance abuse facility approved for benefits under the H-S-M-D Program, or such other free-standing residential facilities as the Company and the Union shall mutually approve. If an employee undergoes an outpatient surgical procedure for which a payment of at least \$25 is payable under the H-S-M Program, benefits start the day following the day of surgery. An employee is confined in a hospital only if confinement is for at least 18 consecutive hours or if the hospital makes a room and board charge. For this Subsection (b), a day of disability includes such a day that an employee works less than four hours.

(c) Duration of Benefits

An employee is eligible for benefits for as many weeks as any one accident, illness or pregnancy keeps the employee disabled with a limit of 52 weeks

for one continuous period of disability. Benefits stop when the employee is able to return to work.

In addition to the time limits above, Accident and Sickness Benefits are further limited for one continuous period of disability due to accident, sickness or pregnancy to the lesser of 52 weeks or a period equal to the time at commencement of disability since an employee's most recent hire or rehire, except that if, at the date of expiration of the period Accident and Sickness Benefits are payable, such an employee for the same disability is confined in a hospital or is receiving lost time benefits because of employment with the Company under Workers' Compensation laws or other laws providing benefits for occupational injury or diseases but excluding specific allowances for loss or 100 percent loss of use of a body member, benefits continue to be payable while the employee continues to be so confined or to receive such lost time benefits, but in no event after 52 weeks of such benefits have become payable for that continuous period of disability.

One continuous period of disability includes successive periods of disability due to the same or related causes, unless before the later period of disability begins, the employee has returned to work with the Company for the applicable following period:

- (i) in the case of employees whose employment is subject to the California Unemployment Compensation Disability Benefits Law or the New Jersey Temporary Disability Benefits Law, two or more consecutive weeks,
- (ii) in the case of all other employees including employees whose employment is subject to the New York Disability Benefits Law, three or more consecutive months.

An employee shall have returned to work only if such employee works four or more hours on each working day (where state laws permit).

If an employee becomes disabled again by a new illness or accident, the employee can make a new

claim for benefits. The employee can also make a new claim for benefits if an old accident or illness disables the employee again, provided the employee has been back to work as described herein above.

(d) **Short-Service Employees**

The benefit amount for any period that an employee is otherwise eligible for benefits during any period of disability occurring prior to the day one year of seniority is attained shall be 75 percent of the benefit amount set forth in Schedule of Benefits (Section 3(a)).

(e) **Examination**

The Insurer has the right to have the employee examined at its expense, while the Accident and Sickness claim is pending or being paid. Failure to report for such examination may result in denial of Accident and Sickness Benefits.

(f) **Unemployment Compensation**

An employee is not entitled to Accident and Sickness Benefits while he is eligible for unemployment benefits under any unemployment compensation law or for any period for which he would have been entitled to such benefits had he not rejected or otherwise waived his rights to such benefits.

(g) **Workers' Compensation**

An employee's Accident and Sickness Benefits are reduced by the amount of any lost time Workers' Compensation benefits to which he is entitled. However, there will be no reduction in Accident and Sickness Benefits for Workers' Compensation payments for loss of member or 100 percent loss of use of member, or permanent partial disability payments for a work-related disability unrelated to the disability for which Accident and Sickness Benefits are payable.

No Accident and Sickness Benefit is payable for an occupational disability if the employee has rejected or otherwise waived his rights to coverage under the Workers' Compensation Law applicable to him.

(h) **Social Security**

Accident and Sickness Benefits are reduced by the weekly equivalent of any Disability Insurance Benefit or old-age insurance benefits, except old-age benefits reduced because of age, to which the person is entitled (primary insurance amount) payable for the same period under the Federal Social Security Act or any future legislation providing similar benefits. For purposes of such reduction, one monthly benefit shall be deemed equal to 4.33 weekly benefits.

(i) **Accident and Sickness Benefits for Less than a Week**

For an employee schedule to work a regular work week (five days/forty hours), Accident and Sickness Benefits for less than a full week are determined on the basis of one-fifth of the Weekly Benefit for each regular work day of disability (where state laws permit).

For an employee scheduled to work an alternate work schedule (for example, three crew and four/forty), Accident and Sickness benefits for less than a full week will be an amount calculated in accordance with the agreement with the Union for operation of an alternate work schedule at the plant at which the employee works.

(j) **Notice and Proof of Claim**

Written notice of injury or sickness must be given to the Insurer within 20 days after the date of the accident causing such injury or the commencement of disability resulting from such sickness or as soon thereafter as is reasonably possible. Proof of such injury or sickness must be furnished to the Insurer within 90 days after the termination of the period for which Weekly Benefits are payable under the plan.

Failure to furnish such proof within the time required shall not invalidate nor reduce any claim if it was not reasonably possible to give proof within such time, provided such proof is furnished as soon as reasonably possible and in no event, except in the absence of legal capacity, later than one year from the time proof is otherwise required.

(k) Pay from Company

Accident and Sickness Benefits are not paid for any day for which the employee is entitled to holiday pay or receives pay from the Company for at least eight hours of work or, if employed under an alternate work schedule, the number of hours the employee is scheduled to work in a regular work day. For an employee who shall have received pay for any day for less than eight hours of work or for employees working an alternate work schedule, the number of hours scheduled in the employee's regular work day, any Accident and Sickness Benefits for which he/she may otherwise be eligible for that day shall not exceed the difference between eight hours, or the hours scheduled on a regular work day for employees working under an alternate work schedule, and the number of hours paid multiplied by his/her base hourly rate.

(l) New York—New Jersey—and California Employees

If an employee is employed in New York or New Jersey, his/her Accident and Sickness Benefits are at least equivalent to those required under the State disability compensation law.

If an employee is employed in California, his/her Accident and Sickness Benefits will be reduced by State Unemployment Compensation Disability benefits for which he/she is eligible, whether or not he/she has rejected or otherwise waived his/her rights thereto.

(m) Waiver

An employee who has one or more years of seniority may waive irrevocably any right he/she may have to receive Accident and Sickness Benefits with respect to any period of disability by completing a waiver form furnished by the Insurer for that purpose. No Accident and Sickness Benefits shall be payable for any period of disability covered by such waiver.

Section 12. Reinstatement of Accident and Sickness Insurance During Layoff

(a) Eligibility Requirements

Accident and Sickness Insurance shall be reinstated, subject to the modifications set forth herein, for an employee at work on or after **November 19, 2007** who:

- becomes wholly and continuously disabled while on a qualifying layoff as defined in the 1999 Ford-UAW Supplemental Unemployment Benefit Plan (SUB Plan) or who, upon responding to recall from such layoff, is found medically disabled by the plant physician, thereby preventing return to work, or is certified by such employee's physician to be unable to return to work because of disability, and while insured for Life Insurance, and
- has been eligible for a Regular Benefit under the SUB Plan, or has been employed by another employer, immediately prior to his becoming disabled.

Notwithstanding the provisions of Section 11, Accident and Sickness Benefits provided under this Section 12 are payable only if, with respect to each week for which a benefit is claimed, the employee:

- is unable to perform all duties of the employee's occupation,
- is under a doctor's care, and
- is otherwise eligible to receive a benefit under the SUB Plan or, if the 1987 Ford-UAW Supplemental Unemployment Benefit Plan (1987 SUB Plan) is reinstated, has to his credit at least a Credit Unit under the 1987 SUB Plan.

(b) Payment of Benefits

Benefits start on the first day following the last day for which a Regular Benefit was payable to the employee if such employee was receiving Regular Benefits immediately prior to his becoming disabled; otherwise on the first day of qualifying disability. No benefit shall be payable beyond the time that the

employee no longer satisfies the disability requirement except that, if such employee remains on qualifying layoff under the SUB Plan, benefits shall be payable for remaining days in the same week as defined in the SUB Plan for which the employee does not receive a Regular Benefit.

(c) Suspension or Reduction of Benefits

No benefit shall be payable for any week in which:

- the employee receives an Accident and Sickness or Extended Disability Benefit under Section 11 or 13 of this Program, or
- if the 1987 SUB Plan is reinstated, the Credit Unit Cancellation Base is below the applicable dollar amount at which a Supplemental Unemployment Benefit is payable in accordance with the employee's seniority as provided under Article II, Section 5(b) of the 1987 SUB Plan.

The benefit for any week shall be reduced by the amount of any disability benefit the employee receives for the same week under a plan financed in whole or in part by another employer.

(d) Other

Except as specifically modified herein, benefits under this Section 12 shall be governed by the applicable provisions of Section 11.

Section 13. Extended Disability Benefits

(a) Eligibility for Benefits

An employee who is insured for Accident and Sickness Benefits and who, at the date of expiration of the maximum number of weeks for which the employee is entitled to receive Accident and Sickness Benefits and during a continuous period of disability thereafter, is totally disabled receives monthly Extended Disability Benefits for the period described in (c) below. Upon the request from the Insurer, an employee or retiree receiving Extended Disability Benefits will be required to provide to the Insurer an affidavit certifying that the employee/retiree has no other employment, and/or a signed authorization to secure social security

or income tax records in order to determine employment status and verify eligibility for continued receipt of Extended Disability Benefits. Failure to supply the Insurer with an affidavit or authorization, within 30 days of a request, will result in a suspension of the employee's/retiree's benefit payments under the Disability Plan until such authorization is provided.

To be deemed totally disabled, the employee must not be engaged in regular occupation or employment for remuneration or profit and be prevented by bodily injury or disease from engaging in any regular occupation or employment with the Company at the plant or plants where the employee has seniority.

(b) Amount of Benefit

- (1) The monthly Extended Disability Benefit is the applicable amount shown in the Schedule of Benefits in Section 3, reduced by an amount equal to the monthly equivalent of the total of the following benefits for which the person receiving Extended Disability Benefits is eligible:
 - (i) All benefits under any retirement plan for the Company's employees;
 - (ii) Lost time benefits under Workers' Compensation laws or other laws providing benefits for occupational injury or disease, including lump-sum settlements, but excluding specific allowances for loss, or 100 percent loss of use, of a body member or permanent partial disability payments for a work-related disability unrelated to the disability for which Extended Disability Benefits are payable;
 - (iii) Disability or old-age insurance benefits to which the person is entitled (primary insurance amount) under the Federal Social Security Act or any future legislation providing similar benefits, except old-age benefits reduced because of the age at which received;
 - (iv) Benefits under any state or federal law providing benefits for working time lost because of disability.

- (2) In determining the amount by which Extended Disability Benefits are reduced:
- (i) The monthly equivalent of benefits paid on a weekly basis are computed by multiplying the weekly benefit rate by 4.33, and
 - (ii) Lump-sum settlements under state Workers' Compensation laws result in reductions equal to the monthly equivalent of the amount of the Workers' Compensation benefit to which the employee would have been entitled under applicable law had there been no lump-sum payment, but not to exceed in total the amount of the settlement, and
 - (iii) The amount of the benefit under Subsection (b)(1)(i), (ii), (iii) or (iv) above is not increased subsequent to the first day for which Extended Disability Benefits are payable, except that the amount of such increase is not disregarded if it represents an adjustment in the original determination of the amount of such benefit.
 - (iv) Extended Disability Benefits will not be reduced by benefits for total disability due to pneumoconiosis, as defined on November 19, 1973 under the Federal Black Lung Benefits Act of 1972.
- (3) Extended Disability Benefit computations presume eligibility for Social Security disability insurance benefits and Retirement Plan disability retirement benefits. However, for employees at work on or after the effective date of this Agreement, such presumption of Retirement Plan disability retirement benefits is not made with respect to any Extended Disability Benefit payments due for the 24-month period immediately following the date of expiration of the maximum number of weeks for which the employee is entitled to receive Accident and Sickness Benefits. Amounts deducted from Extended Disability Benefits on this basis are paid upon presentation of satisfactory evidence that these benefits

were applied for and denied; provided, however, that reduction in Extended Disability Benefits is made in an amount equal to Social Security Disability Insurance Benefits that would have been payable except for refusal to accept vocational rehabilitation services.

- (4) Benefits payable for less than a full calendar month are prorated on the basis of the ratio of calendar days of eligibility to total calendar days in the month.
- (5) The Insurer may require each applicant or recipient of Extended Disability Benefits to certify or furnish verification of the amounts of his income from sources listed in (1), above.

(c) **Commencement and Duration of Benefits**

- (1) Extended Disability Benefits to an eligible applicant shall be for the period commencing the day following the last day of disability included within the period for the maximum number of weekly Accident and Sickness Benefits, including weeks in which such Accident and Sickness Benefits were partially or wholly offset because of receipt of Workers' Compensation benefits.
- (2) The maximum period during which Extended Disability Benefits may be payable shall be: (i) in the case of an employee who has ten or more years of seniority as of the day on which disability commenced, the number of months commencing with the month in which the date of the expiration of the maximum number of weekly Accident and Sickness Benefits occurs and terminating with the end of the month in which the employee attains age 65; and (ii) in the case of an employee who has less than ten years of seniority as of the day on which disability commenced, the number of months by which the employee's full months of seniority at commencement of disability exceeds the maximum number of weeks for which he/**she** is entitled to receive Accident and Sickness Benefits. In any event, Extended Disability Benefits shall not be

payable beyond the date of the employee's death, the end of the month in which he/**she** attains age 65, or the date he/**she** no longer satisfies the disability requirement. Notwithstanding the foregoing, if the employee becomes disabled at or after age **60** and subsequently becomes eligible for Extended Disability Benefits, **the employee will be eligible for a maximum of five years of such benefits.**

If an employee's return to work with the Company is not effective to qualify him for a new period of Accident and Sickness Benefits (i.e., an ineffective return to work) or if he engages in some gainful occupation or employment other than one for which he is reasonably qualified by education, training or experience, his satisfying of the disability requirement shall not be deemed to end, but his Extended Disability Benefit shall be suspended for the period of the ineffective return to work or the period he engages in such occupation or employment.

- (3) If monthly Extended Disability Benefits payable to an employee are discontinued because the employee no longer satisfies the disability requirement, and within two weeks of the effective date of such discontinuance and before the employee returns to work with the Company, the employee again becomes disabled so as to satisfy the disability requirement, monthly Extended Disability Benefits are resumed.
- (4) For purposes of applying the maximum period for monthly Extended Disability Benefits, a month in which such benefits are partially or wholly offset by benefit payments from sources listed in (b)(1) above, suspended under (c)(2), above, or not paid between periods of disability under the circumstances described in (c)(3), above, are counted as a full month. Fractions of the first and last month are counted as fractions of a month.

(5) The cumulative total number of months during any previous periods of eligibility for Extended Disability Benefits, regardless of whether for the same or related disabling condition, reduces the maximum number of monthly benefit payments for which the individual is otherwise eligible under Subsection (c)(2)(ii) when Extended Disability Benefits again commence.

(d) **Rehabilitation**

There is no ineligibility for Extended Disability Benefits because of work which is determined to be primarily for training under a recognized program of vocational rehabilitation.

(e) **Proof of Disability**

The Insurer may require an applicant, as a condition of eligibility, to submit to examinations by a physician designated by it for the purpose of determining his initial or continuing disability.

(f) **Waiver**

An employee may waive irrevocably any right he may have to receive Extended Disability Benefits with respect to any period of disability by completing a waiver form furnished by the Insurer for that purpose. No Extended Disability Benefits shall be payable for any period of disability covered by such waiver.

(g) **Medicare Enrollees**

An employee eligible for Extended Disability Benefits, regardless of when such employee last ceased active work, who is enrolled in the voluntary Medicare coverage which is available under the Federal Social Security Act, will while so enrolled receive a monthly special benefit equal to:

- (i) \$45.50 for months commencing on or after January 1, 1999,
- (ii) the lesser of the generally applicable Medicare Part B Premium, or \$61.50 for months commencing on or after January 1, 2000,

(iii) the lesser of the generally applicable Medicare Part B Premium, or \$76.20 for months commencing on or after January 1, 2004,

provided that in no event shall such payment commence prior to the first day of the month following the earlier of (i) the month during which age 65 is attained, or (ii) receipt by the Company of application on a form provided for this purpose from an otherwise eligible employee under age 65, in which case such payment shall be made effective for the month such employee enrolls. Not more than one such payment shall be made to any employee for any one month. No such payment shall be made to any employee receiving under the Retirement Plan, or the H-S-M-D-D-V Program (Exhibit VI), the same amount because of having enrolled for such voluntary coverage. Payment of such monthly special benefit provided under this Subsection (g) will be made concurrent with a monthly Extended Disability Benefit payment and for the same period of disability except that, in the event an eligible employee receives no monthly Extended Disability Benefit payment for a period of disability because of reductions under (b) above, such monthly special benefit will be paid for that month.

Section 14. When an Employee Stops Working for Any Reason

(a) Quit or Discharge

Coverage for an employee whose employment is terminated, except as provided under other Subsections of this Section 14, shall terminate as follows:

- (1) For an employee whose employment is terminated by quitting or being discharged, coverage terminates as of the date he/she quits or is discharged, except that for a discharged former employee who has a grievance pending to protest loss of seniority, Life Insurance continues subject to the provisions of Section 14(i);

- (2) For an employee whose employment is terminated for failing to report or overstaying leave, coverage terminates as of the end of the month in which seniority is broken;
- (3) For an employee whose employment is terminated for reasons not otherwise provided for in this Section 14, coverage shall terminate as of the end of the month in which employment is terminated.

Death benefits (Life Insurance and Survivor Income Benefits) remain **payable during the conversion period as provided under Section 15** which is for 31 days following the employee's **termination of coverage**.

(b) **Layoff**

If an employee is laid off, all Insurance coverages will be continued for one month after the month in which the layoff occurred. If a returning veteran is not reinstated and is placed on layoff, his/her Life, Accidental Death and Dismemberment Insurance and Survivor Income Benefits coverages will be in effect at no expense to him/her for the balance of the month in which the layoff occurred.

In addition, Life Insurance, Accidental Death and Dismemberment Insurance and Survivor Income Benefit coverage shall be provided for a laid off employee without cost to him during a layoff meeting the conditions of Section 3 of Article I of the Supplemental Unemployment Benefit Plan on the basis of the greater of: (i) one full calendar month of layoff (for which he receives no pay), not to exceed twenty-four months, for each full four weeks of Regular Benefits to which the employee's Credit Units entitle him, pursuant to Article III of the Supplemental Unemployment Benefit Plan on the basis of his seniority and the Credit Unit Cancellation Base as of the last day worked prior to layoff* (as of

* If an employee after his last day worked prior to layoff is initially credited during such layoff with Credit Units under the SUB Plan, use the date on which he is entitled to be credited with Credit Units.

the date placed on layoff in the case of a returning veteran); or (ii) the number of months of coverage, up to a maximum of twenty-four months, for which he would be eligible on the basis of his years of seniority as of the last day worked prior to layoff (as of the date placed on layoff in the case of a returning veteran), in accordance with the following table:

Year(s) of Seniority on Last Day Worked Prior to Layoff	Maximum Number of Months for Which Coverage Will Be Provided Without Cost to Employee
Less than 1	0
1 but less than 2	2
2 but less than 3	4
3 but less than 4	6
4 but less than 5	8
5 but less than 6	10
6 but less than 10	12
10 and over	24

Such months of coverage under the above formula shall be for months following the last month for which coverages were provided under the first paragraph of this Subsection (b). If he remains on layoff beyond the period for which coverages are provided hereunder, he may continue Life Insurance, Accidental Death and Dismemberment Insurance and Survivor Income Benefits coverage for up to an additional twelve months of layoff by paying the applicable contributions referred to in (k) below.

If an employee on layoff becomes wholly and continuously disabled and becomes eligible for reinstated Accident and Sickness Benefits under the provisions of Section 12, the Company will provide Life and Accidental Death and Dismemberment Insurance and Survivor Income Benefits while the employee remains wholly and continuously disabled but not to exceed the period for which the employee is eligible to receive Extended Disability Benefits.

For purposes of this Subsection (b), "returning veteran" means an employee applying for reemploy-

ment who would be entitled to reinstatement under Article VIII, Section 33 of the Collective Bargaining Agreement if he had sufficient seniority to work. If such employee is immediately placed on layoff, the day he reports for work shall be deemed to be his last day worked prior to layoff but only for purposes of determining the period of continuation and eligibility for Company contributions for such coverages under the provisions of the Program applicable to laid-off employees.

(c) Leave of Absence (Other Than Medical)

If an employee goes on approved leave of absence, except an employee serving in the capacity of International Union Representative, all of his insurance coverages will be continued for the first full month of the leave. Throughout the rest of an approved non-medical leave of absence, such an employee can continue all of his insurance coverages in force by paying the applicable contributions referred to in (k) below.

If an employee goes on an approved Union Leave of Absence in accordance with Article VIII, Section 31 (a) of the Collective Bargaining Agreement while serving in the capacity of International Union Representative, he may continue Life and Accidental Death and Dismemberment Insurance and Survivor Income Benefits coverage by paying the applicable contributions referred to in (k) below.

(d) Medical Leave of Absence

If an employee ceases active work because of disability, the Company will continue all of his/her insurance coverages while he/she is absent due to disability but not to exceed a period equal to his/her seniority when his/her absence commenced. (Accident and Sickness Insurance or Extended Disability Insurance terminates when maximum duration of benefits is reached.)

During the period of an absence due to pregnancy, the Company will continue all of the employee's insurance coverages in force through the month following the month of delivery and thereafter will

continue the employee's insurance coverages while continuously absent due to disability subject to the maximum duration for the total period of absence being the same as for an employee ceasing active work because of disability.

If an employee remains continuously and totally disabled beyond the period for which the Company pays the entire cost, he/she may continue his/her Life and Accidental Death and Dismemberment Insurance in force by paying the applicable contributions referred to in (k) below.

If an employee is placed on a medical leave of absence as a result of a recall from layoff, the Company will provide Life and Accidental Death and Dismemberment Insurance and Survivor Income Benefits coverage for any month while the employee remains totally and continuously disabled and on a medical leave of absence on the same basis as if the employee ceased active work because of disability.

(e) **Early and Special Early Retirement**

If an employee retires early under the Retirement Plan, the Company will continue such employee's Life and Accidental Death and Dismemberment Insurance in force to age 65 **then, life insurance only continues according to Section 3(b)1 & 4.**

(f) **Disability Retirement**

If an employee retires under the Disability Retirement provisions of the Retirement Plan, the Company will continue such employee's Life Insurance, Survivor Income Benefits coverage and Accidental Death and Dismemberment Insurance until age 65 **then, life insurance only continues according to Section 3(b)1 & 4.**

(g) **Uninsured Retirees**

An uninsured employee retiring before age 65 under the Retirement Plan without returning to work from layoff or leave of absence shall become insured, if then under age 65, on the first day of the month following the month in which seniority is broken because of such retirement for the same coverages

the employee otherwise could have continued at the time of retirement in the amount such employee had in force while last working. Such coverages shall then be continued as provided in (e) or (f) above.

(h) **Termination Between Ages 60 and 65 (Excluding Retirement)**

If employment of an employee terminates for any reason except retirement between ages 60 (or prior to that age if he/she is still insured at age 60) and 65 and he/she has at least five years of creditable service under the Retirement Plan at age 60, he/she may continue Life Insurance, Survivor Income Benefits coverage and Accidental Death and Dismemberment Insurance until age 65 by paying the applicable contributions referred to in (k) below based on the amount of Life Insurance he/she had in force while working unless terminated for total and permanent disability in which event the Company will pay the cost.

(i) **While a Grievance is Pending**

While an employee has a grievance pending to protest loss of seniority from discharge, failure to report, overstaying leave or to protest a disciplinary layoff, Life Insurance, Survivor Income Benefits and Accidental Death and Dismemberment Insurance (but not Accident and Sickness and Extended Disability coverage) will be continued by the Company at its expense through the end of the month in which the discharge occurred and for the next two additional months. Thereafter, the employee may continue Life Insurance, Survivor Income Benefits coverage, and Accidental Death and Dismemberment Insurance by paying the applicable contributions referred to in (k) below. If he/she is reinstated or if his/her disciplinary layoff is reduced, the Company will reimburse him/her for premium payments that the Company would have paid had he/she remained at work.

If the loss of seniority is upheld through the grievance procedure, the employee's eligibility to continue such coverage will cease at the end of the month in which the grievance determination becomes final.

(j) **Limitations**

(1) Age

Contributions, if any, which an employee may make for continuing any of the insurance coverages under any of the situations described in this Section 14, may not be continued beyond the month in which seniority is broken after age 65. At the end of such month, all insurance other than Life Insurance terminates and **the employee's** Life Insurance is subject to the provisions of Section 3(b).

(2) Work Elsewhere

No insurance will be continued while an employee is working elsewhere except if **the employee** qualifies under Subsection (e), (f), (g), (h), or (i) of this Section, or if **the employee** is on Leave of Absence for public political office or union business, or for any month for which the Company continues coverage without contributions by the employee.

(k) **Payment of Premiums**

In all of the circumstances described in this Section (except (a)) the Company pays all or part of the premium. Section 15. Conversion of Life Insurance**(a) If All or part of an Employee's Life Insurance or Survivor Income Benefit Terminates Before Age 65**

If an employee ceases active work and is eligible for continued insurance beyond the end of the month in which he ceased active work, as provided under Section 14, his Group Life Insurance, including Survivor Income Benefits coverage, will **remain payable during the conversion period of:**

- 31 days following the end of the period for which the Company pays the full cost, or
- if eligible to continue insurance for an additional period beyond such month, 31 days following the end of the month for which premium contributions are paid and accepted,

except that Survivor Income Benefits remain in force only as provided in Section 14(f), after he retires under the Retirement Plan.

If an employee ceases active work and is not eligible for continued insurance beyond the end of the month in which he ceases active work, as provided under Section 14, his Life Insurance, including Survivor Income Benefits coverage, will **remain payable** 31 days following **loss of coverage**.

During the applicable 31 day period, an employee may convert, without medical examination, to any individual policy of Life Insurance then customarily issued by the Insurer, except term insurance. This is done by making application and paying the required premium to the Insurer. The premium for the individual policy will be that required by the class of risk to which the employee belongs, the form and amount of the individual policy, and his age. The maximum amount of the individual policy will be equal to the amount of his Group Life Insurance, including Survivor Income Benefits in force on the day immediately preceding the 31 day period during which he can convert to an individual policy. However, the individual policy may be in any lesser amount (minimum \$500) that he selects.

In determining the maximum amount of individual Life Insurance to which an employee may convert, the total of all monthly Survivor Income Benefits that would have become payable to his Survivors under Section 9 had he died on the day before the 31 day period for converting will be included assuming that persons who would then have qualified as his survivors did not become ineligible for such Benefits because of marriage or death.

(b) If All or part of Life Insurance or Survivor Income Benefit Terminates at or After Age 65

An **insured employee or retiree** may convert **lost coverage** to an individual policy of Life Insurance, without medical examination, as described in Subsection (a) above, **provided that the employee/retiree makes application** and pays the first premium for the individual policy within 31 days following his/her **loss of coverage**.

During the 31 day period **for converting coverage to an individual policy** in accordance with this Subsection (b), Group Life Insurance, including Survivor Income Benefits **remains payable**.

(c) If the Company's Group Life and Disability Insurance Policy is terminated or changed to exclude certain participants

An employee or retiree regardless of age who has (1) been insured under the Group Policy for at least five years or (2) whose life insurance was not fully replaced by another group insurance plan within the 31 day period for converting coverage, may convert to an individual policy up to \$2,000.

Section 16. Termination of Insurance

An employee's Insurance under this plan will terminate on the earliest of the following dates:

- (a) The date the group insurance contract terminates;
- (b) The date of expiration of the period for which the employee's last premium contribution (if any is required) is made;

- (c) The end of the month in which the employee is transferred to an ineligible class of employees;
- (d) With respect to each insurance coverage, the date the provision of the group insurance contract relating to such insurance coverage terminates;
- (e) The end of the month in which the employee ceases active work unless insurance coverages are continued as provided in Section 14;
- (f) The end of the day on which the employee quits or is discharged unless the employee has a grievance pending to protest loss of seniority, subject to the provisions of Section 14(i).

Union (Union members) which Committee shall review and decide employee and retiree appeals of disputed Group Life and Disability Insurance claims. Each member of the Appeal Committee shall have an alternate appointed in the same way. In the event a member of the Appeal Committee is absent from a meeting, the member's alternate may attend and, when in attendance, shall exercise the powers and perform the duties of such member. If a member and his or her alternate are both absent, that member's vote shall be divided equally among the other members appointed by the same party. Either the Company or the Union at any time may remove a member appointed by it and may appoint a member to fill any vacancy among the members appointed by it. Both the Company and the Union shall notify each other in writing of the members and alternates respectively appointed by them before any such appointments shall be effective. The Appeal Committee shall appoint a Secretary who shall keep minutes of its proceedings.

The Appeal Committee may act by majority of its appointed members, and such action may be taken from time to time by vote at a meeting, or in writing without a meeting. In the event the Appeal Committee is unable to reach a decision, the Company and Union members shall mutually agree on an appropriate method to resolve the appeal. The Appeal Committee may authorize any one or more of its members or its Secretary to execute any document on its behalf.

After review of an appeal, disputed benefits under the applicable Plan will be paid only if the Appeal Committee decides in its discretion that the claimant is entitled to them under the terms of the Plan. The Appeal Committee shall not, however, take any action not uniformly applicable to all employees similarly situated. The Appeal Committee shall have no power to add to or subtract from, or to modify, any of the terms of the applicable Plans, nor to change or add to any benefit provided by the applicable Plans. Any action of the Appeal Committee (within the scope of its functions) shall be final and conclusive upon any claimant and upon every other

person entitled to or claiming benefits under the Plan, subject only to the arbitrary and capricious standard of judicial review. A member of the Appeal Committee who is also entitled to receive benefits under the Plan shall not vote or act as a member of the Appeal Committee upon any matter relating solely to himself or herself.

Each employee and every other person entitled to or claiming benefits under the applicable Plan shall file with the Appeal Committee such pertinent information concerning such employee or other person (including without limitation, information certified by the proper Social Security officials regarding the employee's social security status and the amount credited or payable to the employee under the Social Security Law), and no employee shall have any rights, or be entitled to any benefits under the applicable Plan unless such information is filed by the employee or on his or her behalf. Section 24. Group Life Insurance and Disability Claims Procedures

(a) **Denial of Life Insurance, Accidental Death and Dismemberment, Safety Belt User or Survivor Income Claims**

An employee shall make a claim for life insurance benefits or accidental death and dismemberment benefits by making a request in accordance with Section 6. An employee or other person entitled to claim benefits shall make a claim for Safety Belt User Benefits under Section 8 or Survivor Income Benefits under Section 9. If a claim is denied in whole or in part, the claimant will receive written notification from the claims processor ninety (90) days from the date the claim is received. Such notice shall be deemed given upon mailing, full postage prepaid in the United States mail or if provided electronically to the claimant. Any actual denial of a claim under the applicable Plan shall be written and set forth in a manner calculated to be understood by the claimant.

The denial of a claim shall include (i) the specific reason or reasons for the denial; (ii) specific reference to pertinent Plan provisions on which the denial is based along with a copy of such Plan provisions or a statement that one will be furnished at no charge upon the claimant's request; (iii) a description of any additional material or information necessary for the claimant to perfect the claim and an explanation of why such material or information is necessary; (iv) appropriate information as to the steps to be taken if the claimant wishes to submit his or her claim for review, along with a statement of the claimant's right to bring a civil action under Section 502(a) of ERISA following an adverse determination on review. If the claims processor determines that an extension of time for processing is required, written notice of the extension shall be furnished to the claimant prior to the termination of the initial ninety (90) day period. In no event shall such extension exceed a period of ninety (90) days from the end of such initial period. The extension notice shall indicate the special circumstances requiring an extension of time and the date by which the applicable Plan expects to render the determination.

(b) **Review of Denial of a Life Insurance, Accidental Death and Dismemberment, Safety Belt User or Survivor Income Claims by the Appeal Committee**

In the event that the Plan Administrator denies a claim for life insurance, accidental death or dismemberment, safety belt user or survivor income benefits, a claimant may (i) request a review upon appeal by written application to the Appeal Committee; (ii) review pertinent documents; and (iii) submit issues and comments in writing. A claimant must request a review upon an appeal of the denial of the claim by the Plan Administrator under this Plan within sixty (60) days after the claimant receives the written notification of denial of the claim. Since a committee is reviewing the appeal, it will be considered at the Appeal Committee's next regularly

scheduled meeting. If it is filed within thirty (30) days of the next meeting, a decision by the Appeal Committee shall be made by the date of the second meeting after receipt of the claimant's request for review. Under special circumstances an extension of time for processing may be required, in which case a decision shall be rendered by the date of the third meeting. If an extension is required because information is incomplete, the review period will be tolled from date the notice was sent to the date information is received. In the event such an extension is needed, written notice of the extension shall be provided to the claimant prior to the commencement of the extension. Written notice of a decision will be made not any later than five (5) days after the decision has been made by the Appeal Committee. The decision on review shall be in writing in a manner calculated to be understood by the claimant, and include (i) the specific reason or reasons for the denial; (ii) specific reference to pertinent Plan provisions on which the denial is based along with a copy of such Plan provisions or a statement that one will be furnished at no charge upon the claimant's request; (iii) a statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the claimant's claim for benefits; (iv) a statement of the claimant's right to bring a civil action under Section 502(a) of ERISA following an adverse benefit determination on review. Decisions of the Appeal Committee are final and conclusive and are only subject to the arbitrary and capricious standard of judicial review.

(c) Denial of a Disability Claim

An employee shall make a claim for a disability benefit by making a request in accordance with Section 11, Section 12 and Section 13. If a disability claim is denied in whole or in part, the claimant will receive written notification from the claims processor within forty-five (45) days of the date the claim is received. Two thirty (30) day extensions will be

available to the claims processor if necessary due to matters beyond the control of the Plan and with written notice to claimant. The extension notice will specify the circumstances requiring the extension and the expected date of the determination. If an extension is required because the information in the claim is incomplete, the extension notice will specifically explain (i) the standards on which entitlement is based; (ii) the unresolved issues that prevent a decision; (iii) the additional information required for a decision; and (iv) that claimant has at least forty-five (45) days to provide the information being requested. If such additional information is required, the period between the date of the request and the date of the claimant's response is not included when calculating the decision deadline. Any actual denial of a claim under this Plan shall be written and be set forth in a manner calculated to be understood by the claimant. The denial of claim shall include (i) the specific reason or reasons for the denial; (ii) specific reference to pertinent Plan provisions on which the denial is based along with a copy of such Plan provisions or a statement that one will be furnished at no charge upon the claimant's request; (iii) a description of any additional material or information necessary for the claimant to perfect the claim and an explanation of why such material or information is necessary; (iv) if an internal rule, guideline, protocol, or other similar criterion was relied upon in making the adverse determination, either the specific rule, guideline, protocol or other similar criterion, or a statement that such rule, guideline, protocol, or other similar criterion was relied upon in making the adverse determination and that a copy of such rule, guideline, protocol, or other criterion will be provided free of charge upon claimant's request; (v) if the adverse benefit determination is based on medical necessity or experimental treatment or similar exclusion or limit, either an explanation or the scientific or clinical judgment for the determination, applying the terms of the Plan to the claimant's

medical circumstances, or a statement that such explanation will be provided free of charge upon request; and (vi) appropriate information as to the steps to be taken if the claimant wishes to submit his or her claim for review, along with a statement of the claimant's right to bring a civil action under Section 502(a) of ERISA following an adverse benefit determination on review. Such notice shall be deemed given upon mailing, full postage prepaid in the United States Mail or if provided electronically to the claimant.

(d) Review of Denial of a Disability Claim by the Claims Processor

In the event of denial of a disability claim by the claims processor, a claimant may (i) request a review upon appeal by written application to the claims processor who provided the denial of the claim; (ii) review pertinent documents; and (iii) submit issues and comments in writing. A claimant must request a review upon appeal of the denial of a claim under this Plan within one hundred eighty (180) days after the claimant receives the written notification of denial of a claim. The claims processor (i) shall give no deference to the earlier decision; (ii) provide for review by a claims processor who did not make the initial decision and who is not a subordinate of the initial decision maker; (iii) if the decision involves a medical judgment, (including medical necessity or experimental treatments), provide that the claims processor must consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment and who is independent of any health care professional involved in the initial denial; and (iv) provide for identification of all medical or other experts consulted. A decision, as appropriate, shall be made within forty-five (45) days after receipt of the claimant's request for review, unless special circumstances require an extension of time for processing. One forty-five (45) day extension will be available to the claims processor if necessary due to

matters beyond the control of the Plan and with written notice to claimant. The extension notice will specify the circumstances requiring the extension and the expected date of the determination. If an extension is required because the information in the claim is incomplete, the extension notice will specifically explain (i) the standards on which entitlement is based; (ii) the unresolved issues that prevent a decision; (iii) the additional information required for a decision and (iv) that claimant has at least forty-five (45) days to provide the information being requested. If such additional information is required, the period between the date of the request and the date of the claimant's response is not included when calculating the decision deadline. Any actual denial of a claim under this Plan shall be written and be set forth in a manner calculated to be understood by the claimant. EXHIBIT I

DEPENDENT GROUP LIFE INSURANCE

I. Eligibility Date

An employee shall become eligible for Dependent Group Life Insurance on the first of the month following date employed provided that the employee is then insured for Life Insurance described in Section 3 of the Group Life and Disability Insurance provisions and has at least one eligible dependent as defined in Section III, below. If the employee is not then insured for such Life Insurance or does not have such a dependent, he shall become eligible for Dependent Group Life Insurance on the first day of the calendar month following the date both these conditions are first met.

The date that the employee becomes eligible for amounts of Dependent Group Life Insurance under a Schedule shall be hereinafter referred to as the employee's eligibility date for purposes of the insurance under such Schedule.

II. Enrollment and Effective Dates

The employee's Dependent Group Life Insurance shall become effective as set forth below:

- A. If the employee enrolls **in \$75,000 spouse/\$30,000 child option or less** on or before his/her eligibility date, insurance becomes effective on the eligibility date.

- B. If the employee enrolls **in \$75,000 spouse/\$30,000 child option or less** during the 31-day period following his/her eligibility date, insurance becomes effective on the first day of the calendar month following the date of enrollment.
- C. If the employee enrolls **(1) in greater than \$75,000 spouse/\$30,000 child option, or (2)** subsequent to the 31st day following his/her eligibility date, or **(3)** if the employee becomes insured for the amounts of insurance under any Schedule in Section IV and later decides to enroll for increased amounts of insurance under any other Schedule in Section IV, the employee must furnish evidence satisfactory to the insurance company of each dependent's good health. In either case, insurance will become effective on the first day of the calendar month following the date the insurance company approves the evidence, with respect to those persons whose evidence has been approved and who are still eligible dependents, as defined in Section III, below.
- D. If the employee enrolls during an open enrollment, coverage is effective (1) for the guaranteed coverage amounts (coverage where Evidence of Insurability is not required) as specified in the open enrollment the 1st of the month following the enrollment, or (2) for amounts requiring Evidence of Insurability, the 1st of the calendar month following the date the insurance company approves the evidence.**

In any event, for insurance to become effective, the employee must be actively at work on the date insurance would otherwise become effective. If the employee is not actively at work on such date, insurance becomes effective on the date the employee returns to active work, provided he/she is then still eligible as set forth in Section I, above. If the employee becomes insured for the amounts of insurance under any Schedule in Section IV and later enrolls for decreased amounts of insurance under any other Schedule in Section IV, the decreased amounts of insurance shall become effective on the first day of the calendar month next following the last month

for which he/**she** made the required contribution for the larger amounts of insurance, whether or not he/**she** is then actively at work.

A child as defined in (i), (ii), (iii), or (iv) is included until the end of the calendar year in which the child attains age 25, or regardless of age if totally and permanently disabled as defined hereinafter, provided that any such child after the end of the calendar year in which the child attains age 19 must be dependent upon the employee within the meaning of the Internal Revenue Code of the United States and must legally reside with, and be a member of the household of, the employee. “Totally and permanently disabled” means having any medically determinable physical or mental condition which prevents the child from engaging in substantial gainful activity and which can be expected to result in death or to be of long-continued or indefinite duration.

No person may be considered a dependent of more than one employee.

VI. Payment of Benefits

(a) Death

If a dependent dies from any cause while the employee is insured for Dependent Group Life Insurance, the amount of such insurance in force on account of the dependent shall be paid in a lump sum to the employee (the employee is the beneficiary for Dependent Group Life Insurance). The employee's insurance certificate shall set forth the procedure for payment of insurance in case a dependent dies subsequent to the death of the employee.

The insurance is term insurance without cash, loan or paid-up values.

(b) Accelerated Benefits for Terminal Illness

Effective November 19, 2007 an Accelerated Benefits provision is provided for terminally ill spouses or Same Sex Domestic Partners insured under the Dependent Group Life Insurance Program. A terminal illness is one in which life expectancy is less than 12 months. A terminally ill spouse or Same Sex Domestic Partner or their legal representative may request a one-time lump sum payment of up to 80% of their life insurance amount in advance of their death by submitting the request for such payment to the Insurer. The Insurer will determine if the benefit is payable. The Accelerated Benefits provision is not an option for insured dependent children.

The Accelerated Benefits provision is not available if the spouse or Same Sex Domestic Partner has irrevocably assigned Group Life benefits under the program.

The amount of coverage that remains in force will be reduced by the amount paid out under the Accelerated Benefits provision. The amount of Dependent Group Life Insurance that may be converted in accordance with the Conversion Privilege provision of the program will be reduced by the amount of accelerated

benefit paid. Additionally, premium payments must continue to be paid on the full amount of Dependent Group Life Insurance.

VII. Cessation of Insurance

Dependent Group Life Insurance shall automatically cease on the earliest of the following:

- A. The date the employee **or retiree** ceases to have a dependent as defined in Section III, above.
- B. The date the employee **or retiree** ceases to be insured for Life Insurance provided in accordance with Section 3 **or Section 14** of the Group Life and Disability Insurance provisions.
- C. The date on which the employee or retiree dies except as provided in section IX (Continuation of Coverage for Survivors of Deceased Employees or Retirees) of Exhibit I.**
- D. If the employee **or retiree** fails to make a required contribution for Dependent Group Life Insurance when due, the last day of the calendar month immediately preceding the calendar month for which such contribution was due.
- E. The date of discontinuance of Dependent Group Life Insurance under the Insurance Program.
- F. **On** account of any dependent, the day immediately preceding the date such person ceases to be an **eligible** dependent as defined in Section III, above.

If Dependent Group Life Insurance terminates for all or any dependents, any loss of coverage may be converted to an individual policy under Exhibit I, section VIII. Dependents losing coverage may also be eligible for continuation of coverage for Survivors of Deceased Employees or Retirees in Exhibit I, section IX or portability of coverage under Exhibit I, section X. If eligible, coverage may be continued under Exhibit I, section VIII, or section IX or section X, but not under more than one.

VIII. Conversion Privilege

Upon written application made by a person to the insurance company within 31 days after the date of cessation of the Dependent Group Life Insurance on account of such person because of:

- A. cessation of the employee's Life Insurance provided in accordance with Section 3 of the Group Life and Disability Insurance provisions, unless such cessation was due to discontinuance of Dependent Group Life Insurance under the Insurance Program, or
- B. such person's ceasing to be a dependent as defined in Section III, above,

such person shall be entitled to have an individual policy of Life Insurance only, without Disability or Accidental Means Death Benefits, issued by the insurance company, without evidence of insurability. Such individual policy shall be upon one of the forms then customarily issued by the insurance company, except term insurance, and the premium for such individual policy shall be the premium applicable to the class of risk to which such person belongs and to the form and amount of the individual policy at such person's attained age at the date of issue of such individual policy. The amount of such individual policy shall be equal to (or at the option of such person less than) the amount of Dependent Group Life Insurance in force on account of such person on the date of cessation of such insurance.

Any individual policy of Life Insurance so issued shall become effective at the end of the 31-day period during which application for such individual policy may be made. If, however, the person who is entitled to the privilege of obtaining an individual policy of Life Insurance dies during such 31-day period, the insurance company shall pay to the employee, whether or not application for such individual policy shall have been made, the maximum amount of Life Insurance for which an individual policy could have been issued. The employee's insurance certificate shall set forth the procedure for payment of insurance in case such person dies subsequent to the death of the employee.

IX. Continuation of Coverage for Survivors of Deceased Employees or Retirees

A Surviving Spouse or Same Sex Domestic Partner of an employee or retiree who at the time of death was enrolled for dependent coverage, may continue coverage for themselves and the eligible enrolled dependents by notifying the carrier and paying the required premium within 31 days of the employee's or retiree's death. The required premium will be based on the age of the Surviving Spouse or SSDP. The amount of coverage may not exceed the amount in force at the time of the employee's or retiree's death but may be decreased.

Continuation of coverage for dependents shall terminate automatically at the earliest of the date of expiration of the period to which the last premium payment made is applicable or the date immediately preceding the date a dependent ceases to qualify as a dependent according to the provisions of section III of Exhibit I.

If a spouse or Same Sex Domestic Partner is insured as an employee/retiree under the Optional Group Life Insurance Plan and as a dependent under the Dependent Group Life Insurance Plan, the surviving employee/retiree has the option to continue coverage as either an employee/retiree or a surviving spouse/Same Sex Domestic Partner, but not both.

X. Portability Provision

Effective November 19, 2007, an employee/retiree who elects to port coverage under Exhibit III, section VIII may also port coverage for a spouse, Same Sex Domestic Partner or child who loses coverage under the Dependent Group Life Insurance program by electing Life Insurance under the Insurance Portability Provisions of the program without providing Evidence of Insurability. To be eligible for portability coverage, a written application must be submitted to the Carrier and payment

of the first premium made within 31 days after their insurance under the Dependent Group Life Insurance program ends.

In addition, when an insured spouse is no longer eligible under Dependent Group Life Insurance due to death of employee or retiree or due to a divorce, he/she may elect coverage under this Portability provision. Benefits for a child insured under Portability provision may be provided by only one parent, not both.

The amount of insurance ported under this provision may not exceed the amount of coverage in effect when coverage under the Dependent Group Life Insurance program ended; however, coverage may be for a lesser amount. The amount of insurance under this provision, once elected, may not be increased. Premium rates for portability are age banded based on spouse's age, premiums will increase with age, and are set by the carrier. Premium rates do not change based on the age of a child. Insurance under the Portability provision will end on the earliest of:

- (a) Surviving Spouse/Same Sex Domestic Partner reaches the age limit as specified in the insurance policy
- (b) failure to pay an applicable premium when due
- (c) receives reinstated coverage under the Dependent Group Life Insurance Program
- (d) Insured enters the Armed Forces, National Guard, or Reserves of any state or country on active duty (except for temporary active duty of two weeks or less) if the insurance policy includes this provision

The beneficiary is that designation the employee has last made as indicated on the records of the Insurer.

When the Insurer receives notice of a beneficiary change, the change then relates back to and takes effect as of the date the employee signed such notice, according to the date shown thereon, whether or not the employee is living when the Insurer received such notice, but without prejudice to the Insurer on account of any payment it may have made before receipt of such written notice.

- B. The amount of Optional Group Life Insurance shall be paid in one sum or if the employee so requests, in accordance with any of the settlement options made available by the Insurer. In the event that provision for payment in accordance with any settlement option made available by the Insurer has not been made by the employee prior to his/her death, then such provision may be made by the beneficiary entitled to receive the Optional Group Life Insurance in the event of the employee's death.

- (a) the employee or retiree has irrevocably assigned Group Life benefits under the program, or**
- (b) all or part of Optional Group Life benefits are to be paid to a former spouse as part of a divorce agreement.**

The amount of coverage that remains in force will be reduced by the amount paid out under the Accelerated Benefits provision. The amount of Optional Group Life Insurance that may be converted in accordance with the Conversion Privilege provision of the program will be reduced by the amount of accelerated benefit paid. Additionally, premium payments must continue to be paid on the full amount of Optional Group Life Insurance for which the employee or retiree was enrolled.

VI. Cessation of Insurance

Optional Group Life Insurance shall automatically cease on the earliest of the following:

- A. The date the employee ceases to be insured for Life Insurance provided in accordance with Section 3 or Section 14 of the Group Life and Disability Insurance provisions.**

An employee or retiree may also be eligible to continue coverage under Exhibit III, section VIII Portability Provision. However, coverage may not be continued under both Exhibit III, section VII Conversion Privilege and Exhibit III, section VIII Portability provision.

VII. Conversion Privilege

Such individual policy shall be upon one of the forms then customarily issued by the Insurer, except term insurance, and the premium for such individual policy shall be the premium applicable to the class of risk to which the employee belongs and to the form and amount of the individual policy at the employee's attained age at the date of issue of such individual policy. The amount of such individual policy shall be equal to (or, at the option of the employee, less than) the amount of the employee's Optional Group Life Insurance in force on the date of cessation of such insurance.

Any individual policy of Life Insurance so issued shall become effective at the end of the 31-day period during which application for such individual policy may be made. If, however, the employee dies during such 31-day period, the Insurer shall pay to his/her beneficiary of record, whether or not the employee shall have made application for such individual policy, the maximum amount of Life Insurance for which an individual policy could have been issued.

No increase in coverage will be permitted. The rate for this coverage will be the difference between the family rate and employee only rate in force at that time.

For enrolled survivors of employees, coverage is provided at no cost for twelve (12) months from the date of the employee's death. If continued coverage is elected following the initial twelve (12) months, it will be effective beginning the thirteenth (13th) month following the employee's death. The elected coverage for the surviving spouse or SSDP and their covered dependents may be continued under the Plan until the spouse or SSDP reaches age 65 at which time they will be allowed to convert coverage to the Retiree Plan at the applicable rates and coverage levels. Eligible dependents of the surviving spouse or SSDP who are enrolled for coverage at the time of the conversion to the Retiree Plan also may be covered provided they continue to meet the eligibility requirements and pay the applicable premium.

Coverage for the surviving spouse or SSDP of a retiree and their covered dependents will be continued through the last month covered by the retiree's annual premium, after which the surviving spouse or SSDP may continue coverage by paying the applicable premium on a timely basis. Eligible dependents of the surviving spouse or SSDP who are enrolled for coverage at the time of the retiree's death, also may be covered.

Coverage will terminate if the spouse remarries or the SSDP marries or establishes a new same-sex relationship with another party or for non-payment of required premiums.

- (f) For the H-S-M-D-D-V Program, reference to “insurance,” “carrier(s),” “contributions,” “subscription rates” and “premium charges” include the Company’s provision of coverage through a pre-payment agency, insurance, self-insurance, administrative services only arrangement or any other arrangement.

Section 2. Alternative Plans

- (a) For employees in certain areas served by alternative plans, including but not limited to health maintenance organizations (HMOs) and preferred provider organizations (PPOs), the Company has made arrangements to afford them the option(s) to subscribe to such plan(s) in their area, as a partial or complete substitute for the coverages provided in Section 1 above, subject to the limitation on Company contributions contained in Section 4(f) below. The coverages provided under such alternative plans shall be in compliance with the benefits as negotiated by the parties or as otherwise mutually agreed to by the parties. Each individual plan shall be offered only by mutual agreement of the Company and the Union. Subsequent opportunities with respect to such option(s) shall be provided annually during a specified enrollment period to be mutually agreed upon by the parties. All PPOs made available to employees are required to attain National Com-

mittee for Quality Assurance (NCQA) or the Utilization Review Accreditation Commission (URAC) accreditation. All HMOs made available to employees are required to apply for National Committee for Quality Assurance review and to attain at least provisional accreditation. Any PPO or HMO which does not have the required accreditation will not be made available during the next open enrollment. Provided, that a plan may be offered or retained by mutual agreement of the parties.

All PPOs and HMOs shall also be required to publicly report NCQA, URAC, HEDIS and any other data as mutually agreed to by the parties that may be relevant to consumer information needs.

These same arrangements shall be extended or continued with respect to similar plans by mutual agreement between the parties hereto in the same area or other areas where similar plans are or may become available. An employee who has retired from an area in which the coverage described in this Section 2 is made available to employees shall be given the option to subscribe to the alternative plan(s) in that area instead of the coverages provided in Section 1 above.

- (b) For eligible retirees, surviving spouses, and their Medicare eligible dependents, Medicare HMO Products shall, upon mutual agreement of the parties, be implemented when practicable to do so. The Company-Union Committee, described in Section 12, will, by mutual agreement, decide such matters as the selection of **Medicare Advantage** HMO plan options, the number and the geographic areas in which to implement such options, and other criteria as determined by the parties. It is the intent of the parties to offer Medicare supplemental plan options where practicable and agreed to by the parties. Any HMO plan options must meet the Company and Union HMO criteria, described in the Letter of Understanding, Criteria for Reviewing HMOs, dated **November 3, 2007** and have UAW approval for offering as an alternative plan. Enrollment in such

Medicare Advantage HMO plan options is voluntary and such enrollees may, at times specified in this agreement, or as permitted by federal regulations, choose other H-S-M-D-D-V coverages described in Section 1(a) or alternative plans approved by the parties for offering in that geographic area. Such **Medicare Advantage** HMO plan options will offer enhanced benefits that will include, but not be limited to, an out-of-plan area benefit as determined by the parties. The Company may, at its discretion, offer other incentives to encourage enrollment in **Medicare Advantage** HMO plan options.

- (c) By the mutual agreement of the parties, alternative plans of benefits with limited numbers of providers, similar to the arrangements for foot care, prescription drugs and vision care in Michigan in effect on **November 19, 2007**, may be implemented and substituted for the benefits described in Section 1. Such arrangements can be implemented for diagnostic radiology in addition to durable medical equipment and prosthetic and orthotic devices, vision care, diagnostic laboratory and pathology services, prescription drugs and foot care.
- (d) All HMOs and PPOs shall administer claims and appeals in accordance with their own claims and appeals procedure. Certain self-funded PPOs to be chosen by mutual agreement of the parties will follow the same claims and appeals procedures as the **National PPO and Blue Preferred Plus PPO** Plans.

Section 3. Optional Coverages

Plans shall provide under the employee's or retiree's contract optional coverages for dependents other than those specified in Section 10 (a), (b), (c), and (d) below. The coverages shall be those hospital-surgical-medical-drug-hearing aid expense coverages (but not dental or vision expense coverages) provided in Sections 1(a) or (2) above (provided, however, that the provisions of Sections I, II, V, XI and XII of Exhibit VI and the Home Hemophilia Program shall not apply) and shall be for

those dependents eligible for optional coverage as defined in the Administrative Manual and Section 10(e) below. Those eligible for optional coverage are not included in references in this H-S-M-D-D-V Program to “eligible dependents.” Coverages provided under this Section for a dependent enrolled at the time of an employee’s or retiree’s death may be continued at the option of the employee’s or retiree’s surviving spouse while such spouse is enrolled for coverages as provided in Section 4(e) and Section 6(d). The employee, retiree or surviving spouse shall pay the full additional cost of coverage under this Section.

Section 4. Company Contributions

(a) **While Employed**

The Company will make monthly contributions for the following month’s coverage (unless there is no coverage for that month under Section 5 or 7) on behalf of each subscribing employee while the employee is at work (as defined below) toward the cost of the hospital-surgical-medical-drug-dental-vision-hearing aid coverages described in Section 1 above equal to the full subscription rate or premium charge for the classification of coverage to which the employee shall have subscribed according to his/her enrollment classification.

For purposes of this Section, an employee shall be considered “at work” in any month if the employee receives pay from the Company for any time during such month.

(b) **While Disabled**

During an employee’s approved medical leave of absence or absence while disabled so as to be unable to work on his/her customary job or available work or while an employee is receiving Extended Disability Benefits after exhaustion of reinstated Accident and Sickness Benefits under Section 12 of the Group Life and Disability Insurance part of the Program, the Company shall pay the full subscription rate or premium charge of hospital-surgical-medical-drug-dental-vision-hearing aid coverages (but not dental expense

coverage for absences commencing prior to September 17, 1979) under Section 1 above for the employee and eligible dependents for the duration of such absence; but not to exceed the period equal to his/her seniority when the absence commenced or, if greater, the period the employee is receiving such Extended Disability Benefits. **Notwithstanding any other provisions of this paragraph (b), if an employee on medical leave of absence who is determined to be "Able" in accordance with Independent Medical Evaluation Process of the Group Life and Disability Program and does not return to work following such determination, H-S-M-D-D-V coverage will be discontinued on the first day of the second month following the month in which such determination is made and not reinstated until the employee returns to work.**

(c) **During Layoff**

Hospital-surgical-medical-drug-dental-vision-hearing aid coverages under Section 1 above shall be provided for a laid-off employee and eligible dependents, without cost to the employee, during a layoff meeting the conditions of Section 3 of Article I of the Supplemental Unemployment Benefit Plan on the basis of the greater of (i) one full calendar month of layoff (for which he/she receives no pay), not to exceed twelve (12) months (or, in the case of an employee who has ten (10) or more years of seniority on his last day worked prior to layoff, not to exceed twenty-four (24) months), for each full four (4) weeks of Regular Benefits to which the employee's Credit Units would entitle him/her, pursuant to Article III of the Supplemental Unemployment Benefit Plan on the basis of seniority and the Credit Unit Cancellation Base as of the last day worked prior to layoff (as of the date placed on layoff in the case of a returning veteran) or, if later, the date initially credited with Credit Units during such layoff; or (ii) the number of months of coverage, up to a maximum of twenty-four (24) for which the employee would be eligible on the basis of years of seniority as of the last day worked prior to layoff, in accordance with the following table:

Layoff Commencing On or After March 1, 1982

Year(s) of Seniority as of Last Day Worked Prior to Layoff	Maximum Number of Months for Which Coverage Will Be Provided
Less than 1	0
1 but less than 2	2
2 but less than 3	4
3 but less than 4	6
4 but less than 5	8
5 but less than 6	10
6 but less than 10	12
10 and over	24

Such months of coverage under either of the above formulas shall be for months following the last month of the employee's coverage for which contributions were made while at work.

For purposes of this Subsection (c), "returning veteran" means an employee applying for reemployment who would be entitled to reinstatement under Article VIII, Section 33 of the Collective Bargaining Agreement if the employee had sufficient seniority to work.

(d) For Retired Employees

The Company will make monthly contributions for the following month's coverage on behalf of

- (1) retired employees (not including a former employee entitled to or receiving a deferred vested pension) hired or rehired prior to September 30, 1996,
- (2) employees hired prior to September 30, 1996 and terminating after attaining age sixty-five (65) (except those whose discharge for cause has not been appealed, or if appealed, has been finally upheld) with insufficient credited service to entitle them to a retirement benefit under the Retirement Plan,
- (3) retired employees (not including a former employee entitled to or receiving a deferred vested pension) hired or rehired on or after September

- 30, 1996 with ten (10) or more years of credited service under Company retirement plans, and
- (4) retired employees residing in Canada who are enrolled in the H-S-M-D-D-V Program, provided they also are enrolled in Medicare Part A, if eligible

and their eligible dependents as defined in Section 10, towards the cost of hospital-surgical-medical-drug-dental-vision-hearing aid expense coverages provided under Section 1 above equal to the full subscription rate or premium charge.

The continued coverage to which eligible retired employees are entitled will be the hospital-surgical-medical-drug-dental-vision-hearing aid coverages as described in Section 1 above.

Any employee (or any spouse, surviving spouse, same sex domestic partner or dependent) who is not in the "Covered Group", as defined in the Memorandum of Understanding Post-Retirement Health Care, dated November 3, 2007 shall not be eligible for the H-S-M-D-D-V Program when they retire and shall have a contribution for health care coverage in retirement of \$1.00 for every compensated hour made by the Company on their behalf to the Tax-Efficient Savings Plan for Hourly Employees when they become eligible for that plan. The parties have agreed to continue to study more efficient methods for delivering this benefit.

(e) For Surviving Spouse

- (1) The Company will make monthly contributions for the following month's hospital-surgical-medical-drug-dental-vision-hearing aid expense coverages on behalf of (i) the surviving spouse of a retired employee as defined in (d)(1) or (2) of this Section or (ii) a surviving spouse eligible to receive benefits under the Retirement Plan (not including for this purpose a surviving spouse or surviving divorced spouse eligible for a pre-

retirement survivor benefit under Article IV, Section 8 of the Retirement Plan, but including for this purpose a surviving spouse who would receive benefits except for receipt of survivor income benefits under the Group Life and Disability Insurance part of this Program), and the eligible dependents as defined in Section 10 of any such spouse, for the hospital-surgical-medical-drug-dental-vision-hearing aid coverages provided under Section 1; provided, however, that the contributions on behalf of a surviving spouse for the month the surviving spouse becomes age sixty-five (65) and subsequent months shall be made only for months that the surviving spouse has the voluntary coverage that is available under the Federal Social Security Act by making contributions, if eligible. Surviving spouses residing in Canada must be enrolled in Medicare Parts A and B, when eligible, if enrolled in the H-S-M-D-D-V Program.

- (2) The Company will make monthly contributions for hospital-surgical-medical-drug-hearing aid expense coverages (but not dental or vision expense coverages) provided under Section 1 above for the first twelve (12) months in which monthly survivor income benefits provided in Section 9(a) of the Group Life and Disability Insurance part of this Program are payable to a surviving spouse of an employee who was actively at work on or after September 17, 1979, such surviving spouse also is eligible (or would be eligible except such surviving spouse is at least age sixty (60) or older) for monthly survivor income benefits provided in Section 9(b) of the Group Life and Disability Insurance part of this Program. For a surviving spouse who first becomes eligible on or after October 25, 1999, and prior to January 1, 2004, the Company will make monthly contributions for an additional twelve (12) months of hospital-surgical-medical-drug-hearing aid expense coverages (but not dental or vision expense coverages). For a sur-

viving spouse who first becomes eligible on or after January 1, 2004, the Company will make monthly contributions for hospital-surgical-medical-drug-hearing aid expense coverages (but not dental or vision expense coverages) (i) for an additional twelve (12) months for surviving spouses of employees who had less than ten (10) years of credited service under Company retirement plans and (ii) for an additional eighteen (18) months for surviving spouses of employees who had ten (10) years or more of credited service under the Company retirement plans. After such applicable Company contributions cease, the surviving spouse shall make full payment for such coverages continued in accordance with Section 6(d).

- (3) The Company will make monthly contributions for hospital-surgical-medical-drug-dental-vision-hearing aid expense coverages provided under Section 1 above for a surviving spouse of an employee who was actively at work on or after September 17, 1979, whose loss of life results from accidental bodily injuries caused solely by employment with the Company, and results solely from an accident in which the cause and result are unexpected and definite as to time and place and shall terminate upon the remarriage or death of the surviving spouse.

(f) Under Alternative Plans

On behalf of those subscribing to an alternative plan under Section 2 above, the Company will make monthly contributions toward the cost of such coverage on the same basis and subject to the same limitations as are contained in Subsections (a), (b), (c), (d) and (e) of this Section; provided, however, that the Company's contributions shall be equal to the rate as negotiated by the Company and agreed to by such plan, but not in excess of the amount which the Company would have contributed had the employees, retired employees or surviving spouses subscribed to the coverages provided in Section 1 above.

The Company may, from time to time in areas it may designate, waive this limitation in whole or in part.

Section 5. Commencement of Coverage

(a) Employees Hired or Rehired

An employee hired or rehired shall become eligible for hospital-surgical-medical-drug-dental-vision-hearing aid coverages on the first day of the calendar month next following the month in which the employee is actively at work after acquiring seven months of seniority.

For purposes of this Section, if an employee is scheduled to be at work, but is absent due to disability, **illness, or injury** and is consequently placed on a medical or disability leave of absence, the employee will be deemed to be “actively at work”.

(b) Employees Returning from Military Service

An employee returning from military service under Article VIII, Section 33 of the Collective Bargaining Agreement, shall be eligible for hospital-surgical-medical-drug-dental-vision-hearing aid coverages in effect on the day he/she is reinstated or placed on layoff upon return. Coverage for the balance of the month in which the employee becomes eligible under this paragraph shall be without cost to him/her.

Section 6. Continuation of Coverages

(a) Extended Coverage During Layoff

An employee may continue hospital-surgical-medical-drug-vision-hearing aid coverages (but not dental expense coverage) during layoff without a break in seniority through the twelfth consecutive month following the last month of coverage for which contributions were made by the Company under Section 4(a), 4(c), or 5(b) above.

(b) Extended Coverage During Leaves

An employee on approved leave of absence, other than for disability, may continue hospital-surgical-medical-drug-vision-hearing aid coverages through

the twelfth consecutive month following the last month of coverage for which contributions were made while the employee was at work (and during the period of renewed union leaves of absence).

An employee may not continue dental expense coverage unless on an approved local union leave, during which the employee may continue such coverage for the duration of the approved local union leave.

(c) While Grievance Pending

During such period as a former employee has a grievance pending to protest loss of seniority from discharge, failure to report or overstaying leave as provided in Article VIII, Section 5, of the Collective Bargaining Agreement, to protest a discharge under Article VIII, Section 4(b), or to protest a disciplinary layoff, the employee may continue hospital-surgical-medical-drug-dental-vision-hearing aid coverages following the last month of coverage for which contributions were made while the employee was at work.

(d) Surviving Spouse

For months following the last month of coverage for which contributions were made by the Company,

- (1) a surviving spouse while eligible to receive survivor income benefits under the Group Life and Disability Insurance part of the Program (including for this purpose a surviving spouse whose survivor income benefit is not payable because she is receiving Mother's Insurance Benefits) or,
- (2) a surviving spouse who would be eligible for Bridge Survivor Income Benefits except such spouse is at least age 62 or older but not beyond the end of the month in which such spouse reaches age 65 or,
- (3) a surviving spouse as defined in Section 4(e)(1)(i) and (ii)

may continue, as part of the groups covered thereby, hospital-surgical-medical-drug-hearing aid expense coverages (but not dental or vision expense cover-

ages) provided under Sections 1 or 2 for themselves and eligible dependents as defined in Section 10.

(e) Payment for Continuation

An employee continuing coverage under Subsections (a), (b) or (c) of this Section beyond the period for which contributions were made by the Company, or a surviving spouse continuing coverage under Subsection (d) of this Section, must pay for such continuation the Company's cash pay rate for the plan such employee was enrolled under at the time of employment termination or such plan the surviving spouse is enrolled under; provided, however, that if an employee continues coverage under Subsection (c) or, is eligible to continue coverage under Subsection (c), but enrolls for coverage under another plan (other than a Company plan) and incurs a monthly contribution as a result of such enrollment, and is reinstated following such loss of seniority or if the disciplinary layoff is reduced, the Company will reimburse the employee for all the contributions in respect to coverage thereunder equal to the lesser of: (i) the Company's cash pay rate for the plan such employee was enrolled under at the time of the employment termination or (ii) the amount such employee paid for his/her coverage under another plan (other than a Company plan).

(f) Conversion Privilege

- (1) Any former enrollee who is no longer eligible to continue hospital, surgical or medical coverages under the Program, shall be offered an opportunity to obtain other available coverage, on a self-paid basis, from the carrier with whom enrolled at the time eligibility terminated. Such conversion privilege shall not apply to prescription drug, hearing aid, vision or dental coverages.
- (2) A former enrollee wishing to exercise this privilege shall make application to the carrier within thirty (30) days of termination of eligibility under this Program.

Section 7. Termination of Coverages**(a) Hospital-Surgical-Medical-Drug-Vision-Hearing Aid Coverages**

Hospital-surgical-medical-drug-vision-hearing aid coverages for an employee whose employment is terminated by quitting, being discharged, failing to report or overstaying leave, shall terminate as of the employment termination date unless such a former employee incurring a break in seniority by being discharged, failing to report or overstaying leave has a grievance pending to protest loss of seniority under Article VIII, Section 5 of the Collective Bargaining Agreement or to protest a discharge under Article VIII, Section 4(b) of the Collective Bargaining Agreement. Except as provided above, hospital-surgical-medical-drug-vision-hearing aid coverages shall terminate as of the last day of the month following the month in which an employee was last at work unless continued under Section 4 or 6 above.

(b) Dental Expense Coverage

Except for dental expense coverage continued under Section 4(b), 4(c), 4(d), 4(e), or 6(c), dental expense coverage shall terminate as of the last day of the month in which an employee was last at work, except that (i) for an employee whose employment is terminated by quitting, dental expense coverage shall terminate as of the end of the day in which loss of seniority occurs and (ii) for an employee on a layoff meeting the conditions of Section 3 of Article I of the Supplemental Unemployment Benefit Plan including an employee placed on a model change or inventory adjustment layoff or for an employee incurring a break in seniority by being discharged, failing to report or overstaying leave who has a grievance pending to protest loss of seniority under Article VIII, Section 5 of the Collective Bargaining Agreement, dental expense coverage shall terminate as of the last day of the month following the month in which the employee was last at work. In the event of death of the employee, dental expense coverage shall terminate as of the last day of the month

following the month in which the employee dies. Dental expense coverage commenced under Section 5(b) for an employee placed on layoff upon returning from military service shall terminate as of the last day of the month he/she is placed on layoff unless the employee is at work that month. Notwithstanding the above, an employee may continue dental expense coverage while on approved local union leave under Section 6(b).

Section 8. Availability of Coverage

Any provision as to the coverage to be provided or as to eligibility for coverage or for continuation of coverage hereunder is limited by the availability of such coverage from the plans.

Section 9. Enrollment

An eligible employee or retired employee electing to enroll for applicable coverages must complete an application, or enroll in such other manner as determined by the Company, for the coverages in which he/she elects to participate. A surviving spouse electing to enroll for applicable coverages must complete an enrollment process if the applicable plan so requires. A surviving spouse eligible for such coverages at the surviving spouse's expense under Section 6(d) as part of the group covered hereunder, in order to continue coverage must enroll no later than three months following the month of the employee's or retired employee's death, or three months following the month for which contributions were made by the Company.

Section 10. Dependent Eligibility Provisions

(a) General Provisions

(1) As used in this Section 10, when reference is made to a person (i.e., person A) being "dependent upon" another person (i.e., person B), the term shall mean that person B may legally claim an exemption for person A, under Section 151 of the Internal Revenue Code, for federal income tax purposes.

- (2) The provisions of this Section 10 apply with respect to enrollment of certain dependents as secondary enrollees under primary enrollees (eligible employees or retirees) who elect “self and spouse,” “self and child(ren),” or “self and family” enrollment, in accordance with Section 1(c) of the Program. Unless specifically provided otherwise in the Program, such a dependent has no individual or personal right of enrollment, right to select an option within the Program, or right to continue coverages under the Program.
- (3) The Company shall have the right of determining eligibility of a dependent, consistent with the provisions of this Program.
- (4) A primary enrollee or eligible surviving spouse claiming initial or continuing eligibility of a dependent shall furnish:
 - (i) the social security number of such dependent for whom they are claiming eligibility and for whom they are required to provide a social security number to claim an exemption on their Federal income tax return. If the dependent has not been assigned a social security number at the time the eligibility claim is made, a social security number shall be obtained promptly and reported to the Company within six (6) months; and
 - (ii) any other documentation that may be necessary to substantiate the claimed eligibility of a dependent.

Refusal or failure to furnish a dependent's social security number or any other documentation necessary, when requested to do so, shall result in denial or withdrawal of eligibility for such dependent.

- (5) **Unless otherwise provided in Paragraph (c)(1)(i)(ii) of this Section 10, a** dependent who loses eligibility in accordance with the provisions of this Program, and who once again meets the requirements for dependent eligibility,

including the requirements in 4 above, may have coverage reinstated. The effective date of coverage in such cases will be the date first eligible.

- (6) When, as a result of oversight or error, an eligible primary or secondary enrollee entitled to Company-paid coverage is not enrolled in a timely manner, coverage may be provided retroactive to the date of eligibility that would have been established if proper processing had occurred. However, in no event will the retroactivity exceed twelve (12) months from the month in which the error or omission is discovered.

This retroactive enrollment provision shall not apply to surviving spouses who are not entitled to Company-paid coverage. Such surviving spouses electing under Sections 6(d) and (e) to continue coverages on a self-paid basis must make such election within three (3) months following the month of the deceased employee's or retiree's death, or within three (3) months of the last month for which the Company made contributions for health care coverages. This retroactive enrollment provision also shall not apply to sponsored dependents, as discussed in Subsection (d) of this Section and Section 3 of the Program, respectively.

- (7) The receipt of a benefit under the Retirement Plan as an "alternate payee" in accordance with the Retirement Equity Act of 1984 shall not serve to entitle such recipient to coverages or continuation of coverages under this Program.
- (8) Notwithstanding any other provisions of the H-S-M-D-D-V Program, the Program shall provide coverages in accordance with the applicable requirements of a qualified medical child support order and establish reasonable procedures related to such orders as required by and consistent with the Omnibus Budget Reconciliation Act of 1993 (OBRA 93).

(b) Spouse

- (1) The spouse of an eligible and enrolled employee or retiree shall be eligible for coverage. A surviving spouse of an employee or retiree may not have or add a new spouse as a dependent.
- (2) A spouse by common-law marriage shall be eligible for coverage only to the extent such relationship is recognized by the laws of the state in which the employee or retiree is enrolled, and the employee or retiree has met such requirements for documentation of the status as may be necessary by law and required by the Company.
- (3) The effective date of coverage for a spouse shall be the later of the effective date of coverage for the employee or retiree, or the date of marriage. For a common-law spouse, the effective date of coverage shall be the later of the effective date of coverage for the employee or retiree or the date of valid enrollment and receipt by the Company of any necessary supporting documentation.
- (4) A spouse's eligibility for coverage shall cease on the earlier of:
 - (i) the date the primary enrollee's coverage ceases, except that, in the case of the primary enrollee's death, coverage shall cease on the last day of the month following the month in which the primary enrollee dies, unless the spouse is eligible for coverage as a surviving spouse as set forth in Sections 4(e) and 6(d) of this Program, or
 - (ii) the date of the final decree of divorce.

(c) Children

- (1) Children of a primary enrollee, or of the spouse of an eligible and enrolled employee or retiree, shall be eligible for coverage if, as to each one, the following criteria are met:
 - (i) Relationship. The child must be the child of the primary enrollee, or of an employee's or retiree's spouse, by birth, legal adoption,

placement for legal adoption of a child under age eighteen (18), or legal guardianship. In the case of a child who has been placed for adoption with the primary enrollee, or an enrollee's spouse or retiree's spouse, such enrollee or spouse must have assumed and retained a legal obligation for total or partial support of such child in anticipation of adoption consistent with the applicable provisions of OBRA 93.

For purposes of this Subsection, effective November 19, 2007, children by "legal guardianship" will be limited to children who are related by blood (up to and including second degree relatives) to the primary enrollee or the primary enrollee's current spouse.

This requirement will be deemed to have been met for a child who was properly enrolled under the then applicable "legal guardianship" or "principally supported children" provisions as of November 19, 2007, who has continued to be the primary enrollee's dependent since that time, and who has been continuously enrolled and has continuously satisfied the other eligibility criteria for children.

If a child who is deemed to have met legal guardianship is terminated from coverage due to loss of eligibility reenrollment will not be allowed unless the primary enrollee or the spouse obtains legal guardianship of the child.

- (ii) Age. The child must not have reached the end of the calendar year in which the child becomes age twenty-five (25), **(age nineteen (19) effective January 1, 2009. To be eligible for continued coverage, however, a child between the ages of nineteen (19) and the end of the calen-**

dar year in which they turn age twenty-four (24), must meet the eligibility criteria in (a)(1) above and qualify as a full-time student as defined by the Internal Revenue Code.

Coverage may also be continued beyond the end of the year the child becomes age nineteen (19) (age twenty-four (24) for a child who is a full-time student) if the child has been determined to be totally and permanently disabled.

For the purposes of this Subsection, “totally and permanently disabled” means having any medically determinable physical or mental condition which prevents the child from engaging in substantial gainful activity and which can be expected to result in death or be of long-continued or indefinite duration.

A child shall not be deemed to be “totally and permanently disabled” if he or she is engaged in regular employment or occupation for remuneration or profit which exceeds \$10,000 annually.

Coverage will not be reinstated for a child who first becomes totally and permanently disabled after the end of the calendar year in which age twenty-five (25), **age nineteen (19) (age twenty-four (24) for a full-time student) effective January 1, 2009**, is attained or who was eligible for coverage as a totally and permanently disabled child, recovers, and, after the end of such calendar year, again becomes so disabled; **or who was not eligible for coverage at the time of the disability.**

- (iii) Marital Status. The child must be unmarried.
- (iv) Residency. The child must reside with the primary enrollee or eligible surviving spouse, as a member of such enrollee’s household or, if not a member of the household, such enrollee must be legally responsible for the

provision of health care for the child (such as children of certain divorced parents, legal guardianships, children confined in training institutions, or children in school).

- (v) Dependency. The child must be dependent upon the primary enrollee, or upon the spouse of an eligible and enrolled employee or retiree. This requirement shall be waived with respect to a child (by birth, legal adoption or legal guardianship) of an employee or retiree, if a divorce decree, or order of the court of proper jurisdiction, or amendment of such decree or order, stipulates that such employee or retiree is legally responsible for providing health care coverage for such child. Effective September 29, 2003, a child who is determined by the Company to be totally and permanently disabled as provided in Section 10(c) (1) (ii) and who would otherwise be dependent upon the primary enrollee or surviving spouse except that such child's earnings from regular employment or occupation for remuneration or profit exceed the "exemption amount" defined in Section 151(d) of the Internal Revenue Code, but are less than \$10,000 per year from such regular employment or occupation for remuneration or profit, will be eligible for coverage, provided that such child is considered a "dependent" under Section 152 of the Internal Revenue Code.
- (2) An eligible surviving spouse may not enroll a child unless the child was eligible to be enrolled prior to the death of the employee or retiree or, in the case of a child born after the death of the employee or retiree, unless such child is the issue of the surviving spouse's marriage to the deceased employee or retiree, and was conceived prior to such employee's or retiree's death.
- (3) Except as provided by law, the effective date of coverage for a child shall be the later of the

effective date of coverage for the primary enrollee, or in the case of:

- (i) Birth - the date of birth;
 - (ii) Legal Adoption - the date of placement in the employee's or retiree's household or petition for adoption, whichever occurs earlier; or, in the case of a child who meets the criteria for placement for adoption under OBRA 93, the date of the assumption and retention of a legal obligation for total or partial support;
 - (iii) Legal Guardianship - the date of petition for guardianship and residence and
 - (iv) Stepchild - the date the child becomes a member of the employee's or retiree's household.
- (4) A child, as defined above, shall cease to be eligible for coverage upon the earliest to occur of:
- (i) the date of marriage of such child;
 - (ii) the last day in which the child ceases to be dependent upon the primary enrollee, or upon the spouse of an eligible and enrolled employee or retiree, unless Subsection 10(c)(1)(v) applies;
 - (iii) the last day in which the child ceases to meet the residency criteria of Subsection 10(c)(1)(iv) above;
 - (iv) the last day of the calendar year in which the child becomes age twenty-five (25), **effective January 1, 2009, age nineteen (19) (age twenty-four (24) for a full-time student)**, except in the event coverage for a totally and permanently disabled child is continued, eligibility for such coverage shall cease as of the last day in which the child ceases to be totally and permanently disabled, as defined by this Program); **and in the event coverage for a full-time student is continued, eligibility for such**

coverage shall cease as of the last day in which the child is no longer a full-time student.

- (v) the date the primary enrollee's coverage ceases, except that, in the case of the primary enrollee's death, coverage for such dependent child shall cease on the last day of the month following the month in which the primary enrollee dies, unless such child is eligible for coverage as a dependent child of the surviving spouse of such employee or retiree; or
- (vi) the last day of the month in which the primary enrollee, or the spouse of an eligible and enrolled employee or retiree, or the order of a court of competent jurisdiction, terminates the legal obligation for total or partial support for a child who met the criteria for placement for adoption under OBRA 93.

(vii) The last day of the month the enrollee's legal guardianship of the child is terminated.

(d) Optional Sponsored Dependents

- (1) A primary enrollee may obtain optional health care coverages (other than dental or vision) for dependents other than those specified in Subsections (b), **and** (c) above. Such dependents will include persons who are (i) related to such primary enrollee by blood or marriage, or if not related, residing with such primary enrollee as members of the household, (ii) resident of the United States for at least one (1) full year prior to being enrolled for such coverages and (iii) legally entitled to remain in the United States indefinitely before becoming eligible for coverage. They must be dependent upon the primary enrollee for more than half of their support as defined by the Internal Revenue Code of the United States and must either qualify in the current year for dependency tax status or have

been reported as a dependent on the primary enrollee's most recent income tax return. They must be designated as sponsored dependents through a valid enrollment process as determined by the Company. The coverages shall be the hospital, surgical, medical, prescription drug, and hearing aid coverages provided in Section 1 above.

- (2) Coverages provided under this Subsection for a sponsored dependent enrolled at the time of an employee's or retiree's death may be continued at the option of the employee's or retiree's surviving spouse while such surviving spouse is enrolled for coverages as provided in Sections 4(e) and 6(d) of this Program. A surviving spouse may not add any new sponsored dependents.
- (3) The primary enrollee or eligible surviving spouse shall pay the full additional cost of coverages under this Subsection, and the Company shall not contribute toward the cost of health care coverages for any sponsored dependents.
- (4) The effective date of coverage for an eligible sponsored dependent shall be the later of the effective date of coverage for the primary enrollee, or the first day of the month following the month of receipt by the Company of a completed enrollment and any supporting documentation as may be required by the Company; provided, however, that the effective date of coverage for a sponsored dependent previously enrolled as such, and whose coverage as a sponsored dependent was discontinued, shall be the first day of the sixth month following the month in which a valid enrollment is completed.
- (5) Coverage of a sponsored dependent shall cease on the earlier of:
 - (i) the last day of the month in which the person ceases to meet the eligibility criteria set forth in Subsection (1) above,

- (ii) the last day of the month preceding the month for which the required contribution was due but not paid, or
- (iii) the date the primary enrollee's coverage ceases except that in the case of the primary enrollee's death, coverage for such sponsored dependent shall cease on the last day of the month following the month in which the primary enrollee dies, unless the sponsored dependent has coverage continued in accordance with Subsection (2) above.

Section 11. California and Federal Benefits

(a) California Employees

For California employees, hospital benefits under this H-S-M-D-D-V Program shall be reduced by the amount of the daily hospital benefits provided under the California Unemployment Insurance Code.

(b) Federal Hospital-Surgical-Medical-Drug-Dental-Vision-Hearing Aid Expense Benefits Provided by Law

- (1) To the extent legally permissible under the Medicare secondary payer provisions of the Federal Social Security Act or similar laws, the provisions of this H-S-M-D-D-V Program shall not be applicable to employees, former employees (including retired employees) or surviving spouses who are or may become eligible for hospital-surgical-medical-drug-dental-vision-hearing aid expense benefits under any federal law providing such benefits for the public at large. Compliance by the Company with such laws shall be deemed full compliance with the provisions of this Hospital-Surgical-Medical-Drug-Dental-Vision-Hearing Aid Program with respect to employees, former employees, or surviving spouses eligible for benefits under such laws.

If, as a result of such laws, the level of benefits provided for any group of employees, former employees or surviving spouses, or their depen-

dents, is generally lower than the corresponding level of benefits under Section 1 above, the Company shall upon mutual agreement with the Union provide a plan of benefits supplementary to the benefits provided by law to the extent necessary to make total benefits as nearly comparable as practicable to the benefits provided in Section 1 above, with such contributions by employees, former employees or surviving spouses as are mutually determined to be consistent with the contributions established in this H-S-M-D-D-V Program.

- (2) Notwithstanding the provisions of (1) above and upon mutual agreement between the Company and the Union, the Company may, if such laws permit, substitute a plan of benefits for the benefits provided by the laws referred to in (1) above, and modify the applicable provisions to the extent and in the respects necessary to secure the approval of such substitution from the appropriate governmental authority. The Company may make such plan available to employees, former employees and surviving spouses and require from them such contributions as are mutually determined to be consistent with the contributions established in this H-S-M-D-D-V Program.
- (3) To the extent legally permissible under the Medicare secondary payer provisions of the Federal Social Security Act or similar laws, hospital-surgical-medical-drug-dental-vision-hearing aid benefits provided employees, former employees (including retired employees) or surviving spouses, under this H-S-M-D-D-V Program may be reduced by the amount of such benefits provided under any federal law. In cases where the employee, former employee or surviving spouse exercises an option under the Federal Social Security Act or similar law to take cash payments in lieu of hospital-surgical-medical-drug-dental-vision-hearing aid benefits, the equivalent of such payments will be required as a contribution toward the coverages provided in

this H-S-M-D-D-V Program, but not to exceed local plan premiums or subscription charges, and such contributions shall be deducted from the monthly retirement benefit payable to the employee, former employee or surviving spouse under the Retirement Plan.

Section 12. Company-Union Committee

A Committee composed of two members designated by the Union and two members designated by the Company has been established to study and evaluate this H-S-M-D-D-V Program and to make recommendations and take such action as necessary for the purpose of achieving the maximum coverage and service for those covered by the various hospital-surgical-medical-drug-dental-vision-hearing aid plans for the money spent for such protection and improving the quality, and cost-effectiveness of the health care plans. In the performance of its duties, this Committee shall consult and advise with representatives of organizations providing the health insurance benefits and services and keep the parties to the Collective Bargaining Agreement informed with respect to the problems which arise in the operation of the Program. The Committee shall also undertake the functions that are set forth for it in Exhibit III and in Sections II, IX, XI, XIII and XIV of Exhibit VI. The decisions made by this Company-Union Committee will be made by mutual agreement.

Section 13. Claim Denials

- (i) An enrollee seeking payment from a carrier directly or indirectly will be furnished the specific reason or reasons for denial of a claim with reference to the applicable provisions of the H-S-M-D-D-V Program and an explanation of additional information required from, or on behalf of, the person for reconsideration of the claim in accordance with the carrier's claim review procedure. Claims and appeals with respect to benefits under the **National PPO and Blue Preferred Plus PPO Plans**, or with respect to an enrollee's rights under the **National PPO and Blue Preferred Plus PPO Plans**, shall be adminis-

tered in accordance with the **National PPO and Blue Preferred Plus PPO** Plans' claims and appeals procedures. The **National PPO and Blue Preferred Plus PPO** Plans' claims and appeals procedures shall be administered as described in the Administrative Manual dated March 2001 to be updated by mutual agreement of the parties during the **first year of the** term of this Agreement.

- (ii) After review of an appeal, benefits under this Program will be paid only if the Plan Administrator or its designee decides in its discretion that the enrollee is entitled to them.
- (iii) No legal action may be brought by an enrollee, dependent, beneficiary or the estate or legal representative thereof for entitlement to benefits under this Program, until after the claims and appeals procedures of this Program (exclusive of the voluntary appeal procedure described in Section IX(c), Exhibit 2) have been exhausted and, no later than two (2) years after such claim has accrued, unless a different period of limitation is specifically provided under ERISA, in which case such period of limitation would apply. No other actions may be brought against the Program at all more than six (6) months after such claim has accrued.

Section 14. Miscellaneous Requirements Under OBRA 93

Subject to the provisions of the H-S-M-D-D-V Program and to the extent required by applicable law:

- (i) payments or contributions for coverages made with respect to an enrollee will be made in accordance with any assignment of rights made by or on behalf of such enrollee as required by a State plan for medical assistance approved under the applicable provisions of the Federal Social Security Act;
- (ii) when enrolling an individual or determining or making payment for coverages with respect to such individual, the Program will not take into account the fact that such individual is eligible for or is provided assistance under a State plan for medical assistance

approved under the applicable provisions of the Federal Social Security Act; and

- (iii) in any case where the Program is legally liable for payment for items constituting medical assistance which have been paid for by a State plan approved under the applicable provisions of the Federal Social Security Act, the Program will make payment for such medical assistance in accordance with the applicable provisions of OBRA 93.

Section 15. Standard of Review

The Plan Administrator or its designee shall have full power and authority to administer the H-S-M-D-D-V Program and to interpret its provisions including, but not limited to, discretionary authority to determine eligibility for and entitlement to Program benefits, and any final decisions shall be subject only to an arbitrary and capricious standard of review.

Section 16. New Hire Coverage

Notwithstanding any other provisions of the H-S-M-D-D-V Program, an employee shall become eligible to subscribe in any H-S-M-D-D-V-H coverages provided in Section 1 above, or HMO and PPO coverages as provided in Section 2 above, effective on the first day of the calendar month next following the month in which the employee is actively at work after acquiring seven (7) months of seniority ("Initial Eligibility Date").

Section 17.

Notwithstanding anything to the contrary contained in this Program, with respect to retirees, future retirees and surviving spouses whose eligibility is based upon former UAW-represented employment, the terms and conditions of the Program are modified as set forth by the provisions of the settlement agreement, dated February 13, 2006 and approved in the class action of Int'l Union, UAW, et. al. v. Ford Motor Company, Case No. 05-74730 ("the Hardwick Case").

EXHIBIT I**DENTAL EXPENSE BENEFITS PROGRAM****I. Enrollment Classifications; Carriers**

Dental expense benefits coverage for an eligible employee, retired employee or surviving spouse shall include coverage for eligible dependents as defined for hospital-surgical-medical-drug coverage. The dental expense benefits shall be those provided herein under arrangements made with Blue Cross and Blue Shield of Michigan or other carrier(s) mutually agreed upon by the Company and the Union.

II. Description of Benefits

Dental expense benefits will be payable, subject to the conditions herein, if an employee, retired employee, surviving spouse or eligible dependent, while dental expense coverage is in effect with respect to such individual, incurs Covered Dental Expenses.

III. Covered Dental Expenses

Covered dental expenses are the **allowable amounts** which an employee, retired employee or surviving spouse is required to pay **a dentist** for services and supplies which are necessary for treatment of a dental condition, for services and supplies customarily employed for treatment of that condition, and only if rendered in accordance with accepted standards of dental practice. Such expenses shall be only those incurred in connection with the following dental services which are performed, except as otherwise provided in Section VII(B), by a licensed dentist and which are received while insurance is in force.

(A) The following covered dental expenses shall be paid at 100 percent of the **allowable amount**:

- (1) Routine oral examinations and prophylaxis (scaling and cleaning of teeth), but not more than twice each in any calendar year. **Four** cleanings per calendar year will be covered if there is a documented history of periodontal disease.

- (2) Topical application of fluoride, **provided that such treatment is only for enrollees under 15 years of age unless a specific dental condition makes such treatment necessary.**
 - (3) Space maintainers that replace prematurely lost teeth for children under nineteen (19) years of age.
 - (4) Emergency palliative treatment.
 - (5) **Fabrication of fluoride trays and fluoride treatment applications for cancer patients undergoing radiation therapy of the head and neck.**
- (B) The following covered dental expenses shall be paid at 90 percent of the **allowed amount**:
- (1) Dental x-rays, including full mouth x-rays (but not more than once in any period of five (5) consecutive calendar years), supplementary bitewing x-rays (but not more than once in any calendar year **for enrollees age 14 and younger; and once every two years for enrollees age 15 and older**), and such other dental x-rays, including but not limited to those specified in this Section III (B) (1), as are required in connection with diagnosis of a specific condition requiring treatment.
 - (2) Extractions.
 - (3) Oral surgery.
 - (4) Amalgam, silicate, acrylic, synthetic porcelain, and composite filling restorations to restore diseased or accidentally injured teeth.
 - (5) General anesthetics and intravenous sedation when medically necessary and administered in connection with oral or dental surgery.
 - (6) Treatment of periodontal and other diseases of the gums and tissues of the mouth.
 - (7) Endodontic treatment, including root canal therapy.
 - (8) Injection of antibiotic drugs by the attending dentist.
 - (9) Repair or recementing of crowns, inlays, onlays, bridgework or dentures; or relining or rebasing of

dentures more than six (6) months after the installation of an initial or replacement denture, but not more than one relining or rebasing in any period of thirty-six (36) consecutive months.

- (10) Inlays, onlays, gold fillings, or crown restorations to restore diseased or accidentally injured teeth, but only when the tooth, as a result of extensive caries or fracture, cannot be restored with an amalgam, silicate, acrylic, synthetic porcelain, or composite filling restoration.
- (11) Replacement of crowns more than three (3) years after installation of an initial or replacement crown if the crown has been damaged and cannot be made serviceable, or if there is recurrent decay under the existing crown or decay at a crown-to-natural-tooth margin that cannot be repaired by a direct-fill restoration.

(12) Oral brush biopsy up to two (2) times per year per member over the age of 18.

- (C) The following covered dental expenses shall be paid at 50 percent of the **allowable amount**:
 - (1) Initial installation of fixed bridgework (including inlays and crowns as abutments).
 - (2) Initial installation of partial or full removable dentures (including precision attachments and any adjustments during the six (6) month period following installation).
 - (3) Replacement of an existing partial or full removable denture or fixed bridgework by a new denture or by new bridgework, or the addition of teeth to an existing partial removable denture or to bridgework, but only if satisfactory evidence is presented that:
 - (a) The replacement or addition of teeth is required to replace one or more teeth extracted after the existing denture or bridgework was installed; or,
 - (b) The existing denture or bridgework cannot be made serviceable and, if it was installed

under this Dental Expense Benefits Program, at least five (5) years have elapsed prior to its replacement; or

- (c) The existing denture is an immediate temporary denture which cannot be made permanent and replacement by a permanent denture takes place within twelve (12) months from the date of initial installation of the immediate temporary denture. Normally, dentures will be replaced by dentures but if a professionally adequate result can be achieved only with bridgework, such bridgework will be a covered dental expense.
- (4) Orthodontic procedures and treatment (including related oral examinations) consisting of surgical therapy, appliance therapy, and functional/myofunctional therapy (when provided by a dentist in conjunction with appliance therapy) for covered persons under nineteen (19) years of age, provided, however, that benefits will be paid after attainment of age nineteen (19) for continuous treatment which began prior to such age.

IV. Maximum Benefit

The Dental Expense Benefits Program plan year shall be a calendar year (from January 1 through December 31). The maximum benefit payable for all covered dental expenses incurred during any Dental Expense Benefits Program plan year (except for services described in Section III(C) (4) above) shall be \$1,600 effective January 1, 2003 and \$1,700 effective January 1, 2005 **and \$1,850 effective January 1, 2008** for each individual.

For covered dental expenses in connection with orthodontics described in Section III(C)(4) above, the maximum benefit payable shall be \$1,800 effective January 1, 2003, \$2,000 effective January 1, 2005 **and \$2,200 effective January 1, 2008** during the lifetime of each individual, with a maximum of \$1,800 applicable to covered dental expenses for services provided prior to January 1, 2005 **and a maximum of \$2,000 applicable to covered dental expenses for services provided prior to January 1, 2008.**

Effective January 1, 1997, payments for covered dental services related to the repair of accidental injury to sound natural teeth due to a sudden unexpected impact from outside the mouth will not count against the annual benefit limit or the lifetime orthodontic limit. Regular copayments will be required for all such services.

V. Predetermination of Benefits

If a course of treatment can reasonably be expected to involve Covered Dental Expenses of \$200 or more, a description of the procedures to be performed and an estimate of the dentist's charges must be filed with the carrier prior to the commencement of the course of treatment.

The carrier will notify the employee and the dentist of the benefits certified as payable based upon such course of treatment. In determining the amount of benefits payable, consideration will be given to alternate procedures, services, or courses of treatment that may be performed for the dental condition concerned in order to accomplish the desired result. The amount included as certified dental expenses will be the appropriate amount as provided in Sections III and IV, determined in accordance with the limitations set forth in Section VI.

If a description of the procedures to be performed and an estimate of the dentist's charges are not submitted in advance, the carrier reserves the right to make a determination of benefits payable taking into account alternate procedures, services or courses of treatment, based on accepted standards of dental practice. To the extent verification of Covered Dental Expenses cannot reasonably be made by the carrier, the benefits for the course of treatment may be for a lesser amount than would otherwise have been payable.

This predetermination requirement will not apply to courses of treatment under \$200 or to emergency treatment, routine oral examinations, x-rays, prophylaxis and fluoride treatments.

VI. Limitations

(A) Restorative:

- (1) Gold, baked porcelain restorations, crowns and jackets.

If a tooth can be restored with a material such as amalgam, payment of the applicable percentage of the charge for that procedure will be made toward the charge for another type of restoration selected by the patient and the dentist. The balance of the treatment charge remains the responsibility of the patient.

- (2) Reconstruction.

Payment based on the applicable percentage will be made toward the cost of procedures necessary to eliminate oral disease and to replace missing teeth. Appliances or restorations necessary to increase vertical dimension or restore the occlusion are considered optional and their cost remains the responsibility of the patient.

(B) Prosthodontics:

- (1) Partial Dentures.

If a cast chrome or acrylic partial denture will restore the dental arch satisfactorily, payment of the applicable percentage of the cost of such procedure will be made toward a more elaborate or precision appliance that patient and dentist may choose to use, and the balance of the cost remains the responsibility of the patient.

- (2) Complete Dentures.

If, in the provision of complete denture services, the patient and dentist decide on personalized restorations or specialized techniques as opposed to standard procedures, payment of the applicable percentage of the cost of the standard denture services will be made toward such treatment and the balance of the cost remains the responsibility of the patient.

- (3) Replacement of Existing Dentures.

Replacement of an existing denture will be a covered dental expense only if the existing den-

ture is unserviceable and cannot be made serviceable. Payment based on the applicable percentage will be made toward the cost of services which are necessary to render such appliances serviceable. Replacement of prosthodontic appliances will be a covered dental expense only if at least five (5) years have elapsed since the date of the initial installation of that appliance under this Dental Expense Benefits Program, except as provided in Section III(C)(3) above.

(C) Orthodontics:

- (1) If orthodontic treatment is terminated for any reason before completion, the obligation to pay benefits will cease with payment to the date of termination. If such services are resumed, benefits for the services, to the extent remaining, shall be resumed.
- (2) The benefit payment for orthodontic services shall be only for months that coverage is in force.

VII. Exclusions

Covered dental expenses do not include and no benefits are payable for:

- (A) Charges for services for which benefits are otherwise provided for surgical, medical, and prescription drug coverage.
- (B) Charges for treatment by other than a dentist, except that scaling or cleaning of teeth and topical application of fluoride may be performed by a licensed dental hygienist if the treatment is rendered under the supervision and guidance of the dentist.
- (C) Charges for veneers or similar properties of crowns and pontics placed on or replacing teeth, other than the ten upper and lower anterior teeth.
- (D) Charges for services or supplies that are cosmetic in nature, including charges for personalization or characterization of dentures.

- (E) Charges for prosthetic devices (including bridges), crowns, inlays and onlays and the fitting thereof which were ordered while the individual was not insured for dental expense benefits or which were ordered while the individual was insured for dental expense benefits but are finally installed or delivered to such individual more than sixty (60) days after termination of coverage.
- (F) Charges for the replacement of a lost, missing, or stolen prosthetic device.
- (G) Charges for failure to keep a scheduled visit with the dentist.
- (H) Charges for replacement or repair of an orthodontic appliance.
- (I) Charges for services or supplies which are compensable under a Workers' Compensation or Employer's Liability Law.
- (J) Charges for services rendered through a medical department, clinic, or similar facility provided or maintained by the patient's employer.
- (K) Charges for services or supplies for which no charge is made that the patient is legally obligated to pay or for which no charge would be made in the absence of dental expense coverage.
- (L) Charges for services or supplies which are not necessary, according to accepted standards of dental practice, or which are not recommended or approved by the attending dentist.
- (M) Charges for services or supplies which do not meet accepted standards of dental practice, including charges for services or supplies which are experimental in nature.
- (N) Charges for services or supplies received as a result of dental disease, defect or injury due to an act of war, declared or undeclared.
- (O) Charges for services or supplies from any governmental agency which are obtained by the individual without cost by compliance with laws or regulations enacted by any federal, state, municipal or other governmental body.

- (P) Charges for any duplicate prosthetic device or any other duplicate appliance.
- (Q) Charges for any services to the extent for which benefits are payable under any health care program supported in whole or in part by funds of the federal government or any state or political subdivision thereof.
- (R) Charges for the completion of any insurance forms.
- (S) Charges for sealants and for oral hygiene and dietary instruction.
- (T) Charges for a plaque control program.
- (U) Charges for implantology.
- (V) Charges for services or supplies related to periodontal splinting.

VIII. **Coordination of Benefits**

The carrier shall follow the same procedures with respect to coordination of dental expense benefits as are provided under the H-S-M-D-D-V Program for coordination of hospital-surgical-medical-drug benefits, except that other dental expense benefits will be coordinated only if provided by either a group dental benefit plan or by a comprehensive medical plan providing dental benefits, to which, in either case, an employer contributes at least 50 percent of the cost.

IX. **Subrogation**

In the event of any payment for dental expense benefits, the carrier **or Ford's designated subrogation vendor** shall be subrogated to all the individual's rights of recovery against any person or organization except against insurers on policies of insurance issued to and in the name of the individual, and the individual shall execute and deliver such instruments and papers and do whatever else is necessary to secure such rights.

X. **Proof of Loss**

The carrier reserves the right at its discretion to accept, or to require verification of, any alleged fact or assertion pertaining to any claim for dental expense benefits. As part of the basis for determining benefits payable, the

carrier may require x-rays and other appropriate diagnostic and evaluative materials.

XI. **Administrative Manual**

Policies, procedures and interpretations to be used in administering dental expense benefits negotiated by the Company and the Union shall be incorporated in an Administrative Manual. Among other things the Manual shall:

- (A) Explain the benefits and the rules and regulations governing their payment.
- (B) Include administrative practices and interpretations which affect benefits.
- (C) Define professionally recognized standards of practice to be applied to benefits and procedures.
- (D) List the eligibility provisions and limitations and exclusions of the coverage, and procedures for status changes and termination of coverage.
- (E) Provide the basis upon which charges will be paid, including provisions for the benefit payment mechanism and protection of individuals against excess charges.
- (F) Provide for cost and quality controls by means of predetermination of procedures and charges, utilization and peer review, clinical post-treatment evaluation and case reviews involving individual consideration of fees or treatment.

(G) Provide definition of terms.

XII. **Alternative Plans**

The Company will make arrangements for employees to be afforded the option to subscribe for dental expense coverage under alternative plans approved and qualified by mutual agreement of the Company and the Union, instead of dental expense coverage hereunder. An employee who has retired from an area in which the coverage described in this Section XII is made available to employees shall be given the option to subscribe to the alternative plan in that area instead of dental expense coverage hereunder; provided, however, that the

Company's contributions toward coverage under such alternative plan shall not be greater than the amount the Company would have contributed for dental expense coverage hereunder.

XIII. Definitions

The term "dentist" means a legally licensed dentist practicing within the scope of his/her license. As used herein, the term "dentist" also includes a legally licensed physician authorized by his/her license to perform the particular dental services rendered.

Carriers reimbursement methodology is based on the maximum payment (allowed amount).

The term "**maximum payment (allowed amount)**" means the lower of the provider's charge or the BCBSM maximum payment for a covered service.

The term "area" means a metropolitan area, a county or such greater area as is necessary to obtain a representative cross section of dentists rendering such services or furnishing such supplies.

The term "course of treatment" means a planned program of one or more services or supplies, whether rendered by one or more dentists, for the treatment of a dental condition diagnosed by the attending dentist as a result of an oral examination. The course of treatment commences on the date a dentist first renders a service to correct or treat such diagnosed dental condition.

The term "orthodontic treatment" means preventive and corrective treatment of all those dental irregularities which result from the anomalous growth and development of dentition and its related anatomic structures or as a result of accidental injury and which require repositioning (except for preventive treatment) of teeth to establish normal occlusion.

The term "ordered" means, in the case of dentures, that impressions have been taken from which the denture will be prepared; and, in the case of fixed bridgework, restorative crowns, inlays and onlays, that the teeth which will serve as abutments or support or which are being restored have been fully prepared to receive, and

impressions have been taken from which will be prepared the bridgework, crowns, inlays or onlays.

XIV. Data

The carrier annually shall furnish the Company and the Union such information and data as may be mutually agreed upon by the parties with respect to dental expense coverage.

EXHIBIT II

UNDERSTANDINGS WITH RESPECT TO THE CONTROL PLAN

I. Master Group Operating Agreement

By signed agreement between the Company and Blue Cross and Blue Shield of Michigan (or another carrier), the latter is designated the Control Plan. The Control Plan shall accept the responsibility for assuring that the hospital-surgical-medical-drug and hearing aid expense benefits negotiated by the Company and the Union are provided and to this end shall accept responsibility for the implementation and overall administration in those areas designated in II below.

II. Areas in Which Coverage Shall be Provided

Hospital, surgical, medical, drug and/or hearing aid expense benefits shall be provided under the Control Plan for all employees subscribing for coverage under the Collective Bargaining Agreement except in those areas in which such coverages are provided by another carrier.

III. Administration

It is the intent and expectation that all local Blue Cross and Blue Shield Plans serving the areas described in II above will underwrite (assume the risk) and/or service (process claims) the benefits as negotiated by the Company and the Union in their respective geographical areas if such plans enter into a formal participation agreement with the Control Plan.

If a plan is unable or unwilling to underwrite any or all of the benefits and/or services negotiated by the Company and the Union, supplementary or replacement benefits shall be provided through another carrier by mutual agreement of the Company and Union.

If a local plan does not underwrite and/or service the specified benefits as required by the Control Plan, the Control Plan shall, unless the parties mutually agree otherwise:

- Underwrite the specified benefits with the servicing being handled by the local plan, or
- Underwrite those portions of the specified benefits not underwritten by the local plan with the servicing being handled by the local plan, or
- Underwrite and/or service the benefits in a plan area if the local plan does not participate in any capacity, or
- Arrange for another local plan in the region to underwrite and/or service the specified benefits, or
- Underwrite the specified benefits with the servicing being handled by another local plan in the region.

It is also the intent and expectation that the Control Plan and local plans shall carry out their respective obligations as set forth in Exhibit III.

IV. Administrative Manual

(A) Contents

An Administrative Manual developed by Blue Cross and Blue Shield of Michigan, and approved by the parties, for use by all participating plans shall be brought up to date as necessary so as to describe the benefits specified in the Collective Bargaining Agreement. Among other items, the Manual should:

- (1) Explain the benefits and the regulations governing their payment.
- (2) Include the standardized administrative practices and interpretations which affect benefits.

- (3) List the limitations and exclusions of the coverage.
- (4) Define all those terms related to the programs provided (such as facility, physicians, etc.).
- (5) Describe procedures for status changes and terminations.
- (6) Define the data to be provided with respect to operations of the Program.

(B) **Amendment**

The Control Plan may amend its administrative practices and interpretations as established in its Administrative Manual in order to better facilitate the implementation of the benefits. If, in the judgment of either the Company or the Union, such changes in administrative practices and interpretations materially affect the benefits in the Program, the mutual consent of the parties is required.

(C) **Interpretation**

At the request of the Union, the Company, a participating local Blue Cross or Blue Shield Plan or **another carrier**, the Control Plan shall provide written replies to questions regarding the interpretation of the Administrative Manual.

V. **Data**

The Control Plan and **any other carrier(s)** annually shall furnish the Company and the Union such information and data as may be mutually agreed upon by the parties with respect to hospital-surgical-medical-drug coverages provided under the H-S-M-D-D-V Program, **to the extent permitted by HIPAA.**

VI. **Performance**

The Control Plan shall be responsible to ensure that participating plans provide the scope and level of benefits negotiated by the Company and the Union and as further specified in the Administrative Manual. The Control Plan, with such assistance from the national Blue Cross and Blue Shield organizations as may be appropri-

ate may, in exercising its responsibilities, audit local plans to determine if they are providing the specified level of benefits.

VII. Relationships to Providers of Service and Participation in Community Health Planning

It is expected that the Control Plan, the participating plans and **any other carrier(s)** will maintain continuing and close relationships with the providers of health services and will actively participate in comprehensive community health planning.

VIII. Miscellaneous Administrative Understandings

(A) The Company-Union Committee will request the Control Plan and **its** participating plans (to be requested by the Control Plan), and/or any other carrier(s) as determined by the Company-Union Committee, to:

- Designate a person or persons whom individuals, Union and Management representatives may contact regarding the status of individual claims or individual employee problems. Plans will be requested to keep the Union and Management representatives advised of the name of the person(s) to whom such inquiries should be made.
- Develop a periodic follow-up procedure for claim inquiries and advise the party making the inquiry of the status of the plan's investigation regarding specific claims.
- Submit written replies upon request of individuals, including Company or Union representatives, regarding inquiries concerning denied or disputed claims.

- (B) The Control Plan, or any other carrier(s) as determined by the Company-Union Committee, will administer the claims and appeals procedures as set forth in Section 13 and 15, to resolve appealed claims involving an interpretation of the scope or level of hospital-surgical-medical-drug-dental-vision-hearing aid benefits negotiated by the Company and the Union.
- (C) After the claims and appeals procedures of the Program have been exhausted, enrollees in the **National PPO and Blue Preferred Plus PPO** Plans are afforded a means by which they can file a voluntary appeal with Ford Motor Company. The Program's voluntary appeals procedures for claims under the **National PPO and Blue Preferred PPO** Plans will be administered as set forth in the Plan's Summary Plan Description to be updated during the term of this Agreement.

EXHIBIT III**UTILIZATION REVIEW AND
COST CONTAINMENT****I. Utilization Review**

All carriers shall implement and maintain processes for predetermination, concurrent utilization review, retrospective and focused utilization review and case management of coverages provided under Section 1 of the H-S-M-D-D-V Program, consistent with the criteria set forth below and in the Administrative Manual. The Control Plan shall have responsibility for assuring that plans have such processes in their respective plan areas. The Company and the Union may agree to modify, terminate or not implement such processes, in whole or in part, in any area(s) where the processes are found not to be cost effective. In addition, by mutual agreement of the Company and the Union, other programs may be substituted for or added to the processes detailed below.

(A) Predetermination

- (1) Predetermination is the process by which the necessity for a given health care service, appropriateness of the service and/or the proposed setting for the service is reviewed and approved by a carrier before the performance of such service. The review and approval are performed by qualified health care professionals employed or retained by the carriers or their contracted facilities, using accepted standards to examine pertinent medical documentation.
- (2) Carriers shall provide predetermination for services under Subsections (i), (ii) and (iii) below;
 - (i) All hospital admissions except maternity and emergency (emergency admissions are to be reported to and reviewed by the carriers within twenty-four (24) hours after inpatient admission);

- (ii) When associated with certain diagnoses or prescribed for certain medical conditions determined by retrospective utilization review to be subject to overutilization and amenable to control by predetermination:
 - (a) Any nonemergency, outpatient medical or surgical procedures performed in a facility or a physician's office;
 - (b) All ancillary services provided in inpatient and outpatient settings (including home health care); and
 - (c) All medical equipment, prosthetic and/or orthotic devices;
- (iii) All **skilled** nursing home admissions.

All covered services listed above shall be referred to the carriers for predetermination according to standards and procedures to be developed and inserted in the Administrative Manual. The carriers may focus their review by diagnosis, treatment plan, and/or individual patient characteristics. As appropriate, carriers shall recommend outpatient or office settings for selected procedures and diagnostic tests and use discharge planning to facilitate transfer to more cost-effective settings. The carriers may also recommend alternative treatment plans as appropriate.

The predetermination of inpatient care shall include the designation of appropriate lengths of stay **and appropriateness of setting**, based on diagnosis, patient characteristics, and/or appropriate practice patterns. An appeal process for individual cases will be available for use as needed. The carriers will provide to the Company and the Union such data and reports on the performance of the predetermination program as may be requested.

- (3) The carriers shall establish and maintain a telephone service and other appropriate communication methods to provide accurate information to enrollees and providers regarding the program procedures and requirements. Such communications will specify the responsibilities of providers and enrollees in obtaining necessary predetermi-

nation. Such communications will include forms and letters, as appropriate, to indicate confirmation and nonconfirmation and will be provided to physicians, facilities, and enrollees by the carriers. All such communications will be designed to assist providers and enrollees to secure the required predetermination.

Identification cards furnished to enrollees by the carriers shall contain toll-free telephone numbers for obtaining predetermination information or other required approvals of services.

- (4) The carriers shall provide timely written notification of any actions taken with respect to the predetermination process. Such notification will be mailed to the provider and the enrollee within twenty-four (24) hours following receipt by the carrier of oral or written request for predetermination.
- (5) An appeal procedure will be available and will be administered as set forth in Sections 13 and 15 of the H-S-M-D-D-V Program.
- (6) Benefits for inpatient hospital services which require predetermination, when provided without obtaining necessary predetermination approvals, will be payable at 80 percent of **the maximum payment** after the first \$100 of expense for such services. The reimbursement to providers will be reduced to reflect any waiver or forgiveness by a provider of the \$100 or remaining 20 percent.

Under this Subsection, the 80 percent limitation on payment for **the maximum payment** and the requirement that payment be made for the first \$100 of covered expenses shall not be applicable (i) to an individual enrollee who has incurred a personal expense of \$750 for such covered services in a calendar year or (ii) to the covered members of the enrollee's family, if any, after the enrollee and such members have incurred a total of \$1,500 in personal expense for such covered services in the same calendar year.

- (7) A procedure will be available for carriers to hold the enrollee harmless for errors of commission or omission involving the predetermination process over which the enrollee has no control. This procedure shall be published in the Administrative Manual. The carriers shall require participating providers to hold the enrollee harmless from the provider's errors of commission or omission involving the predetermination process.
- (8) The carriers shall monitor for and identify providers who have a pattern of inappropriately prescribing services. The carriers shall provide selective screening of such identified providers. The carriers also shall provide screening for diagnoses identified as being subject to such inappropriate practices.

(B) Concurrent Utilization Review

- (1) Concurrent utilization review is the process by which the continued need for inpatient treatment is reviewed while the patient is receiving inpatient care. Determination of the need for continuation of such treatment is performed by qualified health care professionals employed or retained by the carriers, using accepted standards to review pertinent medical documentation.
- (2) The carriers shall provide a process of concurrent utilization review to supplement the predetermination process. Through this process of concurrent utilization review, the carriers shall identify providers who utilize services inappropriately and develop educational and/or corrective action programs for these providers.

(C) Retrospective and Focused Utilization Review

- (1) Retrospective utilization review is the process by which the necessity, appropriateness and setting of a given health care service is reviewed following the performance of the service. The review is performed by qualified health care professionals employed or retained by the carriers, using

accepted standards to examine pertinent medical documentation.

- (2) Focused utilization review is the process by which intensive review of certain providers (professionals and facilities) and/or diagnoses is conducted in cases where such providers and/or diagnoses have been identified as warranting such review. The review is performed by qualified health care professionals employed or retained by the carriers, to audit the necessity of a given health care service, appropriateness of the service, the setting of the service, the quality of care rendered, and the financial accuracy of claims submitted for reimbursement related to such services.
- (3) The carriers shall develop a program to conduct ongoing retrospective review which will include audits of claims for medical necessity, appropriateness of services provided, treatment setting, quality of care, and financial accuracy. At the option of the carriers, this review can focus on specific diagnoses and/or providers identified as warranting such focused review.

Such review may occur post-payment; however, the carriers should develop and implement a plan for making this review, where practicable, prepayment (or presettlement with respect to providers paid on a prospective basis).

(D) Case Management

- (1) Case management is a process to identify potential high cost cases and to develop alternative treatment plans for such cases where appropriate. It focuses on those whose care could be maintained, improved or prolonged by more effective use of existing Program provisions or, in appropriate cases, through alternative treatment plans designed to provide care in a more cost-effective manner while maintaining or improving the quality of care.
- (2) Participation of an enrollee and/or a provider in the case management process is voluntary. Pro-

- vider and enrollee educational programs will be offered to assist the enrollee and the provider in deciding on whether or not to participate.
- (3) The Control Plan will continue the case management program.
 - (4) Minimum components of the case management program are:
 - (a) Use of qualified case management coordinators employed or retained by the carriers;
 - (b) Establishment of a physician advisory committee as consultants to the coordinators;
 - (c) Use of criteria to identify the potential high cost cases early upon diagnosis or hospitalization;
 - (d) Establishment of a procedure for development of alternative treatment plans; and
 - (e) Establishment of a procedure to waive utilization control requirements and/or coverage requirements.
 - (5) Services recommended by the case management coordinator will be covered as long as the total alternate treatment plan is designed to be less expensive than the original treatment plan which otherwise would have been followed. Coverage of the alternate treatment plan services will cease at such time as the total amount of benefits paid for such services equals the total amount of benefits which otherwise would be payable in the original treatment plan. If the severity of the patient's condition improves or worsens, the treatment plan can be reviewed and modified by the case management coordinator.
- (E) The carriers will provide to the Company and the Union such data and reports as may be requested to determine the effectiveness of the processes of predetermination, concurrent utilization review, retrospective and focused utilization review and case management.

Those enrolled in Medicare will not be subject to the predetermination and review procedures as set forth herein.

II. Annual Cost Containment Reports

Each H-S-M-D-D-V carrier shall be required to report annually on its cost containment efforts for the preceding year, including but not limited to (a) a description of its cost containment activities, (b) the results/savings, (c) problems, and (d) plans for the next year.

The Control Plan shall prepare an evaluation of local Blue Cross-Blue Shield cost containment efforts and shall highlight particularly successful approaches and areas of less than desirable performance (in the latter instance, including the reasons therefore).

The report shall cover the preceding calendar year and shall be submitted to the Company-Union Committee by May 15 each year. The Company-Union Committee may specify the content or format for such reports.

III. Pilot Programs

The Company-Union Committee shall continue current pilot programs, explore their possible expansion and develop new programs to provide quality care in a cost effective manner. By mutual agreement of the parties, maximum allowable cost prescription drug programs offering provisions as in the Michigan Program will be offered by all carriers as soon as practicable. All enrollees except those in alternative plans provided under Section 2 of the H-S-M-D-D-V Program will be eligible.

IV. Other Activities

The Company-Union Committee shall investigate, consider and, upon mutual agreement, engage in other activities that may have high potential for cost savings. This may involve instituting by mutual agreement other hospital, surgical, medical, drug, dental, vision and substance abuse pilot programs.

The parties agree that PPO options providing health care coverages may be made available upon mutual agreement of the Company and Union.

The Company-Union Committee also shall: develop and implement a procedure for reviewing and adding and/or deleting on an ongoing basis durable medical equipment and prosthetic and orthotic devices, and maintenance legend drugs; and review the experience of the use of "par" and/or contracted provider networks and provisions applicable to reimbursement for physician and other medical providers, and make a determination (based on data supplied by the carriers and other resources) as to whether the provisions are a barrier to delivery of quality and cost-effective care.

V. Review

The results of any pilot programs and activities in III and IV, above, will be reviewed prior to the expiration of the Collective Bargaining Agreement so that the parties to the agreement may be prepared to consider the continuation or modification of the pilot programs and other activities of the Company-Union Committee.

XI. **Cost and Quality Controls**

The Program carrier(s) will each undertake the following review procedures and mechanisms and report annually to the Company-Union Committee:

(A) **Utilization Review**

Analysis of various reports displaying such data as provider/patient profiles, procedure profiles, utilization profiles and covered vision expense benefits payments summaries to:

- (1) evaluate the patterns of utilization, cost trends and quality of care;
- (2) establish guidelines and norms with respect to profiles of practice in order to identify providers with either a high or low percentage of prescriptions issued in relation to the number of covered persons examined or other departures from the guidelines; and
- (3) establish the percentage of covered vision expense benefits payments that are paid to participating providers.

(B) **Price Reviews**

On a random or selective basis, covered persons who have received services under the Program will be selected for subsequent evaluation and examination by consulting providers to ensure that the services reported were actually provided and were performed in accordance with accepted professional standards. Such evaluations may include (1) re-examinations to determine the accuracy of the prescription, (2) the quality of lenses and frames, (3) whether the vision testing examinations administered by providers are as comprehensive as contemplated by Section III(K)(1) and (4) other aspects of the services provided.

(D) Survey of Services Received

On a random or selective basis, covered persons who have received services under the Program may be sent a questionnaire to:

- (2) determine whether services for which vision expense benefits were paid were actually received; and
- (3) determine whether providers recommend unnecessary optional services or supplies; and
- (4) identify other problem areas.

(E) Claims Processing

The Program carrier(s) may conduct audits of claims being processed such as an analysis of patient histories and screening for duplicate payments in addition to the normal eligibility, benefit and charge verifications.

(F) Peer Review

When the Program carrier or a covered person does not agree with the appropriateness of a charge or service provided under the Program, an appeal procedure involving peer review may be utilized. Peer review may also be used to resolve situations involving providers with aberrant utilization patterns. The

Program carrier(s) will seek to establish peer review where it does not exist.

XII. Alternative Plans

The Company and the Union by mutual agreement will make arrangements for eligible employees, retired employees and certain surviving spouses, to be afforded the option to subscribe for vision expense coverage under approved and qualified alternative plans, instead of vision expense coverage hereunder; provided, however, that the Company's contributions toward coverage under such plans shall not be greater than the amount the Company would have contributed for vision expense coverage hereunder.

Hearing aid expense benefits coverage for an eligible employee, retired employee or surviving spouse shall include coverage for eligible dependents as they are defined for hospital-surgical-medical-drug expense coverage.

II. Description of Benefits

Hearing aid expense benefits will be payable, subject to the conditions herein, if any covered person, as defined in Section III (K), while hearing aid expense coverage is in effect with respect to such covered person, incurs covered hearing aid expense.

III. Definitions

As used herein:

(A) "physician" means a participating otologist, otolaryngologist or otorhinolaryngologist who is board certified or eligible for certification in his/her specialty in compliance with standards established by the respective professional sanctioning body, who is a licensed doctor of medicine or osteopathy legally qualified to practice medicine and who, within the scope of his/her license, performs a medical examination of the ear and determines whether the patient has a loss of hearing acuity and whether the loss can be compensated for by a hearing aid.

(B) "audiologist" means any participating person who (1) possesses a master's or doctorate degree in audiology or speech pathology from an accredited university, (2) possesses a Certificate of Clinical Competence in Audiology from the American Speech-Language-Hearing Association and (3) is qualified in the state in which the service is provided to conduct an audiometric examination and hearing aid evaluation test for the purposes of measuring hearing acuity and determining and prescribing the

type of hearing aid that would best improve the covered person's loss of hearing acuity. Where a physician performs the foregoing services he/she shall be deemed an audiologist for purposes of this Program;

- (C) "dealer" means any participating person or organization that sells hearing aids prescribed by a physician or audiologist to improve hearing acuity in compliance with the laws or regulations governing such sales, if any, of the state in which the hearing aids are sold;

- (I) "audiometric examination" means a procedure for measuring hearing acuity that includes tests relating to air conduction, bone conduction, speech reception threshold and speech discrimination;
- (J) "hearing aid evaluation test" means a series of subjective and objective tests by which a physician or audiologist determines which make and model of hearing aid will best compensate for the covered person's loss of hearing acuity and which make and model will therefore be prescribed, and shall include one visit by the covered person subsequent to obtaining the hearing aid for an evaluation of its performance and a determination of its conformity to the prescription;

- (K) “covered person” means the eligible employee, retired employee, eligible surviving spouse and their eligible dependents;
- (L) “dispensing fee” means a fee predetermined by the Program carrier to be paid to a dealer for dispensing hearing aids, including the cost of providing ear molds, under this Program;

- (a) audiometric examination performed by a physician or audiologist, but, for the initial hearing aid payable under this Section or for any hearing aid for a person under age 18, only when performed following or in conjunction with the most recent medical examination of the ear by a physician (but not including the medical examination of the ear);
 - (b) hearing aid evaluation test performed by a physician or audiologist, which may include the trial and testing of various makes and models of hearing aids to determine which make and model will best compensate for the loss of hearing acuity but only when indicated by the most recent audiometric examination;
 - (c) hearing aids **and ear molds must be** prescribed based upon the most recent audiometric examination and most recent hearing aid evaluation test and the hearing aid provided by the dealer **must be** the make and model prescribed by the physician or audiologist and **must be** certified as such by the physician or audiologist.

In order for the charges for services and supplies described in Section III (M)(b) and (c) to be payable

as hearing aid expense benefits under this Program, upon each occasion that a covered person receives such services and supplies the covered person must have an audiometric examination and obtain a medical examination of the ear by a physician, and such medical examination and audiometric examination must result in a determination that a hearing aid would compensate for the loss of hearing acuity.

The maximum covered hearing aid expense (\$**139** effective October 1, 2007) for a hearing aid evaluation test shall be adjusted on October 1 of each year, beginning in 2008, by the percentage increase as of the July levels in the U.S. Consumer Price Index (as defined in Article IX, Section 4(b) of the Collective Bargaining Agreement) for the immediately preceding twelve months. The result will be rounded to the nearest dollar.

(N) "acquisition cost" means the actual cost to the dealer of the hearing aid.

IV. **Benefits**

The covered person may obtain audiometric examinations, hearing aid evaluation tests and hearing aids that the provider shall have agreed to furnish covered persons in accordance with the following reimbursement arrangements:

- (A) for an audiometric examination, the **lesser of billed charge or the carrier allowed amount for audiometric examinations performed by a physician or audiologist, but only when performed in conjunction with the most recent medical examination of the ear by a physician;**
- (B) for hearing aid evaluation tests, the **lesser of billed charge or the carrier allowed amount,** but not to exceed \$122 effective October 1, 2003 **or \$139 effective October 1, 2007** or such adjusted amount as provided in Section III (M);

- (C) (i) for covered hearing aids, the acquisition cost, **and effective January 1, 2004, digital programmable hearing-aids are covered up to a maximum of \$900 and within plan limitations;**
- (ii) for hearing aids **(for enrollees under the age of 18, a medical examination is required each time a hearing aid is covered)**, the dispensing fees; and
- (iii) for replacement ear molds for children up to age seven (7), the **maximum payment.**
- (D) Effective January 1, 2008, for hearing aids and ear molds, an allowance of up to \$2,000 every three years (3) for the acquisition cost and dispensing fee to purchase hearing aids and ear molds (as applicable), plus replacements, adjustments and repairs (as required).**

If the covered person requests unusual services from the provider, the covered person shall pay the full additional charge therefore.

V. Limitations

Frequency: If a covered person has received an audiometric examination, a hearing aid evaluation test or a hearing aid for which benefits were payable under the Program, benefits will be payable for such subsequent audiometric examination, hearing aid evaluation test or hearing aid only if received more than thirty-six (36) months after receipt of the most recent previous audiometric examination, hearing aid evaluation test and hearing aid, respectively, for which benefits were payable under the Program.

Not more than four (4) replacement ear molds are covered annually for children up to age three (3), and not more than two (2) are covered for children ages three (3) to seven (7).

Effective January 1, 2008, only one (1) audiometric examination, one (1) hearing aid evaluation test and one (1) \$2,000 allowance for hearing aids/ear molds will be provided for an individual enrollee in a three (3) year period.

VI. Exclusions

Covered hearing aid expense does not include and no benefits are payable for:

- (A) Audiometric examinations by an audiologist for any condition other than loss of hearing acuity;**

VII. Coordination of Benefits

Coordination of benefits will be administered under the same provisions applicable to the hospital-surgical-medical-drug expense coverage.

***Effective January 1, 2008, these exclusions only apply to eligible retirees and surviving spouses and their eligible dependents.**

VIII. Subrogation

In the event of any payment for audiometric examinations, hearing aid evaluation tests and hearing aids under this Program, the Program carrier shall be subrogated to all the covered person's rights of recovery against any person or organization, except against insurers on policies of insurance issued to and in the name of the covered person, and the covered person shall execute and deliver such instruments and papers as may be required and do whatever else is necessary to secure such rights.

IX. Administrative Manual

Hearing Aid Expense Benefits Program policies, procedures and interpretations to be used in administering the Program as negotiated by the Company and the Union shall be developed by the Program carrier after review and approval by the Company and the Union.

X. Data

The Program carrier annually shall furnish the Company and the Union such information and data as mutually may be agreed upon by the parties with respect to hearing aid expense coverage.

XI. Cost and Quality Controls

The Program carrier shall undertake appropriate review procedures to assure a high degree of cost and quality control. Where appropriate, such actions may include utilization review, price review, evaluation of services received and peer review.

EXHIBIT VI**UNDERSTANDINGS WITH RESPECT TO THE
H-S-M-D-D-V PROGRAM—GENERAL**

This will confirm our understanding with respect to the following matters under the H-S-M-D-D-V Program incorporated by reference in the Collective Bargaining Agreement.

I. Dental Expense Benefits

In the event arrangements are made pursuant to Section XII of the Dental Expense Benefits Program for an alternative plan approved under Section 2 of the H-S-M-D-D-V Program to offer dental coverage to eligible persons, whether or not enrolled for H-S-M-D coverages through such plan, payment by the Company for such dental coverage on behalf of those who elect such coverage in lieu of dental expense coverage under Section 1 of the H-S-M-D-D-V Program shall be equal to the rate established by the alternative plan for its dental coverage, but not greater than the amount the Company would have contributed for dental expense coverage under Section 1 of the H-S-M-D-D-V Program.

II. Vision Expense Benefits

If an alternative plan referred to in Section 2 of the H-S-M-D-D-V Program decides it is unable to provide its own vision expense benefit, or if the parties determine that an alternative plan's vision expense benefit is not cost effective, the Company and the Union may arrange by mutual agreement for those enrolled therein to be covered, if otherwise eligible, by the Vision Expense Benefits Program referred to in Section 1 of the H-S-M-D-D-V Program or the SVS Vision Plan or other such alternative plans as may be determined by the parties.

III. Departicipating Hospitals

The Company will request Blue Cross and Blue Shield of Michigan in its capacity as Control Plan to assure that each participating Blue Cross Plan institutes the following procedure in the event a hospital departicipates from its Blue Cross Plan after October 18, 1976.

1. A Plan will give adequate notice at the earliest possible date to enrolled employees of a hospital's deparicipation and of the payment arrangements in such a deparicipating situation.
2. For those patients already hospitalized before a hospital deparicipates, full covered benefits will be paid until the end of the hospital stay or until the available days of care are exhausted.
3. For patients admitted during the first thirty (30) days after the initial date of each hospital's deparicipation, full covered benefits will be paid for all admissions to such deparicipated hospital until the end of the hospital stay or until the available days of care are exhausted. For patients admitted after such thirty (30) days, the appropriate nonparticipating hospital rate shall apply, except as provided in 4, below.
4. Upon admission in an emergency (as determined by the Plan) to a hospital that has deparicipated, when the member cannot be safely moved to a participating hospital, the member will be entitled to full covered benefits during the first five (5) days of the hospital stay. After five (5) days from the date of such emergency admission, payment will be at the appropriate nonparticipating hospital rate. If at any time during such an admission the patient is moved to a participating hospital, payment may be made for the reasonable charges for ground ambulance transfer of up to twenty-five (25) miles, upon approval of the attending physician and the Plan. This approval must be based on the physician's medical certification that the transfer will not endanger the patient's health and of Plan certification that the subsequent stay will be of sufficient duration to justify the transfer. If transfer to a participating hospital cannot be arranged, either because such a transfer would endanger the patient's health or because the subsequent stay would not be of sufficient duration to justify transfer, full covered benefits will be paid until the end of such hospital stay or until the available days of care are exhausted.

If such a hospital regains its participating status within six (6) months after departing, the Plan will retroactively make payments for the balance of the hospital's reasonable charges (as determined by the Plan) for covered services for patients admitted during the period of departicipation. The Plan shall arrange that such payments relieve the patients of any further financial obligation with respect to covered services received during the departicipation period, and that any portion of such balance previously paid by the patient shall be refunded.

IV. Nonparticipating Hospital Rate

Blue Cross maximum payment for inpatient charges with respect to nonparticipating general acute care hospitals will be \$230 per day and inpatient ancillary charges at such hospitals will be payable up to a maximum of \$20 per day (a total of \$250 per day).

Payment to nonparticipating hospitals for emergency admissions will be as described in III (4) above for departing hospitals.

Present benefit arrangements shall continue to apply to admissions to nonparticipating hospitals which are not classified as general acute care hospitals.

When services are provided by a non-participating hospital eligible only for limited payment of covered services, payment for outpatient services shall be made up to \$35.00 for each condition towards the hospital's regular charges for covered services, except as otherwise provided for treatment of certain accidental injuries and medical emergencies as set forth below.

Effective October 25, 1999, certain covered emergency services received in the outpatient department of a nonparticipating hospital will be paid at the nonparticipating hospital average rate within the Plan area. To qualify for payment, the claim must be for services related to a medical emergency or a serious bodily injury that requires immediate medical attention to avoid placing the enrollee's life in jeopardy, permanent damage to the enrollee's health or significant impairment of bodily functions. Treatment must be provided at the hospital

immediately following the medical emergency or injury. There can be no assurance that the payment will cover the entire amount billed by the hospital.

V. Transfer of Retired Employees and Surviving Spouses

Retired employees and surviving spouses who (1) have Company-paid hospital-surgical-medical-drug coverages as provided in Section 1 of the H-S-M-D Program or an alternative plan as provided in Section 2 of the Program, and (2) permanently change their residence from the plan area in which they are enrolled for such coverages may transfer their coverages to the plan(s) serving the area in which they reside, provided such plan(s) participates in the Program established in Section 1 of the H-S-M-D Program or, at the option of the retired employee or surviving spouse, to an alternative plan under Section 2 of the H-S-M-D Program, if residing in an area served by such a plan.

Transfers under the preceding paragraph shall become effective the first day of the month following two (2) full months from the date of application for transfer. Two (2) transfers shall be allowed in any calendar year. With respect to transfers into an alternative plan, these arrangements are subject to acceptance by such alternative plan of the retired employee's or surviving spouse's application for enrollment.

Vision and dental coverages will also be transferred at the time of the transfer of the H-S-M-D coverage, for retired employees or surviving spouses who permanently change their residence from the area served by the carrier(s) with whom they are enrolled for such coverages.
